## Additional Backup Information

This ordinance will authorize the police chief to provide for management of towing services by a contracted vendor. Those towing services would include tow truck assignment and responses to accident scenes and traffic incident management scenes, and other police initiated vehicle impoundments. In addition the ordinance would authorize an administration fee of \$25 maximum to be charged to the individual whose vehicle is towed through the towing management vendor. The contract is a separate item on this agenda, under the Purchasing Department items.

The Council referred this item to the Public Safety Committee (PSC) on February 26, 2015; PSC subsequently held a hearing on March 23, 2015.
