Additional Backup Information				

The contract will provide 45 mountain bicycles to the Austin Police Department (APD) Downtown Area Command Unit and Specialized Patrol Parks Police. These bicycles will replace some of the existing fleet currently being used by these two units of APD. The new bicycles will be used 24 hours a day, seven days a week primarily around the Austin downtown area, but also on hike and bike trails, greenbelts, and parks when needed. The bicycles are a more sustainable and less expensive alternative to patrol cars. Additionally, bicycles offer more accessibility for police patrols in the congested downtown area and during various Austin festivals, allowing patrol officers to focus on community policing and positive engagement with citizens.

If the City is unable to enter into this contract, APD will not have a sufficient number of bicycles necessary for the continued bicycle patrol of City streets and parks.
