RESTRICTIVE COVENANT TERMINATION REVIEW SHEET

CASE: C14-79-065(RCT) – Earl M. McClure

P.C. DATE: July 26, 2016
September 13, 2016

ADDRESS: 80 Red River Street

DISTRICT AREA: 9

OWNER/APPLICANT: The Villas On Town Lake Owners Association, Inc. (Gary Johnson)

AGENT: Consort, Inc. (Ben Turner)

EXISTING ZONING: CBD

AREA: 2.89 acres

SUMMARY STAFF RECOMMENDATION:
Staff recommends termination of the Restrictive Covenant.

PLANNING COMMISSION RECOMMENDATION:

July 26, 2016: APPROVED A POSTPONEMENT REQUEST BY THE NEIGHBORHOOD AND APPLICANT TO SEPTEMBER 13, 2016
(J. SHIEH; P. SEEGER - 2ND) (10-0) F. KAZI, A. PINEYRODEHOYOS, J. THOMPSON - ABSENT

September 13, 2016: APPROVED TERMINATION OF THE RESTRICTIVE COVENANT (T. NUCKOLS; P. SEEGER - 2ND) (10-0) K. MCGRAW; J. SCHISSLER, J. VELA - ABSENT

ISSUES: The Shore Condominium Association, Inc. has submitted a letter in opposition to the proposed termination of the Restrictive Covenant. Correspondence in favor of and in opposition to the request is also attached at the back of this report.

DEPARTMENT COMMENTS:

The subject tract is a legally platted lot on approximately 2.89 acres located at the intersection of Red River and Davis Streets. Development on the tract is the Villas On Town Lake Condominiums comprised of 6 buildings ranging from 2-3 stories that contain 58 dwelling units, a single-level (subgrade) parking facility, and a swimming pool. The property is gated with restricted pedestrian and vehicular access from the intersection of Red River and Davis Streets and also has pedestrian access directly to the Lady Bird Lake Trail to the south and the Waller Creek Greenbelt that runs along the western edge of the property.

In 1980, with case C14-79-065, the property was rezoned from family residence (SF-3) to multifamily residence medium density (MF-3) district zoning per Ordinance No. 80-0228-P (Exhibit C). The rezoning was accompanied by a restrictive covenant that prohibits density greater than 30 dwelling units per acre (Exhibit D). At the time,
development in the area was comprised of small scale businesses and a few blocks of predominantly single family residences, at a much lower density.

In 2005, the subject property, as well as the adjacent Shore Condominiums and seven other blocks of land between Red River and IH-35 were rezoned to the central business district (CBD) with Ordinance No. 20050407-051 (Exhibit E). CBD zoning was the product of a 2004 Council resolution and meetings with stakeholders resulting in goals for rezoning that included tree preservation and the unique historical character, a mixed-income residential component, a pedestrian friendly environment, the use of green building techniques and urban design criteria associated with performance-based economic incentive policies. Since that time, CBD zoning has resulted in significant redevelopment of this area, including apartments, condominiums, a hotel, restaurants and cocktail lounges, and the Rainey Street area is now a vibrant destination area.

With approval of nearly 89% of the property owners by vote on June 14, 2016, the property is under contract to be sold to new ownership. Termination of the restrictive covenant has been requested in preparation for redevelopment of the property with the existing CBD zoning district entitlements, including increased density.

The subject property is located within a Regional Center as defined by the Imagine Austin Comprehensive Plan (IACP) as well as the Waller Creek District of the Downtown Austin Plan (DAP). The IACP assigns Regional Centers with the greatest density and greatest variety of uses in the tallest buildings. More specifically, goals of the Waller Creek District of the DAP encourage development that is diverse and creative and that will provide a mix of uses and affordability in a way that will protect, enhance or transform Waller Creek into an urban greenway and bring vitality to the district by providing destination stops and connecting it to the surrounding districts and communities. Additionally, the property is within the Waterfront Overlay which promotes harmonious interaction and transition between urban development and the park land and shoreline of Lady Bird Lake. As such, any site plan for future development of the subject property will require review by the Small-Area Planning Joint Committee to ensure that the development meets the intent of the Waterfront Overlay.

Termination of the existing restrictive covenant appears to be congruent with the IACP and the DAP in that it will allow for redevelopment that will contribute to implementing the intent and goals to promote compact and dense development that will encourage a variety of uses in close proximity to each other and will support a more sustainable system of transportation. With this, Staff recommends termination of the Restrictive Covenant.

6822 541
RESOLUTION NO. 040212-35

WHEREAS, in June 1999, Council adopted a resolution directing the City Manager to work with residents, business owners, and property owners in the Rainey Street Area to facilitate discussions to develop land use objectives and priorities for the area; and

WHEREAS, in March 2000, the Rainey Street Neighborhood Association presented to the City the results of these discussions in the Rainey Street Neighborhood Redevelopment Strategy; and

WHEREAS, in 2003 the Downtown Commission facilitated a community dialogue regarding Rainey Street redevelopment options and prepared a detailed report outlining its recommendations; and

WHEREAS, the Downtown Commission report recommends a review and revision of the regulations applicable to the Rainey Street subdistrict of the waterfront overlay; and

WHEREAS, voters have approved funding for the development of the Mexican American Cultural Center in the Rainey Street Area; and

WHEREAS, the City has created a Mexican American Cultural Center Advisory Board to make recommendations on issues affecting the development and operations of the center; NOW, THEREFORE,
BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:

Council initiates the rezoning of properties in the Rainey Street Area, which is bounded on the west by Waller Creek, the south by Town Lake, the east by IH-35, and the north by Cesar Chavez Street. The City Manager is directed to develop zoning recommendations for presentation to Council. The City Manager is also directed to review the regulations applicable to the Rainey Street subdistrict of the waterfront overlay combining district and present recommended amendments to Council. The City Manager shall consider the recommendations of the Rainey Street Redevelopment Strategy, the Downtown Commission, and the development plans of the Mexican American Cultural Center when making recommendations on rezoning the Rainey Street Area property and revising the Rainey Street subdistrict regulations. The City Manager shall present recommendations on both items on or before June 10, 2004.

The City Manager shall also present the recommendations on zoning and the Rainey Street subdistrict regulations to the following boards and commissions: the Downtown Commission, the Design Commission, the Mexican American Cultural Center Advisory Board, the Parks and Recreation Advisory Board, and the Historic Landmark Commission. Each board and commission shall forward its recommendation to the Zoning and Platting Commission. The Zoning and Platting Commission shall present the zoning and the Rainey Street subdistrict regulations to Council. If Council determines that amendments to the Rainey Street subdistrict regulations are appropriate, Council will forward the amendments to the Planning Commission.
BE IT FURTHER RESOLVED:

Council directs the City Manager to conduct an analysis of the infrastructure within the Rainey Street Area and to provide a summary of the current development restrictions within the Rainey Street Area.

BE IT FURTHER RESOLVED:

Council requests that the above-named boards and commissions recommend a development incentive proposal for the Rainey Street Area that promotes the following types of goals: 1. the preservation of trees and the unique and historic character of the area; 2. a strong mixed-income residential component within the development; 3. a pedestrian-friendly environment; 4. the use of green building techniques; and 5. the use of urban design criteria that are typically included in the City’s performance-based economic incentive policies.

ORDINANCE NO. 20050407-051

AN ORDINANCE REZONING AND CHANGING THE ZONING MAP FOR THE PROPERTY LOCATED WITHIN THE AREA SOUTHWEST OF THE INTERSECTION OF DAVIS STREET AND RED RIVER STREET AND WEST OF RAINEY STREET BETWEEN DAVIS STREET AND RED RIVER STREET, IN THE RAINEY STREET SUBDISTRICT OF THE WATERFRONT OVERLAY COMBINING DISTRICT, FROM FAMILY RESIDENCE (SF-3) DISTRICT, MULTIFAMILY RESIDENCE MEDIUM DENSITY (MF-3) DISTRICT AND GENERAL COMMERCIAL SERVICES (CS) DISTRICT TO CENTRAL BUSINESS DISTRICT (CBD).

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:

PART 1. The zoning map established by Section 25-2-191 of the City Code is amended to change the base district from family residence (SF-3) district, multifamily residence medium density (MF-3) district and general commercial services (CS) district to central business district (CBD) on the property described as Tract A in Zoning Case No. C14-04-0078, on file at the Neighborhood Planning and Zoning Department, as follows:

Approximately 6.39 acres of land, situated in Outlots 72 and 73, Division E, Driskill and Rainey Subdivision, the Red River Addition, and the Villas on Townlake Condominiums, in the City of Austin, Travis County, Texas, generally identified in the map attached as Exhibit “A”, and

locally known as the property located within the area southwest of the intersection of Davis Street and Red River Street and west of Rainey Street between Davis Street and Red River Street, in the Rainey Street subdistrict of the waterfront overlay combining district in the City of Austin.
PART 2. This ordinance takes effect on April 18, 2005.

Page 2 of 2
Dear Ms. Rhoades:

This case and these hearings are about removal of the restrictive covenant on the Villas property at 80 Red River. I sent in my form saying that I support removal of the covenant. I did not write a comment on the form, and I am unable to attend the public hearings, but I would like to submit this comment.

First, and most directly relevant under Texas law, the covenant is obsolete. The neighborhood has been completely transformed since the covenant was created. The Villas parcel was then surrounded by small, low-rise buildings, mostly single family residences. It is now surrounded by tall towers, restaurants, and bars.

Second, there was never any explicit reciprocity in this covenant. The Villas parcel was restricted, but its neighbors were not, which is what permitted transformation of the neighborhood.

Third, the implicit reciprocity has been fundamentally breached. The covenant was put in place to protect the surrounding low density and residential neighborhood. It applied only to the Villas parcel because everyone apparently assumed that the surrounding neighborhood would never be changed.

But it was changed. The people to be protected are no longer there; the uses to be protected are no longer there; and many of the buildings to be protected are no longer there. And the neighborhood that helped attract owners to the Villas is no longer there. It is a different kind of neighborhood now, attracting owners with a different set of preferences.

Finally, it is fundamentally unfair that every other parcel in the neighborhood can be redeveloped and that only the Villas parcel should be denied permission to redevelop. The owners in the Shores, who are objecting to further development only after their own tower is up, knew perfectly well that they were not buying lakefront property. And it was perfectly foreseeable that with the whole neighborhood being redeveloped, the Villas parcel would sooner or later be redeveloped too.

This obsolete covenant should be removed, and the property developed consistent with its zoning.

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application’s hearing to a later date, or may evaluate the City staff’s recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before or at a public hearing. Your comments should include the board or commission’s name, the scheduled date of the public hearing, and the Case Number and the contact person listed on the notice.

To Whom It May Concern:

In regards to the 1979 Restrictive Covenant (density agreement) between the City of Austin and the owners of the property as described in the Covenant (attached), the Board of Directors for the Villas on Town Lake Owners Association, Inc., has voted by unanimous written consent to support amending the 1979 density agreement with the City of Austin to remove the density restriction. The record of this vote is on file with Beck and Company Real Estate Services, the property manager for the Villas on Town Lake Condominiums.

Sincerely,

Comments: It is my belief as a resident since 1986 and once HOA president, this restrictive covenant was of no use and was not desired by the current HOA membership and should be terminated. The covenant is inhibiting the wishes of the HOA membership as expressed in our 90% vote to sell the property.

Within a single development, a combination of office, retail, commercial, and residential uses in the business, retail, and residential districts. As a result, the Planning District allows for these uses already allowed in the other commercial zones to combine into a single, mixed-use district. The mixed-use district allows for various uses in addition to business, retail, and residential uses, allowing a more diverse development.

The City Council may approve a mixed-use district, but in order to allow for mixed-use development, the City Council must approve a rezoning request. The City Council may grant a rezoning request based on a public hearing.

The notice of the public hearing is published in the application's hearing notice, or a public hearing notice is provided by the City Council.

You may also contact the City Council or the Planning Commission for additional information. You may also contact the Planning Commission, or the City Council, for additional information. You may also contact the Planning Commission, or the City Council, for additional information.
Wendy -- please see attached related to agenda item related to the Villas on Town Lake.

Obviously, Villas owners are strongly in favor of the removal of this deed restriction, and had been unaware of its existence until recently. We had assumed that the city’s rezoning to CBD of the Rainey/Red River neighborhood a decade ago (which we also strongly supported and favored at the time) was the final/most recent word.

best wishes,
Michael A.

During its public hearing, the board or commission may postpone or continue an application’s hearing to a later date, or may evaluate the City staff’s recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application’s hearing to a later date, or may evaluate the City staff’s recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

Comments: I have received numerous public hearing notices related to development in my neighborhood since 2003. I have never voiced objection to any of them. This includes all of the notices related to the construction of the building now known as the Shore. I support the city’s master plan encouraging dense development in the urban core.

Comments: The termination of the restrictive covenant fails to align with the City’s downtown density goals and continues the trend of the Rainey Street District’s modernization. The opportunity for Sutton Company to develop the entire Davis-to-Cesar Chavez section of Red River presents many benefits to the Waller Creek project and this effort shouldn’t be blocked due to short-sightedness of neighboring residents.

Comments: I am in favor of the removal of this covenant. Since the Blaine Street neighborhood was zoned in 2005, an increasingly more densely populated neighborhood has grown around us. The covenant - approved in 1979 - is now antiquated at odds with the rezoned area, and the city’s master plan for the downtown corridor.

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application’s hearing to a later date, or may evaluate the City staff’s recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

For additional information on the City of Austin’s land development process, visit our website: www.austintexas.gov/planning.

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before or at a public hearing. Your comments should include the board or commission’s name, the scheduled date of the public hearing, and the Case Number and the contact person listed on the notice.

Comments: We own 4 properties at the Villas and want the covenant terminated because:
1. It solely restricts residences, but not other large buildings like hotels or offices, so its pointless.
2. It conflicts with CBD zoning and there are no unique arguments to keep the restriction in place – in other words the City has already considered and ruled on this matter.

Comments: Since the 1979 covenant, our neighborhood has been rezoned as a Central Business District (CBD) in 2005. The proposed structure is in compliance with the Rainey Density Bonus Program which "encourages" development, not penalizes and follows suit of the multiple high rises that have gone up in this area. For Austin to remain as one of the top US destinations, residential properties need to be available in the coming years and this property will help with growth particularly economically.

Comments: The residential density restriction won’t prevent a high rise on the property since the buyer owns the adjacent lots also & these allows any type of structure. Also the City has considered and decided the matter of density for the CBD & Rainey Street REPEATEDLY. There are no new arguments for treating 80 Red River uniquely and certainly no compelling reason to deprive 55 owners of millions of an enormous profit. Certain the Share owners wouldn’t want the City stopping their Sale one day.

Comments: I'm former President at the Shore HOA (served in some capacity since 2010) a former Treasurer of their board as well as co-founder of the Rainey Neighbors Association from 2011 to August 2016. I believe this development will complement the spirit of the Downtown Austin plan & the desire of the Rainey Neighbors Association to have "mixed use." Also residential uses have less traffic impact than commercial.

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application’s hearing to a later date, or may evaluate the City staff’s recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

Comments: The Villas on Town Lake is a long-established condo community that was never intended for a crowded multifamily site. The Rainey area neighborhood has a laid-back feel and vibe, and once the Villas are sold the additional vehicle and foot traffic will take away from the neighborhood. Lady Bird Lake allows residents to experience nature while in the city, and two massive residential buildings will have a huge negative impact.

Dear City Officials,

I represent the Home Owners Association for The Shore Condominium Association, INC (Shore HOA) located at 603 Davis Street in the Rainey Neighborhood, District 9. We are writing to you to express our opposition to the removal of the restrictive covenant (see case number above) that’s been in place for nearly thirty years on the site of the Town Lake Villas Townhomes (Villas.)

The owners of the Villas are seeking to have that covenant removed in order to proceed with a sale of the property to the Sutton Development Company. Sutton has informed us that they intend to proceed with the construction of TWO 48+ story mixed use towers on the site. If the covenant is not removed, they’ve said they will proceed with multiple office towers and a possible hotel on the site which do not require any changes to the restrictive covenant.

The Shore HOA does not oppose development, in general. However, this specific proposal combined with the removal of the covenant is not in the best interests of our owners or the citizens of Austin for several reasons:

1. Austin rightfully takes great pride in its river, the area surrounding the river and the preservation of green space in the downtown area. As they exist today, the Villas do not adversely impact any of these interests. However, the construction of such massive buildings as proposed by Sutton, at the confluence of Lady Bird Lake and Wally Creek, would permanently and irreparably harm this area of Austin.

The proposed tower(s) would destroy the views of Austin enjoyed by many residents and visitors, whether biking/hiking the Town Lake Trail or paddling on the river. It would block sunlight from adjacent properties and pool decks. It would lead to the removal of many trees and native plants that serve as homes to osprey, egrets, tanagers, cardinals, finch, chimney swifts and other species.

The Rainey Neighborhood has grown in popularity due to the uniqueness of its location, structures and mix of entertainment many of which are located in low rise homes similar to the Villas. If it is to become nothing more than a concrete canyon, the charm will be lost and visitors may go elsewhere.

Furthermore, the City has never authorized such a massive development on the edge of the river with virtually no set-back. If the proposal goes forward, it could establish a harmful precedent as it relates to future development along the riverfront.

2. The Rainey Neighborhood is accessed by only two streets with Red River being the most important. The other access is via Holly Street. As the neighborhood has grown, road congestion has become a serious problem, as it is in much of Austin. On busy weekend nights, it can take nearly half an hour to travel from Cesar Chavez to the Shore Condo, which is a distance of only three blocks.

While traffic congestion is frustrating to everyone, it’s a serious safety concern for the Shore Condo residents and others in the Rainey neighborhood. In the event of a fire or medical emergency, seconds may mean the difference between life and death. It’s frightening to think of what could happen while first responders are prevented from reaching their destination. With the narrow roads in the neighborhood, lights and sirens won’t help emergency vehicles get through the traffic snarl. The addition of the development: proposed by Sutton will only exacerbate an already untenable situation. We know you have been working to address this very issue and this pending development does nothing to help. The congestion and traffic issues are well documented by the Rainey Neighbors Association close work with Kathy Tovo.

3. Development should be part of a comprehensive plan. The Rainey Neighborhood currently combines a mix of residential properties that range from low-rise structures like the Villas and Millennium, to
moderate high-rises like the Sky House and Shore. But none of these properties infringe on one another. Rather they work in conjunction to maximize access to sunlight and views. The addition of properties proposed by Sutton would destroy that harmony and be out of balance with the rest of the neighborhood.

None of Austin’s largest high-rises, such as the Austonian, Ashton, W, or Four Seasons residence were constructed on the banks of the river. But that’s exactly what will occur if the restrictive covenant on the Villas property is removed. The Imagine Austin Plan as well as the Waller Creek District of the Downtown Austin Plan states goals of diversity, creativity and affordability by providing a mix of uses however building another high rise premium priced condominium in a congested area that already contains 3 such structures accomplishes none of these goals.

For the above stated reasons, the Shore HOA respectfully requests Planning and Zoning oppose the removal of the restrictive covenant currently in place on the Town Lake Villas property.

We appreciate your time and support in this matter,

Best Regards

Landon Turner, General Manager
Somerset Association Management
The Shore

Within a single development, a combination of office, retail, commercial, and residential uses will create a more inviting environment for residents and businesses. The Mixed Use District allows mixed-use development to occur in conjunction with existing residential, commercial, and/or office buildings. This development type can create a more vibrant and dynamic neighborhood that promotes a sense of community and increased economic activity.

During the public hearing, the City Council may grant a more intensive zoning request or refuse the land to a less intensive zoning request. The City Council is the final authority on the decision.

PUBLIC HEARING INFORMATION

You may also contact a neighborhood organization if you have questions or concerns about the proposed development. The contact person listed on the notice is available to answer questions. However, if you do not see the opportunity to speak against the proposal, you are not required to speak. The City Council will only hear statements from the public at the hearing. The hearing is not open to the public. Written comments must be submitted to the board of commission (or the City Council) prior to the hearing. Written comments should include your name, address, and brief statement of support or opposition to the proposed development.

Traffic is a major traffic problem currently.

1000 room hotel not yet open!

Two 48+ story towers will be the largest on the banks of Lady Bird Lake!

All Green Buildings are owned by Sutton and Condos can go there instead of in the blue.

This is a private Drive! not Red River.

The Shore and the Hotel Van Zandt were built knowing this restrictive Covenant was in place.

35 story condo is already slated to go here causing traffic issues.
Ms. Rhoades,

Per our phone conversation, I'm sending pictures of the plans for the Villas redevelopment. The blue area is what the Sutton Company plans to build on the Villas site, and the green area is what The Sutton Company plans for the other sites it owns along Waller Creek.

As I mentioned on the phone, the plans misrepresent the roadways. In the third picture I used a sticky note to point out that what they labeled as "Red River Street" is actually a private drive owned by the Shore and Hotel Van Zandt. It is not large enough to accommodate traffic currently, much less when they are building and have built a high rise with around 1000 additional units.

Comments: Removal of this covenant facilitates the construction of a multi-tower development which will create traffic and pedestrian congestion which our streets cannot handle. Shading affects on local park areas and surrounding buildings should also be considered.

INFORMACIÓN DE AUDIENCIA PÚBLICA

Esta petición de zonificación / rezonificación será repasada y acción será tomada de acuerdo a dos audiencias públicas: ante la Comisión de Usos Urbanos y el cabildo municipal. Aunque solicitantes y/o su(s) agente(s) se les requiere atender la audiencia pública, usted no esta bajo requisito de atender. De todos modos, si usted atiende la audiencia pública, tendrá la oportunidad de hablar a FAVOR o EN CONTRA al propuesto desarrollo urbano o cambio de zonificación.

Usted también puede contactar a una organización de protección al medio ambiente u organización de vecinos que haya expresado interés en la aplicación teniendo implicaciones a su propiedad.

Durante la audiencia pública, la comisión podría postergar o continuar audiencia del caso en una fecha futura, o puede evaluar la recomendación de los oficiales municipales y las del público al mismo tiempo mandando su recomendación al cabildo municipal. Si la comisión anuncia una fecha y hora específica para postergar o continuar discusión, y no se extiende más de 60 días, no tendrá obligación de otra notificación pública.

El cabildo municipal, durante su audiencia pública, puede otorgar o negar una petición de zonificación, rezonificar el terreno a una clasificación de zonificación menos intensiva que lo que es pedida. En ningún caso se otorgara una clasificación de zonificación más intensiva de la petición.

Para otorgar un desarrollo de usos urbanos mixtos, el cabildo municipal puede agregar la designación USO MIXTO (MU) DISTRITO COMBINADO, Mixed-use (MU) Combining District, a ciertos usos urbanos de comercio. La designación MU- Distrito Combinado simplemente permite usos urbanos residenciales en adición a los usos ya permitidos el los siete distritos con zonificación para comercio. Como resultado, la designación MU- Distrito Combinado, otorga la combinación de oficinas, comercio, y usos urbanos residenciales en el mismo sitio.

Para más información acerca del proceso de desarrollo urbano de la ciudad de Austin, por favor visite nuestra página de la Internet: www.austintexas.gov/planning.

Comentarios escritos deberán ser sometidos a la comisión (o a la persona designada en la noticia oficial) antes o durante la audiencia pública. Sus comentarios deben incluir el nombre de la comisión, la fecha de la audiencia pública, y el número de caso de la persona designada en la noticia oficial.

Comments: Rainy district is already a traffic nightmare.
With two huge new ongoing projects traffic will become impossible. A third major project will make life difficult and will create an emergency hostage.

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application’s hearing to a later date, or evaluate the City staff’s recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

For additional information on the City of Austin’s land development process, visit our website: www.austintexas.gov/planning.

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before or at a public hearing. Your comments should include the board or commission’s name, the scheduled date of the public hearing, and the Case Number and the contact person listed on the notice.

Comments: I totally object to this request to terminate a critical and important restrictive covenant that limits the number of dwelling units that may be developed in this small piece of property that abuts Waller Creek. There is an important reason established early on to limit development on this lot and it still remains not to mention even more critical.

Comments: THIS ZONING CHANGE IF IMPLEMENTED, WOULD SEVERELY AFFECT AN AREA THAT HAS NARROW, TIGHT ACCESS ALREADY. THE VEHICLE & PEDESTRIAN TRAFFIC IS WELL OVER SAFETY. PEOPLE ARE ALREADY WALKING IN THE STREET. IT’S VERY DANGEROUS NOW. HOW WILL EMERGENCY ACCESS OR EXIT BE POSSIBLE? PEOPLE WHOSE HOUSES ARE HERE NOW WOULD BE HORIZABLY AFFECTED IF THIS ZONING CHANGEOUGTH.

Comments: Not only will it effect my property value and view from our pool it is abolishing one of the only pieces of charm left in my neighborhood. Having another gaudy high rise and endless construction will make our neighborhood unbearable. As a born and raised Austinite it disturbs me greatly to see my city constantly stripped of charming places like the Villas of Town Lake.

However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application’s hearing to a later date, or may evaluate the City staff’s recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

Comments:

There was a restrictive covenant already in place for 80 Red River St. when I purchased my home at 603 Davis St. several years ago. For multiple reasons I believe it is extremely important for this restrictive covenant to be upheld, and that terminating it would be in direct opposition to the needs of the many residents already living in this neighborhood. The area already seems extremely overcrowded as a result of the significant increase in businesses and population during the past few years, the infrastructure in the neighborhood has not seemed able to keep pace with the rapidly expanding population, and there are already horrendous traffic problems. Terminating the existing restrictive covenant likely would only serve to make these already significant problems even worse. Thank you for your thoughtful attention to this matter and for considering the needs of the many residents who already live in this neighborhood.
