Austin, Texas 78704

In the matter of our property: 1403 E. 6<sup>th</sup> Street

Dear Chair Galindo and Hon. Landmark Commissioners,

We, the members of the E. 6<sup>th</sup> Street community, support the Hall Family as they demolish their property and secure a more robust location for the family business. Our street has always supported a commercial hub for Austin, especially for small businesses. It has been a place of opportunity for many and we see this change as in keeping with the natural course of our street's history.

We hope that you will allow the Hall Family to move forward with the demolition of these structures and afford Lone Star Meats the opportunity to continue to grow as a part of the east Austin business community.

We oppose any interference by the City with regards to our neighbors and the Hall Family's property and should the City initiate a historic zoning case against us then:

We, the undersigned owners of property affected by the requested zoning change described in the referenced file, do hereby protest against any change of the Land Development Code which would zone the property to any classification other than TOD-NP.

We hope that you will respect the wishes of the Hall Family as they undertake the next chapter of their lives.

Sincerely,

The East 6<sup>th</sup> Street Community (attached)

We, the undersigned owners of property affected by the requested zoning change described in the referenced file, do hereby protest against any change of the Land Development Code which would zone the property to any classification other than TOD-NP.
