Martin Luther King Colony Park and Recreation Center
Martin Luther King

The Reverend Martin Luther King: He said;

"An individual has not started living fully until they can rise above the narrow confines of individualistic concerns to the broader concerns of humanity....Every person must decide, at some point, whether they will walk in the light of creative altruism or in the darkness of destructive selfishness. This is the judgment. Life's most persistent and urgent question is, What are you doing for others? He was for the people.

He was a leader in the black community and preached the word of the bible and served as our leader for freedom and was involved in the community not only as activist for the people but fought for civil rights.

I feel his name would be a good connection to the facility to honor at this park/recreation center because it is close to the street Martin Luther King and Colony Park and it would not take away the name Colony Park, a park that has been there for years. It would just enhance the park with the name of the Reverend King.

In that side of town, East Austin is mostly of minority population and it is growing, and I feel a recreation center with his name would add and enhance the memory of The Reverend Martin Luther King, when we already have a street named after him in the same area location.

APPLICATION FOR FACILITY NAMING

I/WE, COLONY PARK ASSOCIATION, INC., request that the name of COLONY PARK & TURNER/ROBERTS RECREATION CENTER be considered for the facility located at Loyola Lane in the Colony Park Area.

Biographical Synopsis:

Mrs. Roberts was also very active in the on-going goals for making sure East Austin was not overlooked in all the city planning endeavors.

Individual's Connection to the Facility:

Mrs. Turner is a member of the Colony Park Associations. Inc.

I/WE will pay full cost _____ or will participate _____ % in the cost of replacement of signs and plaques.

Submitted to the Parks and Recreation Department this 21st day of March 2003.

Dorothy Turner and Velma Roberts

Dorothy Turner and the late Velma Roberts have been civil rights activists for as long as I can remember, In california we read in the papers of accomplishments and contibutions when I lived in california, and when I was stationed at bergstrom AFB, I had the opportunity to work closely with both of those great and strong black women on different issues for the community. They worked for the rights of all, people reconized and loved them both, Velma Roberts died a couple of years ago, but Mrs. Turner still lives in colony park and she has been at the doorway of death several times, but God is good and she's a survivor.

MEMORANDUM

To: Parks and Recreation Board

From: Jesus M. Olivares, Director
Parks and Recreation Department

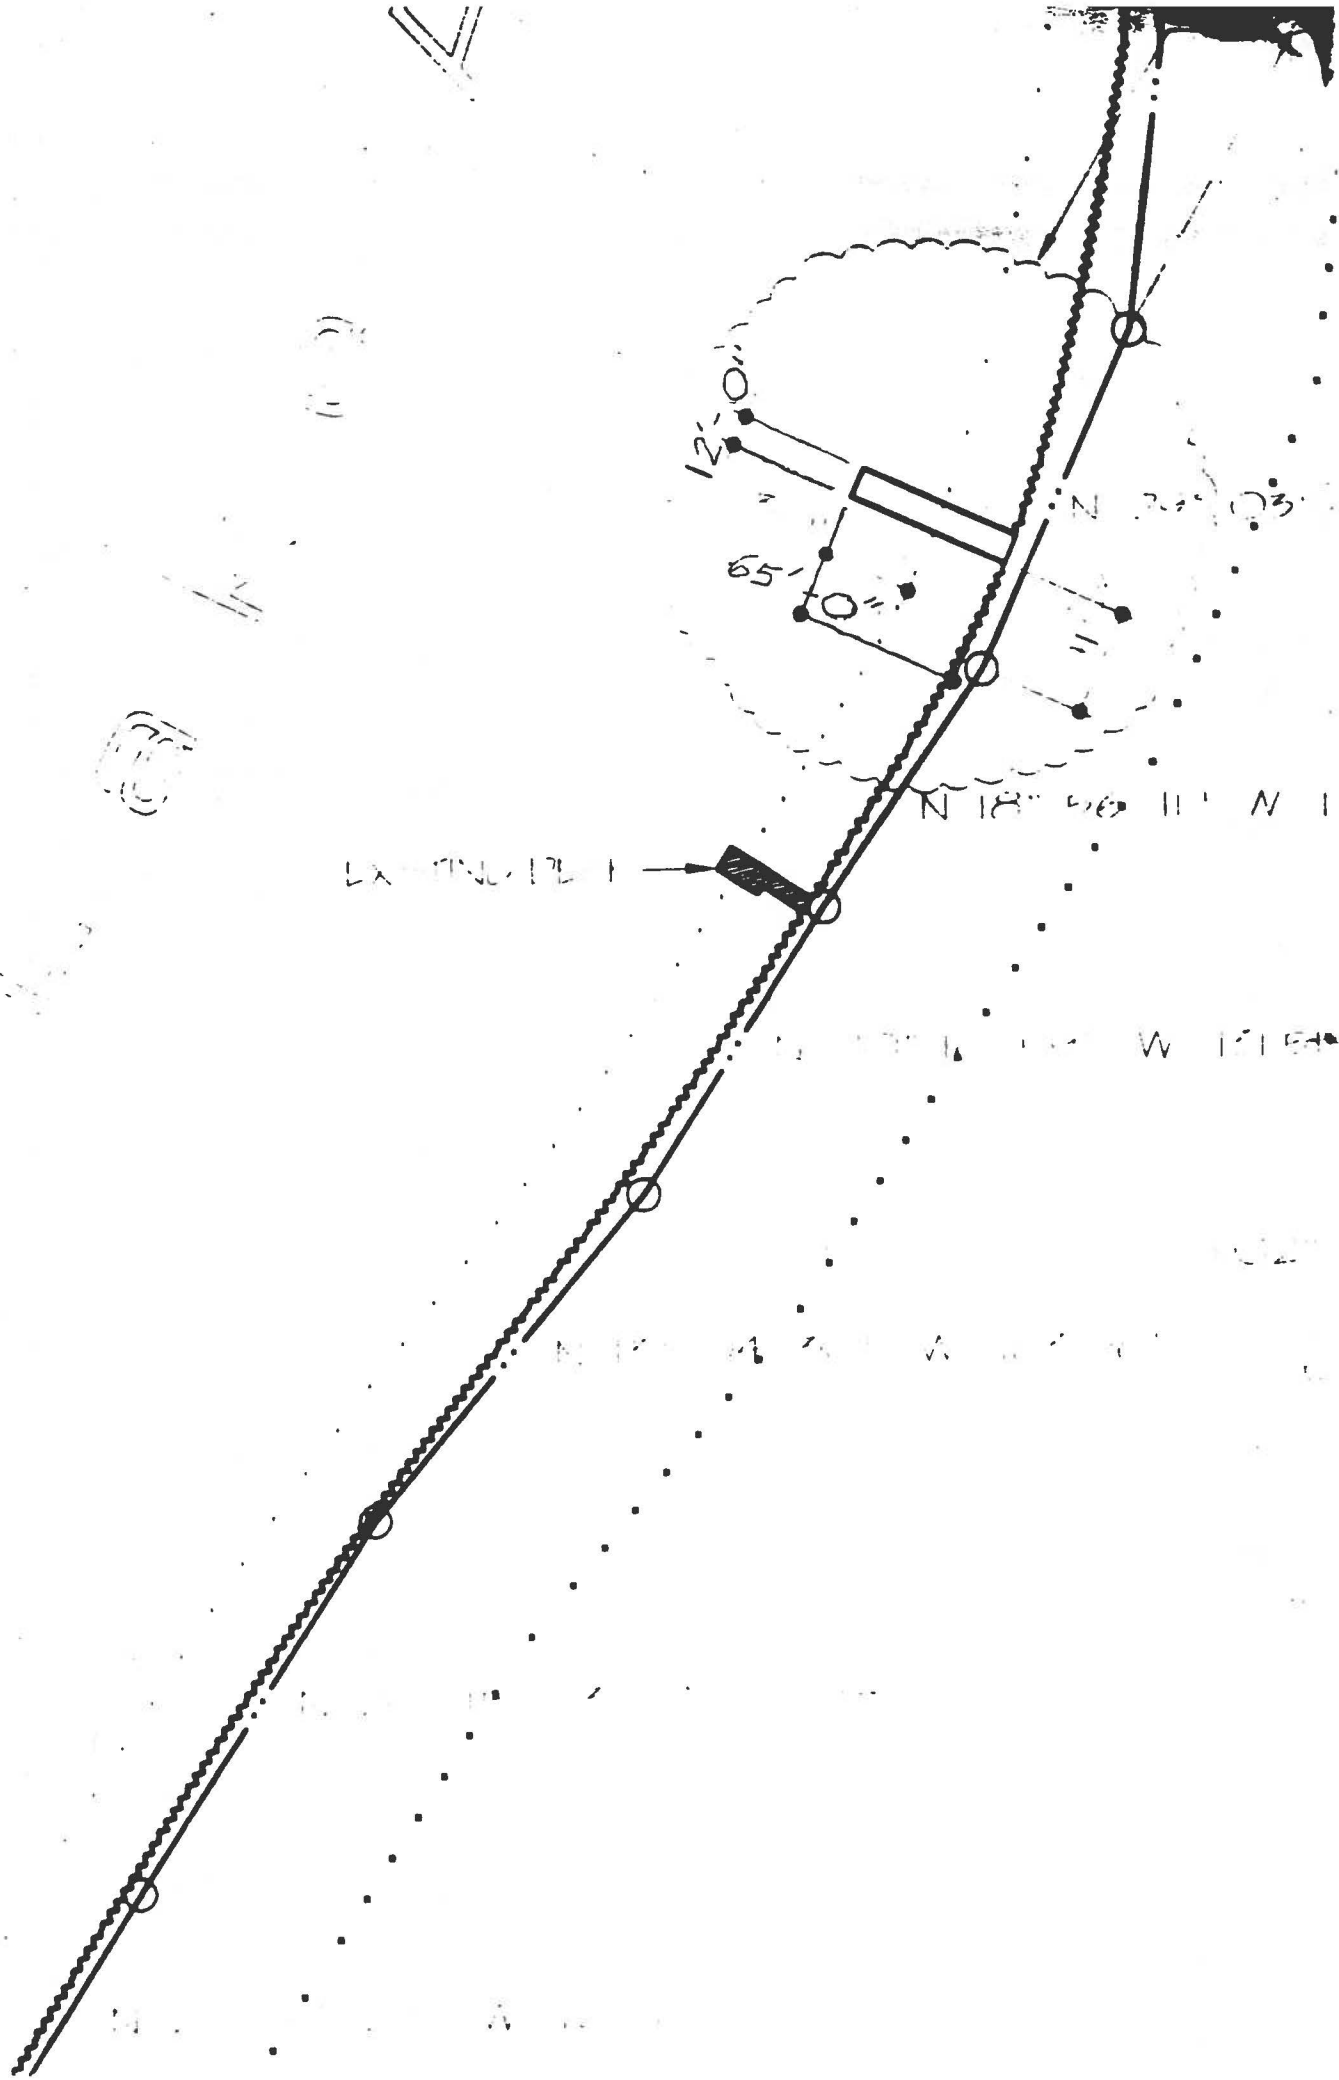

Date: May 27, 2003

Subject: Construction of Mueller dock at 4909 Highway 2222.
File No. SP-03-0033DS.

A request has been received from Gene Lucas on the behalf of R. G. JR Mueller to construct a boat dock on Lake Austin.

The Parks and Recreation Department (PARD) staff has reviewed plans for the proposed project and finds they do not meet the requirements of Article XIII, Section 25-2-1176, (Regulations for the Construction of Boat Docks) of the Land Development Code. The proposed dock extends 65' from the shoreline. The location of the proposed dock is just East of the 360 bridge on the North shore. This is the highest traffic area on the lake. A dock may not extend more than 30' from the shoreline unless the Parks and Recreation Board determines that the dock will not create a hazard and approves the construction of the dock. The Parks and Recreation Board shall make a recommendation on the distance a dock can extend without creating a hazard.

Subject: Site Plan for Sidaras dock at 3300 Blue Jay Lane.
File No. SP-02-0186DS.

Stephen Sidaras has filed a Site Plan with the City of Austin for a boat dock that was constructed in August/September 2000. The property was red tagged on September 14, 2000.

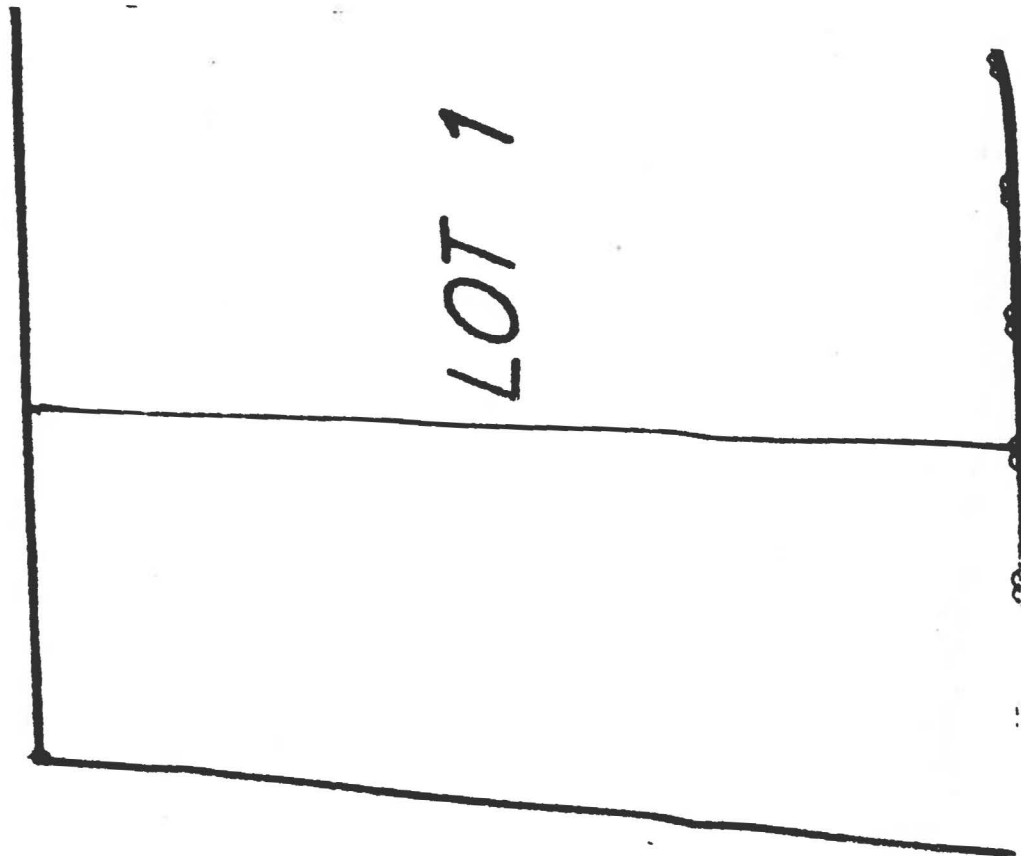

The Parks and Recreation Department (PARC) staff has reviewed plans for the proposed project and finds they do not meet the requirements of Article XIII, Section 25-2-1176, (Regulations for the Construction of Boat Docks) of the Land Development Code. The proposed dock exceeds 20% of the shoreline frontage and extends beyond 30' from shore.

The Parks Board shall make a recommendation on the distance a dock may extend into the lake and approval by the board is required for a structure to be greater than 20% of the shoreline width.

Parks and Recreation Department

MEMORANDUM

To: Parks and Recreation Board

From: Jesus M. Olivares, Director
Parks and Recreation Department

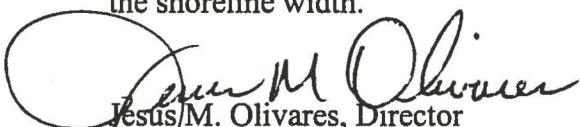

Date: May 27, 2003

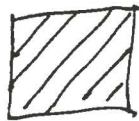

Subject: Site Plan Correction at 3002 Scenic Drive
File No. SP-01-0251DS

A site plan correction has been received from Bruce Aupperle on the behalf of Jerry and Johnstone Bell to change the dimensions and position of a boat dock that has been constructed and red tagged at 3002 Scenic Drive. The dock was built not in accordance to the approved site plan.

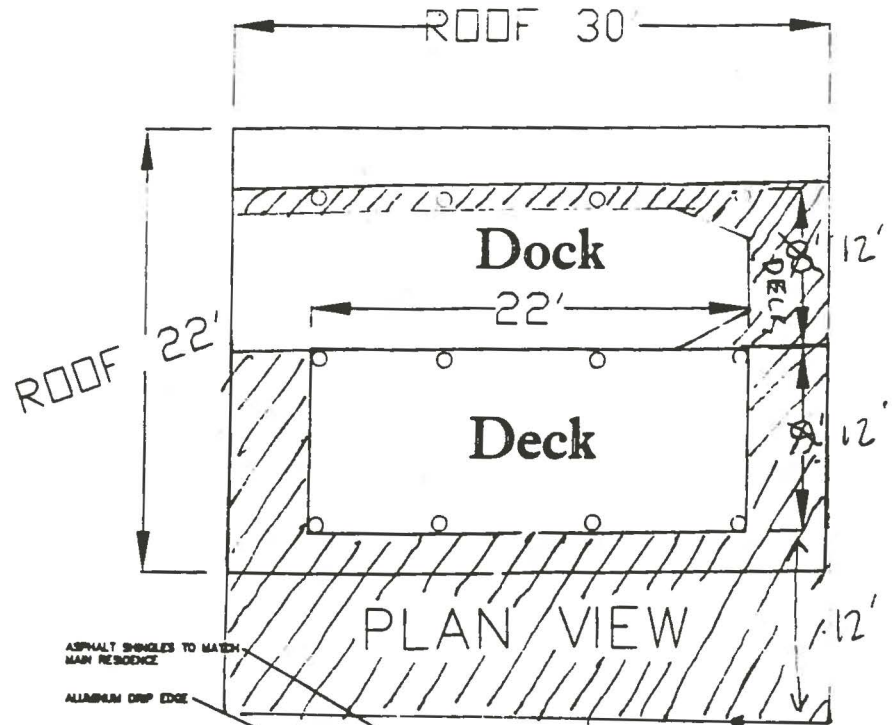

The Parks and Recreation Department (PARD) staff has reviewed the site plan correction and finds they do not meet the requirements of Article XIII, Section 25-2-1176, Parts B and D, (Regulations for the Construction of Boat Docks) of the Land Development Code. The Parks Board approved an 8' X 22" boat dock placed parallel to the shore. The board gave variances for this dock to be constructed. The dock that was built is 12' X 30'. The 30' measured parallel to the shoreline is 39% of the shoreline frontage. The approved 22' was 29% of the shoreline frontage. The approved dock was to be dug into the shore 3' and extend 5' from the original shore. If the dock were dug into the shore, the dock would have extended into the slough 20% of the sloughs width. The dock was not dug into shore and extends 12' from shore. The dock is now 43% of the slough width.

The Parks Board shall make a recommendation on the distance a dock may extend into the slough and approval by the board is required for a structure to be greater than 20% of the shoreline width.
