

Flood Mitigation Task Force Documents & Web Links

Main City of Austin website

<http://www.austintexas.gov/fmtf>

Official documents posted here for monthly Task Force meetings, such as agendas, presentations, Council resolution. See Bloomfire website for expanded presentation of documents.

Bloomfire Website

<https://floodmitigationtaskforce.bloomfire.com/>

Background documents about a range of flood mitigation topics, such as:

- Overview of the Watershed Protection Department (WPD);
- Links to WPD websites;
- Watershed Protection Master Plan;
- Website links from peer cities with exemplary flood programs;
- Historic information on flooding in Austin;
- Floodplain variance links;
- Fact sheets about City of Austin flood mitigation projects;
- Budget & funding information; and
- Flood property buyouts.

WPD Master Plan Problem Score Viewer

<http://arcg.is/1JwJJsI>

Web viewer for Watershed Protection Department analysis of flood, erosion, and water quality problem areas and data. The user can pan around Austin and zoom in on individual neighborhoods and properties to see the extensively catalogued “problem score” data that WPD has collected across town. Each problem is ranked against other problem areas to put each other in context. Best when viewed using Firefox or Google Chrome.
