This contract is exempt from the City Code Chapter 2-9C Minority Owned and Women Owned Business Enterprise Procurement Program; therefore, no subcontracting goals were established.

Additional Backup Information

The contract is to provide parts and repair services for the City's fleet of Pierce fire apparatus and Oshkosh airport emergency fire apparatus to meet departmental operational needs. Siddons-Martin Emergency Group, LLC is the only authorized dealer in Texas for Pierce fire apparatus and Oshkosh airport emergency fire apparatus.

The City currently has 77 Pierce fire apparatus and five Oshkosh airport emergency fire apparatus in the fleet inventory with eight additional apparatus to be purchased in the next fiscal year. The contract is necessary to provide Fleet Services with a reliable and continuous source for parts and repair services. Without this contract, Fleet Services will have to procure these parts and repair services through individual purchases as needed. This will cause delays in repairs to fire apparatus, which will significantly increase the downtime for these apparatus or result in emergency purchases and impact the department's ability to provide services to the citizens of Austin.
