Additional Backup Information

In March 2012, the City Council approved an ordinance consenting to the creation of the Pilot Knob Municipal Utility Districts (MUDs). These MUDs include approximately 2,214 acres located in southeastern Travis County at a designated center and transportation corridor as indicated in the draft Imagine Austin Growth Concept Map within the City's extraterritorial jurisdiction. As part of the agreement consenting to the creation of the MUDs, the City agreed to defer full purpose annexation of the MUDs for approximately 25 years or longer but would annex the MUDs for limited purposes shortly after giving consent to MUD creation.

In May 2012, the City and the MUDs entered into a Strategic Partnership Agreement (SPA) and Agreement Concerning Creation and Operation (Consent Agreement), and the City annexed the area for limited purposes. At that time, several out-parcels within the larger project area had not yet been acquired by the developer. The SPA and Consent Agreement subsequently provided a process for later adding the out-parcels to the MUD and to the City's limited purpose jurisdiction if the developer acquired fee simple title to those tracts of land.

The proposed action is to approve an ordinance to annex a recently acquired out-parcel, the Collins Tract, for limited purposes in accordance with the terms of the agreements between the City and the MUD. Limited purpose annexation will facilitate zoning and development of this area. A related Planned Unit Development (PUD) zoning case was approved on first reading at the October 8, 2015 Council meeting and is posted for Council consideration on this agenda.
