

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date, or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

For additional information on the City of Austin's land development process, visit our website:
www.austintexas.gov/planning.

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before or at a public hearing. Your comments should include the board or commission's name, the scheduled date of the public hearing, and the Case Number and the contact person listed on the notice.

Comments:

There has been significant residential growth in the Rainey area over the last several years. This growth has been key to the area's revitalization, but it has brought the traffic in the area to a tipping point. The addition of additional dense multifamily developments will make vehicle and foot traffic intolerable for the remaining residents of the district.

There is already approved zoning and construction for additional condominiums in the Rainey area.

However, what is needed in the Rainey district is more diversity in mixed-use businesses and

developments to aid in minimizing the amount of driving required for daily activities and to encourage pedestrian activity for the area's residents and visitors.

The Villa site in particular was never intended for a dense multifamily development. The site location is located at the key juncture of Waller Creek, Lady Bird Lake Trail and surrounding park land. The city and taxpayers have invested heavily in these parks and these parks are key contributors to our vibrant urban cultural atmosphere. The overshadowing effects of a large residential development at this key juncture will have a significantly negative impact on our parks and on the pedestrian and bicycling visitors that frequent them.

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date, or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

Comments: Our community was built and developed knowing this restrictive covenant was in place. The Rainey area is at capacity for residences and more apartments and condos are the last thing we need. Offices, retail and mixed use businesses would be more viable. To remove this without addressing the road ways and infrastructure would lead to disaster.

Comments:

The Rainey District currently has ample multi-family housing, ~~extra~~ especially considering the addition of 20 Rainey. A development of the proposed nature would result in traffic congestion negatively impacting all Rainey residents, including those at the new structure. A more viable solution for all would be a mixed use facility for businesses such as bars, restaurants, gyms, and groceries.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

For additional information on the City of Austin's land development process, visit our website:

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date, or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

Comments: Terminating this covenant restriction would cause a devastating impact on the area. The traffic flow is already an issue with increased density of hi-rise buildings. The small Davis St. and other streets cannot handle ingress and egress of vehicles, including emergency vehicles, fire trucks. The current occupants of The Villas filed earlier city ~~request~~ requests on traffic flow plans, not implemented previously by City.

Comments: There are many insurmountable issues with terminating this restrictive covenant. The traffic, both foot & vehicle, will become unmanageable. The long term visual impact of a large residential development on the Lady Bird Lake trail is not worth the benefit to those that will receive financial gain. Austin will never be able to get that back. This area was never meant for dense multi-family development. There is a lack of diversity/mix used businesses; ~~and~~ ^{with} the trail is not something. PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date, or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

For additional information on the City of Austin's land development process, visit our website: www.austintexas.gov/planning.

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before or at a public hearing. Your comments should include the board or commission's name, the scheduled date of the public hearing, and the Case Number and the contact person listed on the notice.

Comments: I oppose this change for the following reasons: 1) it presents a serious threat to getting emergency vehicles in/out of the area. 2) it presents an unresolvable traffic problem because of all of the construction going on in the area. 3) it threatens pedestrians who happen to be walking in the area (part of "smart growth") and 4) it is just another example of how developers are dividing the land and agenda in

Austin, TX 78767-8810

Dear Mrs. Rhoades,

I would like to address some concerns over the planned development of the 80 Red River street location.

The Rainey street/South Waller Creek area is basically a peninsula. Bordered by Waller Creek/Lady Bird Lake, Cesar Chavez and IH-35. This can be further divided by North and South of River street. It is the development on the North side of this area that creates a potential serious problem for the city as a whole and the people who live, work, and visit this area in particular.

Red River street is the only viable access to The Shore Condominiums, Hotel Van Zandt, the Waller Creek Plaza development, and the 80 Red River site. This 2 lane road is already highly over burdened by the current demands of the area, and as city traffic studies have shown, major congestion issues are common every weekend, and reach critical levels during weekends with a major convention at the Van Zandt.

With the already approved Waller Creek Plaza project, this will add another Major Hotel, an Office tower and another Condo/apartment tower. With this increase in population, on any given weekend, and if either or both of the Hotels has a convention, Red River street will completely cease to function.

Now they want to add yet another Hotel and a condo building the size of the Austintonian to the 80 Red River site on top of that. These 2 developments would essentially quadruple the amount of traffic and pedestrians trying to access the area via Red River street. This is simply not a workable or safe option.

I would invite you and the council to visit Red River street on any busy Saturday night, and then try to envision 4 times as many cars/busses/pedestrians/pedicabs. It should be quite obvious that this type of development on the 80 Red River site would cripple the already over taxed infrastructure in this small peninsula of downtown Austin, and have a major effect on public safety and emergency vehicle access.

This city suffers every day from the effects of over development and growth without the infrastructure to cope with it. It's why we have one of the worst traffic situations in the country. Shiny buildings are nice, but what if you can't even get to them? Please do not let corporate developers build unchecked at the expense of the people of Austin.

Sincerely, Kelly Jobe

603 Davis St #703 Austin, 78701 512-520-4929

Comments:

In my opinion over the last few years, the growth of the Rainey Street neighborhood has exceeded what it is designed for. Adding to the already large population will cause over crowding. On nights & weekends it has already become difficult and dangerous to navigate by foot or car. Furthermore, this is a "mixed use" area & we need more of a mix - More retail shops, not more residences/hotels/bars.

Comments: I object for the following reasons:

This zoning change & proposed condo will significantly jeopardize health & safety of current & new residents, businesses & visitors.

Traffic is already way over capacity, jeopardizing EMS & fire & police access. It takes 30-40 min to go a block sometimes and alleys are often blocked with delivery trucks. This plan also will not help City Council's goal of increasing affordable housing. We need a traffic, safety & housing plan for Rainey Neighborhood.

Comments:

Adding a tower to the Villanor
Travis Lake site will add additional
competition to an already congested area
of Austin and too much development will ruin
the landscape & environment of the Parkway St.
area. Additionally, buildings near the river
should have lower heights so that the
maximum amount of Austin residents can enjoy
the beautiful view of Lady Bird Lake.
Thank you for your consideration.

Comments:

The proposed construction for this site aims to replace a wooden, 3-story 59-unit structure with 58 and 48 story towers. A rough estimate of 90 usable floors at 10 units per floor puts this at about 900 units. This is a 15x increase in the current residential density of the Villas site and it is foreseeable to an ordinary person that this will only worsen things. Furthermore with 70 Rainey, The Millennium and other planned projects coming online, there will be even more loading on the neighborhood before this project is even started.

Aside from increased congestion, the proposed 58 and 48 story towers will destroy in one-shot the entire aesthetic of the Austin waterfront. There are NO OTHER towers like this on the waterfront and this would be the first. Every other developer has respected this fact and has placed tall buildings further back. Placing a building like this beside Waller Creek would also effectively poison the creek both during construction from debris and run-off as well as afterwards from the garbage, pet waste, etc. generated by 900 extra households.

Comments:

I object for the following reasons: (1) Against Original Intent. The Villas site was never intended for a dense multifamily development. This fact influenced my decision to purchase at The Shore, knowing the tranquility along this part of Lady Bird Lake would be forever maintained. (2) Negative Environmental Impact. This large development will negatively change the character of Rainey and the surrounding area of Lady Bird Lake, the trail and adjacent park lands from a hidden enclave in the heart of Austin to take on a more sterile ambience closer to that of the business district. (3) Traffic Congestion. Traffic in and around Rainey has been increasingly worse in the last five years in conjunction with new high-rise construction - adding a 45 and 55-story development will clearly put traffic beyond max capacity.

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date, or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

For additional information on the City of Austin's land development process, visit our website:
www.austintexas.gov/planning.

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before or at a public hearing. Your comments should include the board or commission's name, the scheduled date of the public hearing, and the Case Number and the contact person listed on the notice.

Comments:

As a psychiatrist in Austin for 37 years, I am very aware of the Austin psyche. By creating a dark dense corridor with this HUB development you will forever change our wonderful OVER/FREE neighborhood. THIS WAS NEVER the intent of the Original Zoning. THE impact on downtown and the downtown center will be VERY NEGATIVE. We need to preserve the beautiful lake and area for the future GENERATIONS.

Comments:

There was a restrictive covenant already in place for 80 Red River St. when I purchased my home at 603 Davis St. several years ago. For multiple reasons I believe it is extremely important for this restrictive covenant to be upheld, and that terminating it would be in direct opposition to the needs of the many residents already living in this neighborhood. The area already seems extremely overcrowded as a result of the significant increase in businesses and population during the past few years, the infrastructure in the neighborhood has not seemed able to keep pace with the rapidly expanding population, and there are already horrendous traffic problems. Terminating the existing restrictive covenant likely would only serve to make these already significant problems even worse. Thank you for your thoughtful attention to this matter and for considering the needs and safety of the many residents who already live in this neighborhood.

Comments: I object to this proposal as traffic in this area is all ready absurd and no infrastructure in place to accompany a dense multi-family development where the Villas now stand. Further residents at The Shore Condos purchased their units with the understanding that a restrictive covenant was in place, one that limits development on the Villa's site, and the prospect of overshadowing the beauty of the Lady Bird Lake Hike and Bike Trail and surrounding parkland.

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date, or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

For additional information on the City of Austin's land development process, visit our website:
www.austintexas.gov/planning.

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before or at a public hearing. Your comments should include the board or commission's name, the scheduled date of the public hearing, and the Case Number and the contact person listed on the notice.

Comments: My major concern is safely navigating the surrounding area — on foot and in vehicles. Adding multi-family units will further traffic issues, which I have already seen worsen in the three years I have lived here. Further developing the area will make visiting the neighborhood a less pleasant experience for residents and tourists alike, and it will fail to diversify the downtown Austin experience that people seek.

Comments: Living in an area that is already dangerously congested, we are extremely concerned about the increased pedestrian and vehicular traffic that will result from the addition of 100 stories of people and 8 stories of vehicles.

Every week we witness near-misses (both vehicle vs. pedestrian and vehicle vs. vehicle) which have increased significantly since the opening of the Hotel Van Zandt. We fear that it is only a matter of time before a fatality occurs in present traffic conditions, and that it is likely a guarantee under the proposed development. Has a

Comments: The condition to limit the number of dwellings at 80 Red River St. Should not be removed. Major development on this land will negatively impact the well-being of the neighborhood residents. It will also endanger the natural surroundings on the hill & bike trail along Ladybird Lane that make our city so enjoyable. Roadways in our neighborhood is not designed for additional residents to move in. We cannot handle the volume of vehicle & pedestrian traffic. Thank you for your consideration.

INFORMACIÓN DE AUDIENCIA PÚBLICA

Esta petición de zonificación / rezonificación será repasada y acción será tomada de acuerdo a dos audiencias públicas: ante la Comisión de Usos Urbanos y el cabildo municipal. Aunque solicitantes y/o su(s) agente(s) se les requiere atender la audiencia pública, usted no esta bajo requisito de atender. De todos modos, si usted atiende la audiencia pública, tendrá la oportunidad de hablar a FAVOR o EN CONTRA al propuesto desarrollo urbano o cambio de zonificación. Usted también puede contactar a una organización de protección al medio ambiente u organización de vecinos que haya expresado interés en la aplicación teniendo implicaciones a su propiedad.

Durante la audiencia pública, la comisión podría postergar o continuar audiencia del caso en una fecha futura, o puede evaluar la recomendación de los oficiales municipales y las del público al mismo tiempo mandando su recomendación al cabildo municipal. Si la comisión anuncia una fecha y hora específica para postergar o continuar discusión, y no se extiende más de 60 días, no tendrá obligación de otra notificación pública.

El cabildo municipal, durante su audiencia pública, puede otorgar o negar una petición de zonificación, rézonificar el terreno a una clasificación de zonificación menos intensiva que lo que es pedida. En ningún caso se otorgara una clasificación de zonificación más intensiva de la petición.

Para otorgar un desarrollo de usos urbanos mixtos, el cabildo municipal puede agregar la designación USO MIXTO (MU) DISTRITO COMBINADO, *Mixed-use (MU) Combining District*, a ciertos usos urbanos de comercio. La designación MU- Distrito Combinado simplemente permite usos urbanos residenciales en adición a los usos ya permitidos el los siete distritos con zonificación para comercio. Como resultado, la designación MU- Distrito Combinado, otorga la combinación de oficinas, comercio, y usos urbanos residenciales en el mismo sitio.

Para más información acerca del proceso de desarrollo urbano de la ciudad de Austin, por favor visite nuestra página de la Internet: www.austintexas.gov/planning.

Comentarios escritos deberán ser sometidos a la comisión (o a la persona designada en la noticia oficial) antes o durante la audiencia pública. Sus comentarios deben incluir el nombre de la comisión, la fecha de la audiencia pública, y el número de caso de la persona designada en la noticia oficial.

INFORMACIÓN DE AUDIENCIA PÚBLICA

Esta petición de zonificación / rezonificación será repasada y acción será tomada de acuerdo a dos audiencias públicas: ante la Comisión de Usos Urbanos y el cabildo municipal. Aunque solicitantes y/o su(s) agente(s) se les requiere atender la audiencia pública, usted no esta bajo requisito de atender. De todos modos, si usted atiende la audiencia pública, tendrá la oportunidad de hablar a FAVOR o EN CONTRA al propósito desarrollo urbano o cambio de zonificación. Usted también puede contactar a una organización de protección al medio ambiente u organización de vecinos que haya expresado interés en la aplicación teniendo implicaciones a su propiedad.

Durante la audiencia pública, la comisión podría postergar o continuar audiencia del caso en una fecha futura, o puede evaluar la recomendación de los oficiales municipales y las del público al mismo tiempo mandando su recomendación al cabildo municipal. Si la comisión anuncia una fecha y hora específica para postergar o continuar discusión, y no se extiende más de 60 días, no tendrá obligación de otra notificación pública.

El cabildo municipal, durante su audiencia pública, puede otorgar o negar una petición de zonificación, rézonificar el terreno a una clasificación de zonificación menos intensiva que lo que es pedida. En ningún caso se otorgará una clasificación de zonificación más intensiva de la petición.

Para otorgar un desarrollo de usos urbanos mixtos, el cabildo municipal puede agregar la designación USO MIXTO (MU) DISTRITO COMBINADO, *Mixed-use (MU) Combining District*, a ciertos usos urbanos de comercio. La designación MU- Distrito Combinado simplemente permite usos urbanos residenciales en adición a los usos ya permitidos el los siete distritos con zonificación para comercio. Como resultado, la designación MU- Distrito Combinado, otorga la combinación de oficinas, comercio, y usos urbanos residenciales en el mismo sitio.

Para más información acerca del proceso de desarrollo urbano de la ciudad de Austin, por favor visite nuestra página de la *Internet*: www.austintexas.gov/planning.

Comentarios escritos deberán ser sometidos a la comisión (o a la persona designada en la noticia oficial) antes o durante la audiencia pública. Sus comentarios deben incluir el nombre de la comisión, la fecha de la audiencia pública, y el número de caso de la persona designada en la noticia oficial.

CASE # C14-79-065 (RCT)

CITY OF AUSTIN
PLANNING & ZONING DEPT.

SEPT 9, 2016

WENDY RHOADES
PO BOX 1088
AUSTIN, TX 78767-8810

MY NAME - DAVID GARDNER

MY ADDRESS 603 DAVIS #2002
AFFECTED BY - AUSTIN, TX 78701
THIS APPLICATION

DAYTIME PHONE - W 512.469.3447
C 512.944.4346

I STRONGLY OBJECT

Dear Planning Commission
and City Council,

As a former manager of a large
branch of employees, I do
not envy your position. It
is difficult to manage the
growth of such a dynamic
and growing city like Austin, Tx.

The decisions you are faced with on a daily basis must be exceptionally challenging and stressful. Kudos to you for accepting the challenge. Although I have been praised and promoted for my management abilities, I'm thankful I do not have to deal with your challenges. With any controversial decision there are always two sides. Hopefully this letter will help you better understand why I am against and strongly object to the covenant termination for the Villas on Town Lake Owners Association.

Reason #1

Wikipedia defines covenant as:

"a promise to engage in or refrain from a specified action"

Synonyms include: contract, agreement, guarantee, promise, commitment, guarantee

When I first considered buying my Shore condo, I was assured by my real estate agent I would not have to worry about the Villas on Town Lake selling because of the by-laws of their HOA and the difficulty to get the City Council to approve such significant changes. My hope, is that the Planning Commission and the City Council will consider how families, including mine, will be impacted by terminating a covenant that some of us, including myself & my wife, considered, "a promise to refrain from a specified action."

Reason #2

I realize Austin is a bustling, growing, vibrant city and every block of downtown Austin is in demand, but I can not fathom the traffic congestion this proposed development would

bring. It seems to me, at some point, we should not be swayed by more corporate dollars and consider quality of life, and families — husbands, wives, sons and daughters. Please consider my family.

Reason #3

When I saw renderings of the Waller Creek Conservancy by Michael Van Valkenburgh and others, my heart swelled with joy and pride. I'm sure Lady Bird was smiling on those beautiful, peaceful green, CONSERVANCY visions. What happened to that plan? How has the green (conservancy) been so easily replaced by the ugly green of money, concrete, glass, and metal? And all of this at the mouth of the Waller Creek? Hopefully, prayerfully, we have members of the Planning Commission and City Council

that will not be moved by ugly green dollars and can instead have the vision of preserving more not less. Decades from now, what do you want your children's children to see? 50 story building? Please, no. Please.

Reason #4

I'm not accusing the developer of anything illegal, but I have to question the integrity and ethics of a group of people that misinformed many that this was a "done deal". Conveniently omitting one small fact - we have to break a covenant, a promise, in place since 1979, that many families made significant financial decisions on.

Reason #5

What about your existing business relationships? It is

certainly not in the Hotel Van Zandt's best interest for two huge skyscrapers to block their beautiful lake view. Didn't they make a multi-million dollar investment in our city under the 1979 covenant?

Reason #6

This reason is deeply personal. I was married on Valentine's Day 2015, with the intent of selling my condo and buying a house. A house for a brand new Austin, TX family unit. It was an exciting and beautiful plan. But the week I finally came to the decision to place my condo for sale, just happened to be the week our questionable developer announced they had a "zone deal". My condo was listed for almost one year without a single offer. Who would want a

condo with all these enormous changes and construction activity, midnight concrete pourings, corporate gutting of the conservancy efforts, and life quality choking traffic? Respectfully, I think you know the answer - no one. I realize you can't make important decisions based on my impact, but you really need to know how detrimental this whole issue has been to my finances and unfortunately, to my marriage.

Thank you for reading this long letter. It is the first letter I have ever written to a government entity. My hope and my prayer, is behind the government entities, there are caring, considerate, & visionary individuals. I know there is.

Respectfully,
DAVID L. GARDNER

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date, or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

For additional information on the City of Austin's land development process, visit our website:
www.austintexas.gov/planning.

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before or at a public hearing. Your comments should include the board or commission's name, the scheduled date of the public hearing, and the Case Number and the contact person listed on the notice.

Comments: Very concerned about how removal of the covenant will negatively affect which and foot traffic/safety in our area (which has limited access points).

Also concerned how this will negatively impact Lady Bird Lake and the trail. Please don't allow a substantial encroachment.

Comments:

The Villas site was never intended for a very dense multifamily site. The proposal is going to create nightmare of traffic on the Rainey area and foot traffic will make it intolerable for the people in Villas & neighborhood. Although I see the need for a diverse mixed use development and not just very dense multifamily per the proposal. In addition, there is negative visual impact of a large residential development on the Lady Bird Lake Trail and its surrounding effects on the surrounding environment and Parks.

To: Rhoades, Wendy
Subject: C14-79-065(RCT) Postponement Request

City of Austin Planning and Zoning Commission,

My name is Landon Turner and I represent the owners and residents of The Shore Condominiums located at 603 Davis Street. We are a community of 192 homes which sit adjacent to the current site of the Villas Condominiums on Town Lake. I am writing to formally request the above referenced case number hearing be postponed to August 23rd for review. The removal of the standing restrictive covenant which is in question has the potential to severely impacts our community and we would like additional time to review this case and discuss the matter with our residents and the Developer who is seeking to purchase this land for use. I appreciate your consideration and attention to this matter.

Best Regards,

Landon Turner, General Manager
Somerset Association Management
