Additional Backup Information

Council's Open Space, Environment, and Sustainability Committee recommended that the deadline to provide a final report be August 31, 2016; and that the final report should be presented to the Open Space, Environment, and Sustainability Committee on September 28, 2016. In order for the task force to continue its work, the expiration date in Resolution No. 20150305-025 must be amended so that it is consistent with the deadline to complete its assigned tasks.
