Additional Backup Information

The proposed Cascades I at Onion Creek Planned Unit Development (PUD) is a 135.796 acre mixed use project generally located south of Onion Creek, and includes multi-family residential, including senior housing, single family residential, amenity center, day care services and parkland components. The Development Assessment process is described in City Code Chapter 25-2 and requires City staff to present the PUD to City Council at an early stage of the staff review process for Council's consideration and input. City staff will continue their review, and the PUD will be presented to City Council for final approval at a later date.
