Additional Backup Information

Lakeline Boulevard is a divided collector roadway located within the full purpose jurisdiction of the City of Austin, Williamson County, Texas. (See exhibits A&B).

In recent years, Lakeline Boulevard has experienced an increase in traffic volume due to residential and civic development in the area, including two new apartment complexes and the H.E.B. retail center. To accommodate traffic movement, Williamson County has proposed to widen the roadway, at their expense, to provide three right turn lanes: 1) a right turn lane into Lakeline East Apartments, 2) a right turn lane at Pecan Park Boulevard, and 3) a right turn lane into H.E.B's Driveway. The south curb line of the roadway will be removed allowing the roadway to be widened. The improvements will comprise of paving, grading, drainage, illumination, signals, retaining walls, signing and pavement markings. The roadway improvements will improve traffic flow through the project limits.
