Importance: High

Hi Jerry and Greg,

The neighbors in case C14-2014-0186 (Hopper-Finley Tract) are asking for a postponement of 3rd reading of the case to February 11, 2016 (please see below). The agent for the case, Michael Whellan, had requested that the case be placed on the January 28th CC agenda to complete the case as it has been in since October 24, 2014.

I was not informed about the time and date of the meeting with the County until now.

Thanks,

It has just been brought to our attention that this case has been re-scheduled for City Council Meeting on January 28, 2016 from February 11, 2016.

There will be a meeting regarding issues on this case at the Travis County Office on Wednesday, February 3, 2016 at 10:00 am with the following people and maybe more attending.

TC Commissioner Brigid Shea  
TC Commissioner Ron Davis (unconfirmed)  
Council Member Leslie Pool  
Mayor's Chief of Staff John-Michael Cortez City of Pflugerville Assistant City Manager Trey Fletcher and staff Emily Baron Zoning & Platting Commissioner Ann Denkler TC Transportation Dept Head David Greear & Staff CM Pool Policy Advisor Louisa Brinsmade Property owner Tim Finley & Michael Wheelan, Rep.  
Pflugerville Springhill Subdivision Residents: Janie & Louis Zbranek, Arlene Moody, Robert Boehm & Frances Petter

It only makes good sense that the 3rd Hearing on this case should be held after the important County Meeting is held on February 3rd.

Therefore, we are asking for a postponement for the 3rd hearing on this case to the original date scheduled, stated at last Council Meeting on December 10, 2015, to February 11, 2016.

Thanking you all in advance for your assistance in getting this date changed.
