Additional Backup Information

Under the City Code, Council must conduct a public hearing to receive public comment on any proposed rate changes for garbage collection rates. Austin Resource Recovery (ARR) is proposing rate changes in the Fiscal Year 2016-2017 Proposed Budget. Council is scheduled to adopt the budget in September, 2016.

City Code Section 2-5-45 specifically requires a public hearing before Council approves any changes in electric, water, wastewater, and garbage collection rates.

The rate changes include rate increases, rate decreases and rate eliminations. All changes are described in the supporting document.
