

## Neighborhood Petition to Request Postponement of Zoning Change Hearing

### City Council Agenda Item No. 55

Case #C14-2016-0086

Property Address: 2004 East William Cannon Drive

We reside in the North Bluff Estates community which is across street from where the zoning change is proposed, we request to postpone the hearing while we get more information about the development and how it will affect us, as we only came to find out about the proposed zoning change recently when the location was being cleared of trees.

We request postponement of this case to December 15<sup>th</sup>.
