### Additional Backup Information

On August 29, 2002, Council approved the Restricted Front and Side Yard Parking ordinance establishing restrictions on parking a motor vehicle in the front or side yard of a residential property, except on a driveway or a paved parking space depicted on an approved site plan, and created a civil penalty for violations to these parking restrictions. The ordinance applied to those neighborhood associations identified in the Restricted Parking Area Map submitted at that time.

On July 17, 2003, Council approved an ordinance amending the Restricted Parking Area Map and created criteria for the application form filed by neighborhood associations requesting that the parking restrictions apply to their areas.

There are two ways a neighborhood association may request that these parking restrictions apply to their area: (1)

during the neighborhood planning process; or (2) submit an application during the open filing period in February.

Other minor changes to the Restricted Parking Area Map have been made since 2002, primarily adding new neighborhood organizations and/or neighborhood planning areas that have submitted complete applications during the annual February filing period.

The following neighborhood organizations submitted applications in February 2015 requesting that the restrictions on parking in the front or side yard of a residential property apply to their respective areas: Highland Park West Balcones Area Neighborhood Association and Southeast Combined Neighborhood Planning Area.

These groups have filed an application and satisfactorily met the notice and voting requirements as established by City code.
