**APPLICANT: Doni Allen
OWNER: Bradley Scott
ADDRESS: 9518 HOTEL DR**

VARIANCE REQUESTED: The applicant has requested a variance(s) to Section 25-10-131 (Additional Freestanding Signs Permitted):

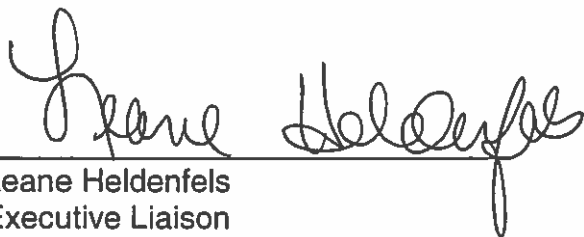

A. (C) to increase the maximum number of freestanding signs on a lot with more than 400 feet of street frontage from 2 (required/permitted) to 4 (requested); and to
B. (D) to increase the maximum number of freestanding signs on a lot fronting on two streets from 2 signs (required/permitted) to 4 signs (requested)
in order to install two additional freestanding signs on this parcel within a "AV" Aviation Services zoning district.

BOARD'S DECISION: POSTPONED TO October 10, 2016 BY APPLICANT (RENOTIFICATION NEEDED): Oct 10, 2016 The public hearing was closed on Board Member Eric Goff motion to postpone to December 12, 2016, Board Member Don Leighton Burwell second on a 10-0 vote; POSTPONED TO DECEMBER 12, 2016.

FINDING:

1. The variance is necessary because strict enforcement of the Article prohibits and reasonable opportunity to provide adequate signs on the site, considering the unique features of a site such as its dimensions, landscape, or topography, because:
OR,
2. The granting of this variance will not have a substantially adverse impact upon neighboring properties, because:
OR,
3. The granting of this variance will not substantially conflict with the stated purposes of this sign ordinance, because:
AND,
4. Granting a variance would not provide the applicant with a special privilege not enjoyed by others similarly situated or potentially similarly situated, because:

Board of Adjustment for consideration to (select appropriate option below):

☒ Erect ☐ Attach ☐ Complete ☐ Remodel ☐ Maintain ☐ Other: _____

Type of Sign: Multiple Freestanding Signs on ABIA Property

Portion of the City of Austin Land Development Code applicant is seeking a variance from:

25-10-131 - C and/or D - (C) For a lot with total street frontages of more than 400 feet, two freestanding signs are permitted. (D) For a lot fronting on two streets, one freestanding sign is permitted on each street.

17/5

Section 2: Variance Findings

The Board must determine the existence of, sufficiency of, and weight of evidence supporting the findings described below. In order to grant your request for a variance, the Board must first make one or more of the findings described under 1, 2, and 3 below; the Board must then make the finding described in item 4 below. If the Board cannot make the required findings, it cannot approve a sign variance.

Therefore, you must complete each of the applicable Findings Statements as part of your application. Failure to do so may result in your application being rejected as incomplete. Please attach any additional supporting documents.

I contend that my entitlement to the requested variance is based on the following findings:

1. The variance is necessary because strict enforcement of the Article prohibits any reasonable opportunity to provide adequate signs on the site, considering the unique features of the site such as dimensions, landscaping, or topography, because:

See findings attached.

—OR—

2. The granting of this variance will not have a substantially adverse impact upon neighboring properties, because:

—OR—

3. The granting of this variance will not substantially conflict with the stated purposes of this sign ordinance, because:

AND,

4. Granting a variance would not provide the applicant with a special privilege not enjoyed by others similarly situated or potentially similarly situated, because:

ET/MS

I contend that my entitlement to the requested variance is based on the following findings:

1. The variance is necessary because strict enforcement of the Article prohibits any reasonable opportunity to provide adequate signs on the site, considering the unique features of the site such as dimensions, landscaping, or topography, because:

This is a large "lot" fronting on three streets. Under normal circumstances, this property would be allowed two signs based on both the large linear street frontage and on multiple street frontages. In this case, the City of Austin has deemed the entire area as one large tract and granted two signs on this section of ABIA for other uses. Strict enforcement disallows any freestanding signage for Park & Zoom because of these two existing permits.

Further, this is a large parking facility with multiple frontages but one entrance. Multiple freestanding signs (a total of 4) are requested to assist drivers in both finding the location and in finding the entrance to the facility.

The facility is an airport parking facility. Such use means there are limited buildings on which to provide additional advertising and wayfinding that might be available on properties of different uses, such as a retail development.

ABIA should be looked at as separate lots within the larger "unified development" and each of those lots granted signage based on code without regard to the subdivision of the lots.

OR

2. The granting of this variance will not have a substantially adverse impact upon neighboring properties, because:

Neighboring properties are ABIA, and other commercial entities associated with the airport (such as other Parking facilities). The neighboring properties, outside of ABIA, have similar needs and have similar signs.

OR

3. The granting of the variance will not substantially conflict with the stated purposes of this sign ordinance because:

Large commercial developments within the City of Austin have multiple signs within a unified development based on the need to advertise multiple entrances (not directional signage but large commercial signs). This is without regard to the two freestanding sign requirement. These signs were granted under variances based on the size of the development.

The purpose of the sign ordinance is to grant businesses the opportunity to both draw customers and to direct them to the business.

AND

4. Granting a variance would not provide the applicant with a special privilege not enjoyed by others similarly situated or potentially similarly situated, because:

Due to the incredibly unique nature of the Park & Zoom along with other commercial entities within the confines of ABIA, it is difficult to picture any other similarly situated businesses except for within ABIA itself. With that said, other large parking areas such as those for train stations or park and ride type facilities would require similar consideration to provide adequate signage.

Section 3: Applicant Certificate

I affirm that my statements contained in the complete application are true and correct to the best of my knowledge and belief.

Re: Scott Airport Parking, LLC Sign Variance Application dated August 3, 2016

To Whom It May Concern:

The City of Austin Department of Aviation (DOA) currently has a ground lease and operating agreement with Scott Airport Parking, LLC (Scott Airport Parking) to construct and operate parking facilities and services for the customers at Austin-Bergstrom International Airport (Lease Agreement). In accordance with the Lease Agreement, DOA agrees to provide reasonable cooperation and support towards approving locations and content of signs proposed by Scott Airport Parking to support parking operations on airport property.

Sincerely,

A handwritten signature in black ink, appearing to read "Jim Smith".

Let postpone until 10/10 and go in for four signs.

CSC is released to start two pylons now. SAP will be on the hook.

Thank you,

Hi Leane,

Ok, where to begin?? ☺ There is a retail center going onto one of the sites at the airport, we have the parking facility, and the Marriot that's been there.

I would love to present all at once, but two weeks is critical here. They have no signage. I'll have to check with both the Airport and Park & Zoom to see if they want to wait, but getting 2 signs up in time for their opening is worth a lot of advertising time and dollars. Unless I hear otherwise from them, we'd like to present our case for 2 of our 4 signs and have something up for their opening.

We have nothing to do with any signs other than the ones that were rejected. They were rejected because Chris Johnson and Bryan determined the airport is a single huge lot (for signage purposes) and the Marriot and one Retail Center sign were submitted before the Park & Zoom signs (leaving us with no allowance). So whatever is going on with those is not Custom Sign Creations or our client.
