### NXP Semiconductors and Samsung Austin Semiconductor, LLCs' Request for a Prehearing Conference

NXP Semiconductor, Inc. ("NXP") and Samsung Austin Semiconductor, LLC ("Samsung"), files this Request for a Prehearing Conference. In light of the upcoming hearing scheduled for May 31, 2016 to June 3, 2016 and several pending motions, NXP and Samsung believe a prehearing conference is necessary for the efficient administration of this proceeding. Therefore, NXP and Samsung propose a prehearing conference be held on either Wednesday May 25 or Thursday May 26. This prehearing conference will allow parties the opportunity to discuss several outstanding issues including: (1) the pending motions before the Impartial Hearing Examiner that must be ruled upon before the hearing; and, (2) the format of the hearing and other related issues. In order to fully prepare for the upcoming hearing, this prehearing conference must be called quickly.<sup>1</sup> Due to the issues that must be addressed in order to allow for an organized hearing, NXP and Samsung respectfully request the Independent Hearing Examiner call for a prehearing conference on either May 25<sup>th</sup> or May 26<sup>th</sup> to address the issues identified above.

<sup>1</sup> Pursuant to Procedural Rule § 5.1(a) the IHE "will inform the Parties about the prehearing conference at least five days before the prehearing conference is scheduled to be held" in order to give parties adequate time to make arrangements to attend a prehearing conference. NXP and Samsungs' proposed dates are consistent with this notice requirement.

Respectfully submitted,
