

ZONING CHANGE REVIEW SHEET

CASES: C14-2015-0003A & C14-2015-0003B –
South IH-35 Mixed Use Apartment Community

Z.A.P. DATE: June 2, 2015
June 16, 2015
July 7, 2015
August 4, 2015
August 18, 2015

ADDRESSES: 6900 and 6940 South IH 35 Service Road Southbound; 504, 600, 606 and
700 Chaparral Road; (C14-2015-0003A)
701 and 709 Chaparral Road (C14-2015-0003B)

DISTRICT AREA: 2

OWNER: Long Real Estate Holdings, LLC
(Paul Long)

AGENT: Land Answers, Inc.
(Jim Wittliff)

ZONING FROM (-0003A): CS; GR-CO;
NO-MU-CO; SF-2

TO: CS-MU-CO for Tract 1;
GR-MU-CO for Tract 2

ZONING FROM (-0003B): CS; SF-3; SF-2

TO: CS-MU-CO for Tract 1;
GR-MU-CO for Tract 2

AREA (-0003A): 5.8281 acres;

AREA (-0003B): 2.4005 acres

TOTAL AREA: 8.2286 acres

SUMMARY STAFF RECOMMENDATION:

The Staff recommendation is to grant general commercial services – mixed use – conditional overlay (CS-MU-CO) district zoning for both areas designated as Tract 1 on C14-2015-0003A and C14-2015-0003B. The Conditional Overlay prohibits vehicular access to Chaparral Road.

For C14-2015-0003A (Tract 2, located at 700 Chaparral Road), the Staff recommendation is to grant community commercial – mixed use – conditional overlay (GR-MU-CO) combining district zoning. The Conditional Overlay prohibits vehicular access to Chaparral Road. For the remainder of Tract 2 located at 504, 600 and 606 Chaparral Road, Staff recommends maintaining the existing NO-MU-CO and SF-2 zonings.

For C14-2015-0003B (Tract 2, located at 701 Chaparral Road), the Staff recommendation is to grant neighborhood office – mixed use – conditional overlay (NO-MU-CO) district zoning. The Conditional Overlay prohibits vehicular access to Chaparral Road.

For C14-2015-0003A and C14-2015-0003B, the Austin Metropolitan Area Transportation Plan calls for a total of 400 feet of right-of-way for IH-35. If the requested zoning is granted,

then 200 feet of right-of-way should be reserved from the existing centerline of IH-35 in accordance with the Transportation Plan [LDC, Sec. 25-6-51 and 25-6-55].

ZONING AND PLATTING COMMISSION RECOMMENDATION:

June 2, 2015: *APPROVED A POSTPONEMENT REQUEST BY STAFF TO JUNE 16, 2015*
[R. MCDANIEL; S. COMPTON – 2ND] (6-0) 1 VACANCY ON THE COMMISSION

June 16, 2015: *MEETING CANCELLED; CASE RENOTIFIED FOR JULY 7, 2015*

July 7, 2015: *CONTINUED TO AUGUST 4, 2015; PUBLIC HEARING REMAINS OPEN*
[L. BRINSMADE; J. GOODMAN – 2ND] (8-0) G. ROJAS – NAY; D. BREITHAUP, S. LAVANI – ABSENT

August 4, 2015: *APPROVED A POSTPONEMENT REQUEST BY THE APPLICANT TO AUGUST 18, 2015*

[Y. FLORES; S. HARRIS – 2ND] (7-0) J. GOODMAN – NOT YET ARRIVED; L. BRINSMADE, J. KIOLBASSA, T. WEBER – ABSENT

August 18, 2015:

FOR C14-2015-0003A: APPROVED CS-MU-CO DISTRICT ZONING FOR 6900 & 6940 S IH 35 (TRACT 1); GR-MU-CO DISTRICT ZONING FOR 700 CHAPARRAL RD (TRACT 2); LO-MU-CO DISTRICT ZONING FOR 600 & 606 CHAPARRAL RD (TRACT 3); AND MF-1-CO DISTRICT ZONING FOR 504 CHAPARRAL RD (TRACT 4) WITH CONDITIONS FOR ACCESS, DEVELOPMENT STANDARDS, PROHIBITED USES, 2,000 TRIPS AND R-O-W RESERVATION AS AGREED TO BY THE NEIGHBORHOOD AND APPLICANT, ON CONSENT (11-0).

[J. GOODMAN; J. KIOLBASSA – 2ND] (11-0)

FOR C14-2015-0003B: APPROVED CS-CO DISTRICT ZONING FOR 709 CHAPARRAL RD (TRACT 1); AND GR-MU-CO DISTRICT ZONING FOR 701 CHAPARRAL RD (TRACT 2) WITH CONDITIONS FOR ACCESS, DEVELOPMENT STANDARDS, LIMIT ON RESIDENTIAL USE, PROHIBITED USES, 2,000 TRIPS AND R-O-W RESERVATION AS AGREED TO BY THE NEIGHBORHOOD AND APPLICANT, ON CONSENT (11-0)

[J. GOODMAN; J. KIOLBASSA – 2ND] (11-0)

ISSUES:

The Applicant and the Neighborhood have reached agreement on recommendations for these two zoning cases. The agreement between the Applicant and representatives of the Circle S. Ridge Neighborhood Association is attached at the back of the staff material.

Adjacent residents on Chaparral Road and Corral Lane are opposed to the proposed zoning changes and have submitted a petition. A petition of 16.23% has been filed by the adjacent property owners in opposition to C14-2015-0003A (north side of Chaparral Road). A valid petition of 41.69% has been filed by the adjacent property owners in opposition to C14-2015-

0003B (south side of Chaparral Road). Petition information is located at the back of the Staff report.

DEPARTMENT COMMENTS:

The subject rezoning area consists of eight platted lots, with the easternmost lots developed with auto-related uses and situated at the intersection of southbound IH 35 frontage road and Chaparral Road, and the interior lots are developed with residential structures, some of which function as offices for the automotive uses. There are apartments and a commercial shopping center to the north (CS; GR); convenience storage and residences to the south that have frontage on Corral Lane (CS; SF-2), and single family residences, a duplex and manufactured homes to the west (SF-2). Please refer to Exhibits A (Zoning Maps), A-1 (Aerial View) and B (Recorded Plats).

The Applicant proposes to rezone the properties with IH 35 frontage (Tract 1) to the general commercial services – mixed use – conditional overlay (CS-MU-CO) district, and the interior lots (Tract 2) to the community commercial – mixed use – conditional overlay (GR-MU-CO) district. The intent is to enable redevelopment with a total of 286 multi-family residential units (200 units on the north side, 86 units on the south), as well as office and commercial uses. One and 2 bedroom units are envisioned in an 80% / 20% mix. The Applicant's proposed Conditional Overlay is to limit the number of daily vehicle trips to 2,000 and prohibit access to Chaparral Road.

The properties with IH 35 frontage have had CS zoning since the mid and late 1970's (both Tract 1s), and the eastern lot of Tract 2 on north side of Chaparral Road has had a history of commercial uses and was granted GR-CO zoning in 2003. As enumerated in the Related Cases section of this report, there have been a number of zoning cases to non-residential districts on other lots within the Tract 2 areas since 1995. Two lots within Tract 2 on the north side of Chaparral Road have NO-MU-CO zoning, and the remaining lot on the south side of Chaparral has SF-2 zoning. To that end, there is clearly a significant amount of interest in rezoning this area for non-residential use.

The Staff recommendation allows for an incremental change in zoning, by granting the addition of MU to the properties with IH 35 frontage, the GR-CO lot in the north side of Chaparral Road, and granting NO-MU-CO for Tract 2 (701 Chaparral Road) on the south side of Chaparral Road. The western lot of Tract 2, located at 504 Chaparral Road is not recommended for rezoning, as would encroach into the residential portion of Chaparral Road. The Applicant opted to prohibit vehicular access to Chaparral Road, a local street with a 20 foot pavement width, hence a Neighborhood Traffic Analysis was not required. The 2,000 vehicle trip per day limit will be apportioned across the north and south rezoning areas. The Staff recommendation as described above would provide for a maximum of 192 multi-family residential units across the total rezoning area (129 on the north side, 63 units on the south) which is significantly different from the proposed number of units proposed by the Applicant.

EXISTING ZONING AND LAND USES:

	ZONING	LAND USES
<i>Site</i>	CS; GR-CO; NO-MU-CO; SF-2; SF-3	<i>North side:</i> Automotive sales; Office; Auto repair; Vehicle parking; Manufactured home; <i>South side:</i> Automobile sales; Residential structure with vehicle parking area
<i>North</i>	CS; GR	Apartments (176 units on 5.245 acres = 33.6 u.p.a.); Shopping center
<i>South</i>	CS; SF-3; SF-2	Convenience storage; Single family residences
<i>East</i>	N/A	IH-35 frontage road and main lanes
<i>West</i>	SF-2	Single family residences and manufactured homes

RELATED CASES (previous zoning cases within current zoning area):

The rezoning area consists of the entire Forrest C. Walker subdivision, recorded in April 1977 (C8S-77-058); five lots and a portion of another lot out of the original Circle “S” Ridge, Section 1 subdivision, recorded in September 1946 (C8-1946-1780), and the entire Resubdivision of Lot 18, Block “B” Circle “S” Ridge Section One, recorded in July 1970

(C8s-70-122). With the exception of the lots with IH 35 frontage, the lots are generally between 80 – 110 feet wide and 400 feet long.

The property was annexed on December 31, 1975 (C7a-75-012).

The table below summarizes an adjacent case to the east that is developed with auto repair use, two 1999 rezoning cases along the south side of Chaparral Road. Case C14-99-0117 involved six contiguous lots directly west of the one lot with cases C14-99-0124 / C14-03-0092.

CASE NUMBER	REQUEST	COMMISSION	CITY COUNCIL
<i>North side of Chaparral Road</i>			
C14-76-064 – 6900 & 6940 S IH 35	Interim “A” Residence, Interim First Height and Area to “C” Commercial, First Height and Area	Granted “C” Commercial, First Height and Area for all of property, save and except a 10 foot along the western boundary to a depth of 200’ that was approved for “A” Residence, First Height and Area	Apvd A & C, First Height & Area as PC recommended (09-16-1976).

SF UNITS: _____ STUDENTS PER UNIT ASSUMPTION
Elementary School: _____ Middle School: _____ High School: _____

MF UNITS: 286 STUDENTS PER UNIT ASSUMPTION
Elementary School: 0.124 Middle School: 0.035 High School: 0.071

IMPACT ON SCHOOLS

The district-wide student yield factor (across all grade levels) is 0.23 for apartment homes. The 286 multifamily unit development is projected to add approximately 66 students across all grade levels to the projected student population. It is estimated that of the 66 students, 36 will be assigned to Pleasant Hill Elementary School, 10 to Bedichek Middle School, and 20 at Crockett High School.

The percent of permanent capacity by enrollment for SY 2019-20, including the additional students projected with this development, would be within the target range of 75-115% for Pleasant Hill ES (107%) and Bedichek MS (90%), assuming the mobility rates remain the same. The projected additional students at Crockett HS would increase the 2019-20 percent of permanent capacity from 65% to 66%, slightly closer to the target range, assuming the mobility rates remain the same. These schools will be able to accommodate the projected additional student population from the proposed development.

TRANSPORTATION IMPACT

Pleasant Hill ES and Bedichek MS are located within 2 miles of the proposed development; therefore students would not qualify for transportation unless a hazardous route condition was identified. To increase the level of safety for students walking, AISD's Transportation Department recommends the construction of a separated sidewalk along the IH-35 access road and along Chaparral Road.

Students within the proposed development attending Crockett HS would qualify for transportation.

SAFETY IMPACT

The construction of a separated sidewalk along the IH-35 access road and along Chaparral Road is recommended to increase the level of safety for students walking to Pleasant Hill Elementary School and Bedichek Middle School.

SUMMARY STAFF RECOMMENDATION:

The Staff recommendation is to grant general commercial services – mixed use – conditional overlay (CS-MU-CO) district zoning for both areas designated as Tract 1 on C14-2015-0003A and C14-2015-0003B. The Conditional Overlay prohibits vehicular access to Chaparral Road.

For C14-2015-0003A (Tract 2, located at 700 Chaparral Road), the Staff recommendation is to grant community commercial – mixed use – conditional overlay (GR-MU-CO) combining district zoning. The Conditional Overlay prohibits vehicular access to Chaparral Road. For the remainder of Tract 2 located at 504, 600 and 606 Chaparral Road, Staff recommends maintaining the existing NO-MU-CO and SF-2 zonings.

For C14-2015-0003B (Tract 2, located at 701 Chaparral Road), the Staff recommendation is to grant neighborhood office – mixed use – conditional overlay (NO-MU-CO) district zoning. The Conditional Overlay prohibits vehicular access to Chaparral Road.

For C14-2015-0003A and C14-2015-0003B, the Austin Metropolitan Area Transportation Plan calls for a total of 400 feet of right-of-way for IH-35. If the requested zoning is granted, then 200 feet of right-of-way should be reserved from the existing centerline of IH-35 in accordance with the Transportation Plan [LDC, Sec. 25-6-51 and 25-6-55].

BASIS FOR LAND USE RECOMMENDATION (ZONING PRINCIPLES)

1. The proposed zoning should be consistent with the purpose statement of the district sought.

Applicant's request: General commercial services (CS) zoning is intended for commercial or industrial uses that typically have operating characteristics or traffic service requirements generally incompatible with residential environments.

The community commercial (GR) district is intended for office and commercial uses serving neighborhood and community needs, including both unified shopping centers and individually developed commercial sites, and typically requiring locations accessible from major trafficways.

The mixed use (MU) combining district is intended to allow for office, retail, commercial and residential uses to be combined in a single development.

The property has direct access to the southbound frontage road of IH 35.

2. Zoning changes should promote compatibility with adjacent and nearby uses.

The Staff recommendation allows for an incremental change in zoning, by granting the addition of MU to the properties with IH 35 frontage, the GR-CO lot in the north side of Chaparral Road, and granting NO-MU-CO for Tract 2 (701 Chaparral Road) on the south side of Chaparral Road. The western lot of Tract 2, located at 504 Chaparral Road is not recommended for rezoning, as it would encroach into the residential portion of Chaparral Road. The Applicant opted to prohibit vehicular access to Chaparral Road, a local street with a 20 foot pavement width, hence a Neighborhood Traffic Analysis was not required.

The 2,000 vehicle trip per day limit will be apportioned across the north and south rezoning areas. The Staff recommendation as described above would provide for a maximum of 192 multi-family residential units across the total rezoning area (129 on the north side, 63 units on the south) which is significantly different from the proposed number of units proposed by the Applicant.

EXISTING CONDITIONS

Site Characteristics

The subject property is developed with auto-related uses, related office uses and residential structures. The site is flat and there appear to be no significant topographical constraints on the site.

Impervious Cover

The maximum impervious cover allowed by the CS and GR zoning districts is 80%, based on the more restrictive *watershed* regulations.

Comprehensive Planning

The rezoning case is located on the northeast and southeast corners of Chaparral Road and the IH 35 frontage in South Austin. This property is not located in a neighborhood planning area and is made up of four tracts of land, which when combined, total 9.43 acres. Existing uses on the various tracts includes two used car lots, an auto shop, and single family houses. Surrounding land uses includes an apartment complex to the north (which abuts a shopping center and fronts along IH-35), single family houses, and a small storage facility that fronts along the IH-35 frontage road to the south, single family houses to the west, and the IH-35 frontage road to the east. The proposal is to build a mixed use apartment community, consisting of approximately 380 apartment units (40 units per acre) and unidentified commercial uses.

Imagine Austin

The property is not located within a center or along an activity corridor as specified by the Imagine Austin Growth Concept Map. The Imagine Austin Growth Concept Map applies the *Imagine Austin* vision statement to the city's physical development. Generated through a public scenario-building process, it defines how we plan to accommodate new residents, jobs, mixed use areas, open space, and transportation infrastructure over the next 30 years (p 95). Mixed use project are promoted along Activity Corridors and within Centers.

The following Imagine Austin policies are applicable to this case, which specifically discuss the preservation of neighborhood character, infill and redevelopment:

- **LUT P1.** Align land use and transportation planning and decision-making to achieve a compact and connected city in line with the growth concept map.

- **LUT P4.** Protect neighborhood character by directing growth to areas of change that includes designated redevelopment areas, corridors and infill sites. **Recognize that different neighborhoods have different characteristics and new and infill development should be sensitive to the predominant character of these communities.**
- **HN P11.** Protect neighborhood character by directing growth to areas of change **and ensuring context sensitive infill in such locations as designated redevelopment areas, corridors, and infill sites.**

Analysis

Over the last decade, a number of developers have built large multifamily apartment complexes along the IH-35 frontage road, taking advantage of the easy access onto IH-35 and cheap land. The locations of these apartments are not ideal because of the detrimental health effects (ex: asthma, emphysema and cancer) caused by the pollution and particulates coming from the millions of vehicles that annually travel along this freeway. There are also associated issues relating to noise and light pollution, and the lack of connectivity coming to and from these IH-35 apartment complexes because they are often isolated and cannot access goods, services, jobs, recreation and education unless residents have a car. More specifically, these project are often not connected to adjoining land uses by sidewalks, shared paths and/or public transportation and thus are developments that are the antithesis of Imagine Austin, which at its core is about creating complete communities by maintaining or creating **compact and connected** development patterns.

The residents of this mixed use project could either be better or worse off based following the City of Austin's current Land Development Code, depending what options they choose to include in this project. The Land Development Code has not been amended to reflect the values and policies of Imagine Austin, which promotes compact and connected communities. However, the developer of this proposed mixed use project could design it so that it is connected to the adjoining residential neighborhood and be an asset to both the city **and support Imagine Austin**. More specifically, adding the following features and options to this project would support Imagine Austin: (1) providing a great entry feature into the adjoining residential neighborhood; (2) adding street trees; (3) varying the density and height of the project that abuts the single family neighborhood to the west so the massing of this project does not overwhelm the abutting single family neighborhood; (4) including needed neighborhood services within this project (such as restaurant, coffee house, or dry cleaner) for both residents and the neighborhood to utilize; (5) adding a public pocket park for the neighborhood to use; (6) designing the project so that the architecture and landscaping are attractive; and (7) installing a shared path along the IH-35 and along Chaparral Road so residents can access the shopping center located on the corner of William Cannon Road and the IH-35 frontage road.

Environmental

The site is not located over the Edwards Aquifer Recharge Zone. The site is in the Williamson Creek and South Boggy Creek Watersheds of the Colorado River Basin, which

are classified as Suburban Watersheds by Chapter 25-8 of the City's Land Development Code. The site is in the Desired Development Zone.

Under current watershed regulations, development or redevelopment on this site will be subject to the following impervious cover limits:

<i>Development Classification</i>	<i>% of Gross Site Area</i>	<i>% of Gross Site Area with Transfers</i>
Single-Family (minimum lot size 5750 sq. ft.)	50%	60%
Other Single-Family or Duplex	55%	60%
Multifamily	60%	70%
Commercial	80%	90%

According to floodplain maps there is no floodplain within or adjacent to the project location.

Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

Trees will likely be impacted with a proposed development associated with this rezoning case. Please be aware that an approved rezoning status does not eliminate a proposed development's requirements to meet the intent of the tree ordinances. If further explanation or specificity is needed, please contact the City Arborist at 512-974-1876. At this time, site specific information is unavailable regarding other vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.

Under current watershed regulations, development or redevelopment requires water quality control with increased capture volume and control of the 2 year storm on site.

Site Plan and Compatibility Standards

Site plans will be required for any new development other than single-family or duplex residential. Development on this site will be subject to *Subchapter E: Design Standards and Mixed Use*.

Any development which occurs in an SF-6 or less restrictive zoning district which is located 540-feet or less from property in an SF-5 or more restrictive zoning district will be subject to compatibility development regulations. Along the west property lines, the following standards apply:

- No structure may be built within 25 feet of the property line.
- No structure in excess of two stories or 30 feet in height may be constructed within 50 feet of the property line.
- No structure in excess of three stories or 40 feet in height may be constructed within 100 feet of the property line.

- For a structure more than 100 feet but not more than 300 feet from the property line, a structure may attain a height of 40 feet plus one foot for each 10 feet in excess of 100 feet from the property zoned SF-5 or more restrictive.
- For a structure more than 300 feet but not more than 540 feet from the property line, a structure may attain a height of 60 feet plus one foot for each four feet in excess of 300 feet from the property zoned SF-5 or more restrictive.
- No parking or driveways are allowed within 25 feet of the property line
- A landscape area at least 15 feet in width is required along the property line if tract is zoned MF-3, MF-4, MF-5, MH, NO, or LO.
- A landscape area at least 25 feet in width is required along the property line if the tract is zoned LR, GO, GR, L, CS, CS-1, or CH.
- A fence, berm or dense vegetation must be provided to screen adjoining properties from views of parking, mechanical equipment, storage, and refuse collection.

Transportation

The Austin Metropolitan Area Transportation Plan calls for a total of 400 feet of right-of-way for IH-35. If the requested zoning is granted, then 200 feet of right-of-way should be reserved from the existing centerline of IH-35 in accordance with the Transportation Plan [LDC, Sec. 25-6-51 and 25-6-55].

A traffic impact analysis was waived for this case because the applicant agreed to limit the intensity and uses for this development. If the zoning is granted, development should be limited through a conditional overlay to less than 2,000 vehicle trips per day [LDC, 25-6-117].

A Neighborhood Traffic Analysis will be required for this project unless access is limited only to IH-35 [LDC, Sec. 25-6-114].

Stormwater Detention

At the time a final subdivision plat, subdivision construction plans, or site plan is submitted, the developer must demonstrate that the proposed development will not result in additional identifiable flooding of other property. Any increase in stormwater runoff will be mitigated through on-site stormwater detention ponds, or participation in the City of Austin Regional Stormwater Management Program if available.

Water and Wastewater

FYI: The landowner intends to serve the site with City of Austin water and wastewater utilities. The landowner, at own expense, will be responsible for providing any water and wastewater utility improvements, offsite main extensions, utility relocations and or abandonments required by the land use. The water and wastewater utility plan must be reviewed and approved by the Austin Water Utility for compliance with City criteria and suitability for operation and maintenance. Depending on the development plans submitted, water and or wastewater service extension requests may be required. All water and

wastewater construction must be inspected by the City of Austin. The landowner must pay the City inspection fee with the utility construction. The landowner must pay the tap and impact fee once the landowner makes an application for a City of Austin water and wastewater utility tap permit.

PETITION

To: Austin City Council

Date: 04/22/15

Case Number: C14-2015-0003 (INCLUDES: C14-2015-0003A & C14-2015-0003B)

Address of Zoning Change: 6900, 6940 SIH35 & 504, 606, 607, 700, 701 & 709 Chaparral Rd.

We, the undersigned owners of property affected by the requested zoning change described in the referenced file, do hereby protest against any change of the Land Development Code which would zone the property to any classification other than listed below.

6900 SIH35 - CS

600 Chaparral Rd - ~~SF3~~ NO-MU-CO

6940 SIH35 - CS

700 Chaparral Rd - GR-CO

504 Chaparral Rd - SF-3

701 Chaparral Rd - SF3

606 Chaparral Rd - NO-MU-CO

709 Chaparral Rd. - SF-3, CS

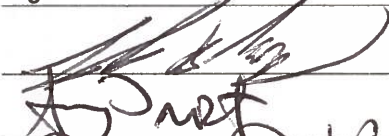

504, 701 & 709 CHAPARRAL RD.

We the neighborhood are against the zoning change being requested. Allowing ~~Zone 3 & 4~~ to be anything larger than SF-3 would cause irreversible issues with our SF-2 lots. The issues would run from Crime, Traffic, Privacy, noise & Light pollution. We are not against change, just controlled change to allow us to maintain the quality of the neighborhood we moved to and love.

Case Number:

PETITION**C14-2015-0003B**

Date: 6/8/2015

Total Square Footage of Buffer: 390072.2715

Percentage of Square Footage Owned by Petitioners Within Buffer: 41.69%

Calculation: The total square footage is calculated by taking the sum of the area of all TCAD Parcels with valid signatures including one-half of the adjacent right-of-way that fall within 200 feet of the subject tract. Parcels that do not fall within the 200 foot buffer are not used for calculation. When a parcel intersects the edge of the buffer, only the portion of the parcel that falls within the buffer is used. The area of the buffer does not include the subject tract.

INFORMACIÓN DE AUDIENCIA PÚBLICA

Esta petición de zonificación / re zonificación será repasada y acción será tomada de acuerdo a dos audiencias públicas: ante la Comisión de Usos Urbanos y el cabildo municipal. Aunque solicitantes y/o su(s) agente(s) se les requiere atender la audiencia pública, usted no esta bajo requisito de atender. De todos modos, si usted atiende la audiencia pública, tendrá la oportunidad de hablar a FAVOR o EN CONTRA al propuesto desarrollo urbano o cambio de zonificación. Usted también puede contactar a una organización de protección al medio ambiente u organización de vecinos que haya expresado interés en la aplicación teniendo implicaciones a su propiedad.

Durante la audiencia pública, la comisión podría postergar o continuar audiencia del caso en una fecha futura, o puede evaluar la recomendación de los oficiales municipales y las del público al mismo tiempo mandando su recomendación al cabildo municipal. Si la comisión anuncia una fecha y hora específica para postergar o continuar discusión, y no se extiende más de 60 días, no tendrá obligación de otra notificación pública.

El cabildo municipal, durante su audiencia pública, puede otorgar o negar una petición de zonificación, rézonificar el terreno a una clasificación de zonificación menos intensiva que lo que es pedida. En ningún caso se otorgara una clasificación de zonificación más intensiva de la petición.

Para otorgar un desarrollo de usos urbanos mixtos, el cabildo municipal puede agregar la designación USO MIXTO (MU) DISTRITO COMBINADO, *Mixed-use (MU) Combining District*, a ciertos usos urbanos de comercio. La designación MU- Distrito Combinado simplemente permite usos urbanos residenciales en adición a los usos ya permitidos el los siete distritos con zonificación para comercio. Como resultado, la designación MU- Distrito Combinado, otorga la combinación de oficinas, comercio, y usos urbanos residenciales en el mismo sitio.

Para más información acerca del proceso de desarrollo urbano de la ciudad de Austin, por favor visite nuestra página de la Internet: <http://www.austintexas.gov/planning>.

Comentarios escritos deberán ser sometidos a la comisión (o a la persona designada en la noticia oficial) antes o durante la audiencia pública. Sus comentarios deben incluir el nombre de la comisión, la fecha de la audiencia pública, y el número de caso de la persona designada en la noticia oficial.

Re: C14-2015-0003 A& B

Wendy,

We are requesting a postponement of the current cases to the August 18th planning commission meeting. We request the postponement to allow time to have a final meeting and hopefully resolve the details of applicant's proposal. This our first postponement request and it should be sufficient time to make a decision. The applicant has agreed to the postponement and we will be arranging a meeting this week.

Sincerely,

Will Larson

Will Larson, President

DRAFT

C-5+C-6

Dear Will, Stephen and Wendy,

After several meetings and telephone discussions with the most impacted adjacent neighborhood residents, we have reached an agreement in principle on an acceptable proposed rezoning for the referenced properties. ***This is the modified agreement, per Wendy's notes.*** Please refer to the attached map for the addresses of each tract. Our proposed rezoning will be as follows:

- 709 Chaparral- Zoning will be CS-CO. Property owner will remove the MU overlay request from this tract, which will make it impossible for this property to be redeveloped as a multi family or residential development. Development will be limited to a maximum of one story or 18 feet. Driveway access to Chaparral Road is prohibited. A right-of-way reserve approximately 50 feet wide along IH 35 must be provided. No drive-thru services will be allowed. Any retail use must close by 10 pm. The following land uses will be prohibited: Agricultural Sales & Services, Automotive Repair Services, Automotive Washing, Bail Bond Services, Building Maintenance Services, Campground, Commercial Blood Plasma Center, Construction Sales & Services, Convenience Storage, Drop-off Recycling Collection Facility, Equipment Sales, Equipment Repair Services, Exterminating Services, Hotel-Motel, Kennels, Laundry Services, Limited Warehousing & Distribution, Maintenance & Service Facilities, Outdoor Entertainment, Outdoor Sports and Recreation, Plant Nursery, Service Station, Transitional Housing, Transportation Terminal, Vehicle Storage, Community Garden and Urban Farm.
- 701 Chaparral- Zoning will be GR-MU-CO, with a maximum of one single family residential structure allowed, for the continued residential use of the existing home (limited to one story or 18 feet) on the site only. This property must provide a minimum 25 foot wide vegetative buffer from adjacent residential properties to the south and west. A 6 foot privacy fence along the property line must be provided, unless the adjacent residential property owner requests in writing that an 8 foot tall privacy fence be built instead. Except for the existing residence on the property, driveway access to Chaparral Road will be prohibited. Development will be limited to a maximum of one story. No drive-thru services will be allowed. Any retail use must close by 10 pm. The following land uses will be prohibited: Automotive Repair Services, Automotive Washing, Bail Bond Services, Drop-off Recycling Collection Facility, Exterminating Services, Hotel-Motel, Outdoor Entertainment, Outdoor Sports and Recreation, Plant Nursery, Service Station, Community Garden and Urban Farm. All proposed buildings to be constructed on this lot shall use similar quality building materials for the backs and sides of the buildings as the materials used on the front sides.

- 701 and 709 Chaparral- Any redevelopment of these properties in the future must be done as a Unified Development that includes both tracts. These properties will only be used for retail or office purposes. Our intent will be for 701 and 709 to be eventually be redeveloped as a small retail center, restaurant, or other allowed GR use. The combined traffic from these combined lots cannot exceed 2,000 vehicle trips per day.

- 6900 and 6940 IH 35- Zoning for these properties will be CS-MU-CO. The following land uses will be prohibited: Agricultural Sales & Services, Auto Washing, Bail Bond Services, Building Maintenance Services, Campground, Commercial Blood Plasma Center, Construction Sales & Services, Convenience Storage, Drop-off Recycling Collection Facility, Equipment Sales, Equipment Repair Services, Exterminating Services, Kennels, Laundry Services, Limited Warehousing & Distribution, Maintenance & Service Facilities, Monument Retail Sales, Outdoor Entertainment, Outdoor Sports and Recreation, Plant Nursery, Service Station, Transitional Housing, Transportation Terminal, Vehicle Storage, Community Garden and Urban Farm. The maximum allowable building height will be 3 stories or 40 feet. Approximately the front 50 foot depth of both lots will be reserved for the future widening of IH 35, with no buildings or parking located within the ROW reserve area. Upon the redevelopment of these lots as a retail/ multifamily mixed-use unified development, driveway access to Chaparral Road will be prohibited.

- 700 Chaparral- Zoning will remain GR-MU-CO on this property, with a maximum height of 3 stories or 40 feet for apartments. Driveway access to Chaparral Road is prohibited. The following land uses will be prohibited: Bail Bond Services, Drop-off Recycling Collection Facility, Exterminating Services, Outdoor Entertainment, Outdoor Sports and Recreation, Plant Nursery, Service Station, Community Garden and Urban Farm.

- 606 Chaparral- Zoning will be LO-MU-CO for this property. Building height will be limited to 2 stories or 30 feet. No balconies will be permitted facing south and adjacent to Chaparral Road. Upon the redevelopment of this lot as a part of a multifamily unified development, driveway access to Chaparral Road will be prohibited. The following land uses are prohibited: Bed and Breakfast Residential, Medical Offices, Convalescent Services, Counseling Services, Daycare Services, and Urban Farm. A 25 foot wide landscaped buffer with a 6 foot tall privacy fence or better quality fence (if agreed in writing by the neighborhood) shall be provided along the southern property line of this tract. Property owner will also provide vegetative screening within the 25 foot wide vegetative buffer along Chaparral Road. This screening will consist of shade trees planted every 30 feet on center and additional shrubbery as an understory.

- 504 Chaparral- Zoning will be MF-1-CO. Building heights will be limited to one story or 18 feet. Upon the redevelopment of this lot as a part of a multifamily unified development, driveway access to Chaparral Road will be prohibited. A maximum of 10 residential units will be allowed on this property. All proposed buildings to be constructed on this lot shall use similar quality building materials for the backs and sides of the buildings as the materials used on the front sides. A 25 foot wide landscaped buffer with a 6 foot tall privacy fence or better quality fence (if agreed in writing by the neighborhood) shall be provided along the southern and western property lines of this tract. Property owner will also provide vegetative screening within the 25 foot wide vegetative buffer along Chaparral Road. This screening will consist of shade trees planted every 30 feet on center and additional shrubbery as an understory.
- 504, 606, 700 Chaparral, 6900 and 6940 IH 35- The combined traffic from these properties cannot exceed 2,000 vehicle trips per day.
- Upon the withdrawal by the Neighborhood of all petitions in opposition to both rezoning cases, and upon approval of both rezoning requests by the Austin City Council, the property owner will provide \$5,000 in escrow for traffic calming techniques along Chaparral Road, to be designed and approved by the City of Austin Public Works Department.
- Property owner will construct sidewalks along Chaparral Road and IH 35 for the length of both properties.

Please let me know as soon as possible if these conditions and restrictions are agreeable to you.

Thank you,

Jim Wittliff

Subject: meeting

Wendy,

I have just received about 3 emails with tons of details in the last hour or so. I'm not 100% confident that I will be able to go thru every detail in time for tomorrow's meeting. I would like to postpone until the next meeting so we as a neighborhood have the time to go thru all this paperwork. I have seen a few details that concern me so if possible I would like to delay the vote this week. Sorry Jim if this causes you any issues, I need more than one evening to go over this information. I want to make sure that we see all the detail that we spoke on are covered. I just need more time than tonight.

Thanks

Stephen Cooley
