26 27	(C) A qualified processor must be able to provide customers with documentation that shows the date, quantity of materials, and the disposition of materials,

(B) Failure to comply with Subsection (A) is cause to suspend the qualified processor's registration

§ 15-6-164 SUSPENSION.

- (A) The department may suspend a qualified processor's registration if the qualified processor fails to comply with the requirements in this division.
- (B) Prior to suspending a registration, a written notice of proposed suspension must be sent to the facility owner and operator.
- (C) The notice described in Subsection (B) will include the violation and a time period to correct the violation.
- (D) If the facility does not correct the violation within the time period stated in the notice, the department will notify the facility owner and operator that the facility is no longer a qualified processor.
- (E) A facility owner or operator may appeal the decision to suspend the qualified processor's registration. An appeal must be filed with the director no later than 20 days after the date the registration was suspended. The appeal must identify each alleged point of error, facts, and evidence supporting the appeal and reasons why the suspension should be set aside. The appeal must be signed by the facility owner or operator. The director must provide a written response to the appeal that affirms, reverses, or modifies the suspension within 30 days from the date the appeal is received by the director.
