Hi, David -

Yes, let's please request postponement. Over the weekend, the zoning committee did review and attempt to accept the language that you sent us on 9/10. However, we would like some additional time to follow up with you. I expect it will be an easy conversation. The primary roadblock was the limited amount of time to respond prior to tonight's BOA meeting.

I won't be able to attend BOA tonight, but Kevin Lewis (BCNA President) will be there.

Leane, can you please confirm what date this case can next be scheduled for?

Thanks, all.

John Bodek  
BCNA Zoning Chair

LEGAL DESCRIPTION: Subdivision – LOT 5&6 BLK 22 SWISHER ADDN

Lot(s) 5&6 Block 22 Outlot \_\_\_\_\_ Division \_\_\_\_\_

I/We David Cancialosi on behalf of myself/ourselves as authorized agent for

Claude Benayoun affirm that on February 25, 2015, hereby

apply for a hearing before the Board of Adjustment for consideration to:

**(check appropriate items below and state what portion of the Land Development Code you  
are seeking a variance from)**

☒ ERECT ☐ ATTACH ☐ COMPLETE ☐ REMODEL ☐ MAINTAIN

Variance from LDC 25-2-492 (D) to erect an open air, cantilevered 661.80 SF patio cover over  
existing impervious cover to reduce the street side yard setback from 10' to 0'.

in a <sup>V-</sup>CS-CO-NP district. (Bouldin Creek)  
(zoning district)

**NOTE: The Board must determine the existence of, sufficiency of and weight of  
evidence supporting the findings described below. Therefore, you must complete each  
of the applicable Findings Statements as part of your application. Failure to do so may  
result in your application being rejected as incomplete. Please attach any additional  
support documents.**

**VARIANCE FINDINGS: I contend that my entitlement to the requested variance is based on the following findings (see page 5 of application for explanation of findings):**

12/8

**REASONABLE USE:**

1. The zoning regulations applicable to the property do not allow for a reasonable use because:

The site has an available patio area that has existing impervious coverage. This area is not shielded from noise or weather and the uncovered patio and exposed exterior facade is suffering from weatherization. The increased density and associated noise, traffic, and use of the area as a whole is contributing to the need for a covered patio. The proposed cantilevered structure will not have any supporting posts and thus not block any line of sight views from intersecting traffic. The cover will offer shade in the summer and warmth in the winter, promoting year round use on a portion of property valued at \$1,000,000+ that is taxed accordingly. The owner requests he be able to utilize a legal portion of this property consistent with several other restaurants in the area.

**HARDSHIP:**

2. (a) The hardship for which the variance is requested is unique to the property in that:

The site is a corner lot at the corner of West Milton St. and South Congress Avenue that has an existing outdoor corner patio which is currently in use, but who's use is extremely limited due to inconsistent weather patterns and increased surrounding noise. The physical building that this particular restaurant (Enoteca) is housed within is very small and cannot fully utilize the patio portion of the property to the full extent allowed by zoning regulations without a patio cover. Customers are continually wanting to site outside, but desire to avoid the sun or inclement weather.

Regarding parking, the site is fully parked so adding the cantilevered cover will not generate the need for more parking spaces. The same number of seats / tables will be utilized with or without the cover; however, the cover will allow the existing outdoor space to be utilized in a more consistent manner similar to other restaurants with covered patios in the area which are allowed to respond to requests for full time seating on a year round basis. In the immediate area this includes Doc's Motorworks, Guero's Bar and Grill, and Homeslice Pizza.

The existing patio is part of the same legal lot(s) that Travis County has recognized as taxable land since 1935 and specific to the patio since 1977, yet the owner cannot fully develop and use the commercial property to the extent possible due to strict application of the CS zoning side-street setback performance standards.

- (b) The hardship is not general to the area in which the property is located because:

There are no known commercial properties in the immediate area with outdoor patios situated on 2 intersecting streets that are not allowed to utilize the space in a reasonable and comfortable manner due to the strict application of the zoning code.

**AREA CHARACTER:**

2/9

3. The variance will not alter the character of the area adjacent to the property, will not impair the use of adjacent conforming property, and will not impair the purpose of the regulations of the zoning district in which the property is located because:

The proposed cover would be cantilevered from the existing 1 story building and has no supports. It would not be blocking anyone's view. This includes pedestrian, bicycle, and automotive traffic. The canopy itself will be stepped down from the edge of the building height, yet high enough to allow considerable head clearance and multiple outdoor fans hung from underneath the cover. The cover will also help dress up the bare concrete wall exposed to West Milton Street. This cover is substantially less intrusive than has been previously proposed to prior BOA commissioners, and certainly less obtrusive with a more thoughtful streetscape design than the hotel being built across the street. Allowing the cantilevered patio cover over the existing concrete does nothing to impair the use of adjacent property, and in fact, allows a better method for capturing and managing run off during rain events. The cover allows the corner patio area to enhance what is now a deteriorating sidewall façade that detracts from the overall area aesthetic. The owner has several neighbors who support this request.

**PARKING:** (Additional criteria for parking variances only.)

Request for a parking variance requires the Board to make additional findings. The Board may grant a variance to a regulation prescribed Section 479 of Chapter 25-6 with respect to the number of off-street parking spaces or loading facilities required if it makes findings of fact that the following additional circumstances also apply:

1. Neither present nor anticipated future traffic volumes generated by the use of the site or the uses of sites in the vicinity reasonable require strict or literal interpretation and enforcement of the specific regulation because:

---

---

2. The granting of this variance will not result in the parking or loading of vehicles on public streets in such a manner as to interfere with the free flow of traffic of the streets because:

12/10

3. The granting of this variance will not create a safety hazard or any other condition inconsistent with the objectives of this Ordinance because:

4. The variance will run with the use or uses to which it pertains and shall not run with the site because:

**NOTE: The Board cannot grant a variance that would provide the applicant with a special privilege not enjoyed by others similarly situated or potentially similarly situated.**

Re: Case # C15-2015-0071

Variance request for 1612 S. Congress Ave.

November 9, 2015

Dear Ms. Ramirez and Board Members,

Please be informed regarding case C15-2015-2071 at 1612 S. Congress Ave., the Bouldin Creek Neighborhood Association (BCNA) has voted a position of "in support" of the requested variance. The requested variance would allow reducing the side-yard setback from 10 ft. to 0 feet in order to construct a patio cover over an outdoor seating area. 12/15

As a part of our support for this variance, BCNA did ask that the applicant and the applicant agreed to have read into the record and made a binding part of the BOA decision the following statement:

"The properties known as 1610 S. Congress and 1612 S. Congress will continue to maintain and make available to customers the existing twenty-one (21) paved and striped parking spaces immediately behind their structures."

Please forward this statement to the members of the BOA for their consideration. Please do contact me if you have any questions. Thanks as always for your good work.

Respectfully,

Kevin Lewis

President

BCNA

**AGREEMENT RESPECTING SUPPORT OF PROPOSED VARIANCE  
BEFORE THE BOARD OF ADJUSTMENT**

---

Date of Agreement

On the date signed by the parties, as below appearing.

Parties to the Agreement

Bouldin Creek Neighborhood Association (BCNA)

Vespaio Restaurant (Vespaio and/or Enoteca)

Preamble

Whereas Vespaio Restaurant seeks a variance from the City of Austin Board of Adjustment (BoA) and BCNA is in a position to support such a variance, the parties enter into this Agreement outlining the duties and obligation of each.

Agreement

The BCNA will recommend that the BCNA support and not oppose Vespaio's variance request to the BoA subject to the following terms and conditions:

1. The properties known as 1610 S. Congress and 1612 S. Congress will continue to maintain and make available to customers the existing twenty-one (21) paved and striped parking spaces immediately behind their structures;
2. BCNA and Vespaio hereby create a Restrictive Covenant whereby Vespaio shall not construct a permanent enclosure of the patio area;
3. Temporary enclosures, such as plastic curtains, shall be permitted;
4. The properties shall maintain existing drainage from the roof;
5. Vespaio shall execute an Irrevocable Letter of Credit in the amount of \$15,000.00 naming BCNA as beneficiary. Drafting under the letter of credit would occur in the event of a violation of any of the terms and conditions outlined above;
6. Before a draft may occur under the letter of credit, BCNA shall give Vespaio a Notice of Violation, in writing, and delivered CERTIFIED MAIL to 1610 S. Congress, Austin TX 78701. Such Notice shall apprise Vespaio on the purported violation and the parties agree that Vespaio shall immediately cease any work in progress or

ORIGINAL  
FILED FOR RECORD

12/17

scheduled related specifically to the outdoor patio and Vespaio shall have ten (10) days to cure the alleged violation;

- 7. In the event Vespaio disagrees with the occurrence of a purported violation, the parties agree to appoint a disinterested third party, such third party agreeable to both BCNA and Vespaio, to act as an arbiter of the issue, via binding arbitration; and
- 8. In the event the arbiter finds a violation of the terms and conditions outlined herein has occurred, a draft under the letter of credit shall be authorized.

Disapproval of Variance Request

In the event the requested variation is not approved by the BoA, this agreement is rendered null and void.

Entire Agreement

The parties hereby acknowledge this is the entire agreement as relates to Vespaio's request for a variance from the BoA and BCNA's agreement to support and not oppose such variance request.

RE. Case Number C15-2015-0071 (1612 S. Congress Ave 78704 Enoteca/Vespaio)

Dear Ms. Heldenfels,

As the residents and neighbors living nearest to the Enoteca / Vespaio property located at 1612 S. Congress Avenue, we submit the attached letter in full support of the variance requested.

Please see the attached letter, signed by 7 residents and neighbors, living within 300 feet of the property at 1612 S. Congress Avenue.

We believe that the awning and changes to the patio area will upgrade the appearance of the site. Seating customers during inclement weather will not impact parking or traffic beyond that which already exists in our close by area.

Logically there are typically fewer people visiting the S. Congress area shops and restaurants during times of inclement weather, resulting in an overall reduction of parking and issues at these times.

Our parking and traffic issues in this SoCo area are severe and generally underserved by the City of Austin, considering the property investment, growth, visitor & tourist levels and tax value creation in our area. We respectfully request that the City of Austin make significant investments to improve this SoCo area and make our streets safer for residents and visitors alike.

Variances such as this one requested are not causing the problem. A lack of City of Austin active parking enforcement, maintenance of signage, curb painting for no-parking (especially for corners and intersections), painted crosswalks and stop lines at existing sidewalk areas and additional sidewalks in the neighborhood, along with an overall improvement of traffic control are some of the major issues in our area. Please place more emphasis on these issues to improve our SoCo area.

We fully support the requested variance. Thank you in advance for your consideration.

Jeff Seiden  
1705 Eva Street 512-202-6500  
Yellow Zone Representative - BCNA

To: City of Austin - BOA  
From: Nearby Bouldin Creek Residential Neighbors of Vespaio / Enoteca  
Date: September 12, 2015  
Subject: Support of Vespaio / Enoteca (1610/1620 S. Congress Ave. Austin, TX 78704)  
Variance request - Cantilevered Awning Setback

12/21

To: City of Austin, BOA and Whom It May Concern:

We the closest nearby residential neighbors to the Vespaio / Enoteca restaurant site, hereby support the variance request that would provide for the installation of a permanently affixed awning over the existing patio area located adjacent to the 1610/1620 S. Congress Ave - Vespaio / Enoteca restaurant, with such patio situated on the north side of W. Milton Street, and west of S. Congress Avenue.

We see this Awning addition as a visual enhancement to the existing fenced patio area, that could provide for inclement weather use of the patio without increasing the number of tables or seats available in that space, and its design as visually compatible with the porch areas found on the front of Bouldin Creek neighborhood residential homes adjacent to the Vespaio / Enoteca site.

We ask that the BOA consider our support as an important contributing element in its approval of this use and setback variance.

Sincerely,

Nearby neighbors as signed below.

### PUBLIC HEARING INFORMATION

Although applicants and/or their agent(s) are expected to attend a public hearing, **you are not required to attend**. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed application. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During a public hearing, the board or commission may postpone or continue an application's hearing to a later date, or recommend approval or denial of the application. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice will be sent.

A board or commission's decision may be appealed by a person with standing to appeal, or an interested party that is identified as a person who can appeal the decision. The body holding a public hearing on an appeal will determine whether a person has standing to appeal the decision.

An interested party is defined as a person who is the applicant or record owner of the subject property, or who communicates an interest to a board or commission by:  
delivering a written statement to the board or commission before or during the public hearing that generally identifies the issues of concern (*it may be delivered to the contact person listed on a notice*); or  
appearing and speaking for the record at the public hearing;  
and:

- occupies a primary residence that is within 500 feet of the subject property or proposed development;
- is the record owner of property within 500 feet of the subject property or proposed development; or
- is an officer of an environmental or neighborhood organization that has an interest in or whose declared boundaries are within 500 feet of the subject property or proposed development.

A notice of appeal must be filed with the director of the responsible department no later than 10 days after the decision. An appeal form may be available from the responsible department.

Comments:

We would not oppose this permit, if the applicant would agree in writing not to seek to <sup>enlarge or</sup> enclose this patio area in the future with walls, or to make it a fully enclosed addition to the existing building. This should be a covenant in a form that can be filed in the deed records, and should run with the land. Applicant must post a bond to reimburse BCNA for attorney fees if this covenant is ever violated.

RE: Case Number C15-2015-0071, 1612 South Congress

Dear Ms. Heldenfels,

The Board of the South Congress Improvement Association (SCIA) would like to register its support of the variance request to construct a patio cover structure for Enoteca located at 1612 South Congress Avenue.

The Board supports the request because Vespaio/Enoteca is a long established, successful restaurant which adds significantly to the vitality of the South Congress District and to Austin. Patios and outdoor dining are encouraged as they help promote a vibrant pedestrian environment. The proposed patio cover structure will provide much needed shade and protection from the elements and we commend Mr. Benayoun for the aesthetically pleasing design. Sub Chapter E – Commercial Design Standards allow awnings to cover sidewalks to the property line. This cover will also go the property line and provide a similar type of relief and enjoyment.

The Board supports the request as it is reasonable in this urban location and is consistent with Austin's goals of providing vibrant, commercial districts where residents can enjoy outdoor dining in a pedestrian friendly environment. Please provide this letter of support to the Board of Adjustment members for their consideration.

Best Regards,

Andrew Moore  
Executive Director  
South Congress Improvement Association

RE: Case Number C15-2015-0071, 1612 South Congress

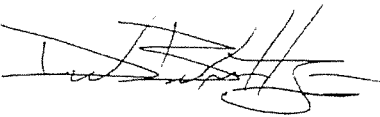

Dear Ms. Heldenfels,

The South Congress Merchants Association (SCMA) recently learned of the variance request to construct a patio cover structure for one of our association's members, Enoteca, located at 1612 South Congress Avenue. As both Enoteca and Vespaio are long-standing businesses and positive contributors to both the South Congress shopping district and greater Austin as a whole, the SCMA fully supports the requested variance.

Mr. Benayoun's excellent design for the new awning will allow Enoteca to continue serving customers both during inclement weather and during hot weather when outdoor diners require shade. South Congress merchants welcome such additions to our shopping district's environment, as it promotes business both during inclement weather and otherwise, and encourages commerce. Furthermore, such awnings already have precedent in the City of Austin's Commercial Design Standards, and this variance will not exceed similar design standards granted to other businesses.

In closing, the South Congress Merchants Association fully supports Enoteca's request as a positive and worthwhile effort that will contribute to our vibrant and pedestrian-friendly commercial corridor, and we ask that you provide this letter to the Board of Adjustment as evidence of our support.

Sincerely,

Brandon Hodge  
President  
South Congress Merchants Association
