March 8, 2017

To: Mayor Steve Adler, Council Member Ellen Troxclair

Re: Appointments to the Early Childhood Council

As chair of the City of Austin Early Childhood Council, I am writing to request that you appoint a representative to the council as soon as possible. With two vacancies, we often have difficulty assembling a quorum, particularly if we are considering issues on which some members must recuse themselves.

As I am sure you know, the mandate to the Early Childhood Council is to make recommendations to the city about ways to enhance the quality of life for our young children and their families—a goal that I am sure you strongly support. All of the members of the Early Childhood Council are committed to our roles advocating for the young children in our community. We give up our personal time and arrange our professional schedules to fill this advocacy role for the City of Austin, and we do so willingly.

Please support us in our efforts by making an appointment to the Early Childhood Council.

Yours Sincerely,

A handwritten signature in black ink that reads "Larry Elsner".

Larry Elsner  
Chair of the Early Childhood Council
