PROPOSAL

Demolish a ca. 1953 house.

ARCHITECTURE

One-story, rectangular-plan, front-gabled frame house with a central, partial-width, front-gabled independent porch on ornamental metal supports; all windows have been boarded over.

RESEARCH

The house was built in 1953, by Edna Price, whose name appears on the utility permits for this address. Edna Price was the mother of Uriah Price, who, with his wife, Dorothy, were the owners and occupants of this house until 1999. Uriah Price's family had lived in Lawton, Oklahoma in the 1930s and 1940s, where Uriah's father was a farmer turned laborer. Uriah was the youngest of his parents' 9 children.

In the 1950s, when he and Dorothy lived in this house, Uriah Price was a cook for the Austin Woman's Club for many years. He then established a pest control, which he was running at the time he was killed in a truck wreck near Bastrop in 1968. After his death, Dorothy Price worked at a nursery school for a short period of time, then as a building attendant at the University of Texas.

STAFF COMMENTS

The house is beyond the bounds of any City survey to date.

STAFF RECOMMENDATION

Release the permit. The house is in a very deteriorated condition and does not qualify as a historic landmark. Documentation is not warranted due to the condition of the house.
