TILS	Council adopted a Sidewalk Master Plan established a target of \$15M in regular annual budget funding by 2018 with a transitional budget target of \$7.5M for 2017. The targets are meant to provide a stable funding source for sidewalk needs and reduce dependence on bonds as the primary source of funding. The current proposed budget provides \$4.2M for sidewalk and concrete repair. There are no funds available for new sidewalk construction. This item proposes \$3.3M for new sidewalk construction. This amount provides funds for sidewalks in case the 2016 bond does not pass. If bonds are approved, the amount can still be used toward sidewalk need and meet the master plan goal of providing \$7.5M for 2017.
