Additional Backup Information				

The Texas Department of Transportation (TxDOT) plans to construct roadway and drainage improvements on IH-35 north and south of 51st Street. The City is required to relocate fire hydrant and water valve, adjust water valves to finished-grade to prevent conflict with the proposed TxDOT roadway improvements.

This project is a federally funded project. In accordance with applicable federal regulations, TxDOT is responsible for providing 100% of the engineering and construction costs and, reimbursing the City for project management, reviewing, inspection and administrative cost of the project (management costs).

TxDOT will, upon the City's acceptance of the relocation and adjustments, and upon receipt of final billing, reimburse the City for the management costs.

This project is located within Council Districts 4 and 9.

This project is managed by the Public Works Department.
