Dumping Location

Creek Centerline

CWQZ

# Complaint History

Area has a long history of illegal dumping activity resulting in regular cleanups at the dead-end of Harold Ct.

Cameras were installed by Code Compliance to avert dumping

# Complaint History

Debris on City property is 10+ years old

Access to City property has been blocked off

# Environmental Impacts

**Soil contamination from  
petroleum waste**

# Environmental Impacts

**Possible asbestos-containing  
waste material.**

# What Happens Now?

Determine contents of debris piles

Develop a waste removal action plan

- Determine what can be easily disposed of as regular waste
- Determine what may require special handling
- Determine post-removal environmental sampling

# Who and When?

- We have identified City resources and funding
- Schedule
