Additional Backup Information

David Levy, on behalf of the Young Men's Business League, submitted a street event application on July 22, 2014 to close various streets described below for the 2015 Silicon Labs Sunshine Run on Sunday, May 3, 2015. The applicant will pay all fees and meet all ordinance requirements prior to obtaining the event permit. No fees will be waived by the City. This event is within Council districts 5, 9, and 10.

Under City Code Section 14-8-3(B)(3) (Restrictions on Issuance of Closure Permit), the Director may not issue a closure permit without Council approval for a right-of-way event if 20 percent or more of the affected persons on any block to be closed or a neighborhood association objects to the closure. This event has received disapproval from a neighborhood association, Old West Austin Neighborhood Association. This objection triggers the need to seek Council approval. If the closure permit is approved by Council, Council's decision will override the neighborhood association's objections and allow the street closure. The applicant has requested that Council waive this requirement.

Event times: The 10K and 5K runs begin and end at Auditorium Shores, the start is on West Riverside Drive and South 1st Street. The 10K and 5K begin at 7:30 a.m. and end at 10 a.m. This is a moving street closure and after the last runner has safely cleared the course, the barricades will be removed. All roads should be open by 11:30 a.m.

The applicant is in the process of complying with all other requirements for the Street Event. The Austin Transportation Department has no objections to this request contingent on all other requirements being met.

Event Name: The 2015 Silicon Labs Sunshine Run
