7.1 **Place and Condition of Work:** The City shall provide the Contractor access to the sites where the Contractor is to perform the services as required in order for the Contractor to perform the services in a timely and efficient manner in accordance with and subject to the applicable security laws, rules, and regulations. The Contractor acknowledges that it has satisfied itself as to the nature of the City's service requirements and , the location and essential characteristics of the work sites, the quality and quantity of materials, equipment, labor and facilities necessary to perform the services, and any other condition or state of fact which could in any way affect performance of the Contractor's obligations under the contract.

7.3 **Compliance with Health, Safety, and Environmental Regulations:** The Contractor, its Subcontractors, and their respective employees, shall comply fully with all applicable federal, state, and local health, safety, and environmental laws, ordinances, rules and regulations in the performance of the services, including but not limited to those promulgated by the Occupational Safety and Health Administration (OSHA). In case of conflict, the most stringent safety requirement shall govern.

All notifications shall be submitted in writing to Contract Manager. As used in this provision, a "significant event" is any occurrence or anticipated occurrence which might reasonably be expected to have a material effect upon the Contractor's ability to meet its contractual obligations. Significant events may include but not be limited to the following:

7.4.1 disposal of major assets;

7.4.2 any major computer software conversion, enhancement or modification to the operating systems, security systems, and application software, used in the performance of this contract;

The Contractor shall retain all such records for a period of three (3) years after final payment on this Contract or until all audit and litigation matters that the City has brought to the attention of the Contractor are resolved, whichever is longer. The Contractor agrees to refund to the City any overpayments disclosed by any such audit.

7.6 **Stop Work Notice:** The City may issue an immediate Stop Work Notice in the event the Contractor is observed performing in a manner that is in violation of Federal, State, or local guidelines, or in a manner that is

determined by the City to be unsafe to either life or property. Upon notification, the Contractor will cease all work until notified by the City that the violation or unsafe condition has been corrected.

**7.7 Indemnity: INTENTIONALLY OMITTED**

**7.8 Claims:** If any claim, demand, suit, or other action is asserted against the Contractor which arises under or concerns the Contract, or which could have a material adverse affect on the Contractor's ability to perform thereunder, the Contractor shall give written notice thereof to the City after receipt of notice by the Contractor.

**7.10 Confidentiality:** In order to provide the deliverables to the City, Contractor may require access to certain of the City's and/or its licensors' confidential information (including inventions, employee information, trade secrets, confidential know-how, confidential business information, and other information which the City or its licensors consider confidential) (collectively, "Confidential Information"). Contractor acknowledges and agrees that the Confidential Information is the valuable property of the City and/or its licensors and any unauthorized use, disclosure, dissemination, or other release of the Confidential Information will substantially injure the City and/or its licensors. The Contractor (including its employees, subcontractors, agents, or representatives) agrees that it will maintain the Confidential Information in strict confidence and shall not disclose, disseminate, copy, divulge, recreate, or otherwise use the Confidential Information without the prior written consent of the City or in a manner not expressly permitted under this Contract, unless the Confidential Information is required to be disclosed by law or an order of any court or other governmental authority with proper jurisdiction, provided the Contractor promptly notifies the City before disclosing such information so as to permit the City reasonable time to seek an appropriate protective order. The Contractor agrees to use protective measures no less stringent than the Contractor uses within its own business to protect its own most valuable information, which protective measures shall under all circumstances be at least reasonable measures to ensure the continued confidentiality of the Confidential Information. No obligation shall be imposed on Contractor with respect to any information which: (a) at or before the time of disclosure is, or becomes through no act or omission of Contractor, part of the public domain; (b) was known, as shown by independently verifiable written records, to Contractor at or prior to disclosure to Contractor, provided that such knowledge was not gained from third parties through breach of secrecy obligations; (c) is subsequently disclosed to Contractor by a third party having no obligation of confidentiality with respect to the information; or (d) is required to be disclosed by any governmental, judicial or administrative proceeding, provided that Contractor will take reasonable precautions to notify City of such disclosure prior to the event.

**7.11 Advertising:** The Contractor shall not advertise or publish, without the City's prior consent, the fact that the City has entered into the Contract, except to the extent required by law.

**7.12 No Contingent Fees:** The Contractor warrants that no person or selling agency has been employed or retained to solicit or secure the Contract upon any agreement or understanding for commission, percentage, brokerage, or contingent fee, excepting bona fide employees of bona fide established commercial or selling agencies maintained by the Contractor for the purpose of securing business. For breach or violation of this

warranty, the City shall have the right, in addition to any other remedy available, to cancel the Contract without liability and to deduct from any amounts owed to the Contractor, or otherwise recover, the full amount of such commission, percentage, brokerage or contingent fee.

7.13 **Gratuities**: The City may, by written notice to the Contractor, cancel the Contract without liability if it is determined by the City that gratuities were offered or given by the Contractor or any agent or representative of the Contractor to any officer or employee of the City of Austin with a view toward securing the Contract or securing favorable treatment with respect to the awarding or amending or the making of any determinations with respect to the performing of such contract. In the event the Contract is canceled by the City pursuant to this provision, the City shall be entitled, in addition to any other rights and remedies, to recover or withhold the amount of the cost incurred by the Contractor in providing such gratuities.

7.14 **Prohibition Against Personal Interest in Contracts**: No officer, employee, independent consultant, or elected official of the City who is involved in the development, evaluation, or decision-making process of the performance of any solicitation shall have a financial interest, direct or indirect, in the Contract resulting from that solicitation. Any willful violation of this section shall constitute impropriety in office, and any officer or employee guilty thereof shall be subject to disciplinary action up to and including dismissal. Any violation of this provision, with the knowledge, expressed or implied, of the Contractor shall render the Contract voidable by the City.

7.15 **Independent Contractor**: The Contract shall not be construed as creating an employer/employee relationship, a partnership, or a joint venture. The Contractor's services shall be those of an independent contractor. The Contractor agrees and understands that the Contract does not grant any rights or privileges established for employees of the City.

7.16 **Assignment-Delegation**: The Contract shall be binding upon and enure to the benefit of the City and the Contractor and their respective successors and assigns, provided however, that no right or interest in the Contract shall be assigned and no obligation shall be delegated by either party without the prior written consent of the other party. Any attempted assignment or delegation by either party shall be void unless made in conformity with this paragraph. The Contract is not intended to confer rights or benefits on any person, firm or entity not a party hereto; it being the intention of the parties that there be no third party beneficiaries to the Contract.

7.17 **Waiver**: No claim or right arising out of a breach of the Contract can be discharged in whole or in part by a waiver or renunciation of the claim or right unless the waiver or renunciation is supported by consideration and is in writing signed by the aggrieved party. No waiver by either the Contractor or the City of any one or more events of default by the other party shall operate as, or be construed to be, a permanent waiver of any rights or obligations under the Contract, or an express or implied acceptance of any other existing or future default or defaults, whether of a similar or different character.

7.18 **Modifications**: The Contract can be modified or amended only by a writing signed by both parties. No pre-printed or similar terms on any the Contractor invoice, purchase order or other document shall have any force or effect to change the terms, covenants, and conditions of the Contract.

7.19 **Interpretation**: The Contract is intended by the parties as a final, complete and exclusive statement of the terms of their agreement. No course of prior dealing between the parties or course of performance or usage of the trade shall be relevant to supplement or explain any term used in the Contract. Although the Contract may have been substantially drafted by one party, it is the intent of the parties that all provisions be construed in a manner to be fair to both parties, reading no provisions more strictly against one party or the other. Whenever a term defined by the Uniform Commercial Code, as enacted by the State of Texas, is used in the Contract, the UCC definition shall control, unless otherwise defined in the Contract.

## 7.20 **Dispute Resolution**

7.20.1 If a dispute arises out of or relates to the Contract, or the breach thereof, the parties agree to negotiate prior to prosecuting a suit for damages. However, this section does not prohibit the filing of a lawsuit to toll the running of a statute of limitations or to seek injunctive relief. Either party may make a

written request for a meeting between representatives of each party after receipt of the request or such later period as agreed by the parties. Each party shall include, at a minimum, one (1) senior level individual with decision-making authority regarding the dispute. The purpose of this and any subsequent meeting is to attempt in good faith to negotiate a resolution of the dispute. If, within thirty (30) calendar days after such meeting, the parties have not succeeded in negotiating a resolution of the dispute, they will proceed directly to mediation as described below. Negotiation may be waived by a written agreement signed by both parties, in which event the parties may proceed directly to mediation as described below.

7.20.2 If the efforts to resolve the dispute through negotiation fail, or the parties waive the negotiation process, the parties may select, a mediator trained in mediation skills to assist with resolution of the dispute. Should they choose this option, the City and the Contractor agree to act in good faith in the selection of the mediator and to give consideration to qualified individuals nominated to act as mediator. Nothing in the Contract prevents the parties from relying on the skills of a person who is trained in the subject matter of the dispute or a contract interpretation expert. If the parties fail to agree on a mediator within thirty (30) calendar days of initiation of the mediation process, the mediator shall be selected by the Travis County Dispute Resolution Center (DRC). The parties agree to participate in mediation in good faith for up to thirty (30) calendar days from the date of the first mediation session. The City and the Contractor will share the mediator's fees equally and the parties will bear their own costs of participation such as fees for any consultants or attorneys they may utilize to represent them or otherwise assist them in the mediation.

#### **7.21 Minority And Women Owned Business Enterprise (MBE/WBE) Procurement Program:**

7.21.1 All City procurements are subject to the City's Minority-Owned and Women-Owned Business Enterprise Procurement Program found at Chapters 2-9A, 2-9B, 2-9C and 2-9D of the City Code. The Program provides Minority-Owned and Women-Owned Business Enterprises (MBEs/WBEs) full opportunity to participate in all City contracts.

7.21.2 The City of Austin has determined that no goals are appropriate for this Contract. **Even though no goals have been established for this Contract, the Contractor is required to comply with the City's MBE/WBE Procurement Program, Chapters 2-9A, 2-9B, 2-9C and 2-9D, of the City Code, as applicable, if areas of subcontracting are identified.**

7.21.3 If any service is needed to perform the Contract and the Contractor does not perform the service with its own workforce or if supplies or materials are required and the Contractor does not have the supplies or materials in its inventory, The Contractor must also make a Good Faith Effort to use available MBE and WBE firms. Good Faith Efforts include but are not limited to contacting the listed MBE and WBE firms to solicit their interest in performing on the Contract; using MBE and WBE firms that have shown an interest, meet qualifications, and are competitive in the market; and documenting the results of the contacts.

#### **7.22 SUBCONTRACTORS**

7.22.1 Work performed for the Contractor by a Subcontractor shall be pursuant to a written contract between the Contractor and Subcontractor. The terms of the subcontract may not conflict with the terms of the Contract, and shall contain provisions that:

7.22.1.1 require that all deliverables to be provided by the Subcontractor be provided in strict accordance with the provisions, specifications and terms of the Contract.

7.22.1.2 prohibit the Subcontractor from further subcontracting any portion of the Contract without the prior written consent of the City and the Contractor. The City may require, as a condition to such further subcontracting, that the Subcontractor post a payment bond in form, substance and amount acceptable to the City;

7.22.1.3 require Subcontractors to submit all invoices and applications for payments, including any claims for additional payments, damages or otherwise, to the Contractor in sufficient time to enable the Contractor to include same with its invoice or application for payment to the City in accordance with the terms of the Contract;

7.22.1.4 require that all Subcontractors obtain and maintain, throughout the term of their contract, insurance in the type and amounts specified for the Contractor, with the City being a named insured as its interest shall appear; and

7.22.1.5 require that the Subcontractor indemnify and hold the City harmless to the same extent as the Contractor is required to indemnify the City.

7.22.2 The Contractor shall be fully responsible to the City for all acts and omissions of the Subcontractors just as the Contractor is responsible for the Contractor's own acts and omissions. Nothing in the Contract shall create for the benefit of any such Subcontractor any contractual relationship between the City and any such Subcontractor, nor shall it create any obligation on the part of the City to pay or to see to the payment of any moneys due any such Subcontractor except as may otherwise be required by law.

7.22.3 The Contractor shall pay each Subcontractor its appropriate share of payments..

7.23 **Jurisdiction:** The Contract is made under and shall be governed by the laws of the State of Texas, including, when applicable, the Uniform Commercial Code as adopted in Texas, V.T.C.A., All issues arising from this Contract shall be resolved in the courts of Travis County, Texas and the parties agree to submit to the exclusive personal jurisdiction of such courts. The foregoing, however, shall not be construed or interpreted to limit or restrict the right or ability of the City to seek and secure injunctive relief from any competent authority as contemplated herein.

7.24 **Invalidity:** The invalidity, illegality, or unenforceability of any provision of the Contract shall in no way affect the validity or enforceability of any other portion or provision of the Contract. Any void provision shall be deemed severed from the Contract and the balance of the Contract shall be construed and enforced as if the Contract did not contain the particular portion or provision held to be void. The parties further agree to reform the Contract to replace any stricken provision with a valid provision that comes as close as possible to the intent of the stricken provision. The provisions of this section shall not prevent this entire Contract from being void should a provision which is the essence of the Contract be determined to be void.

7.25 **Holidays:** The following holidays are observed by the City:

<u>Holiday</u>	<u>Date Observed</u>
New Year's Day	January 1

7.26 If a Legal Holiday falls on Saturday, it will be observed on the preceding Friday. If a Legal Holiday falls on Sunday, it will be observed on the following Monday.

7.27 **Survivability of Obligations:** All provisions of the Contract that impose continuing obligations on the parties, including but not limited to the warranty and confidentiality obligations of the parties, shall survive the expiration or termination of the Contract.

7.28 **Non-Suspension or Debarment Certification:** The City of Austin is prohibited from contracting with or making prime or sub-awards to parties that are suspended or debarred or whose principals are suspended or debarred from Federal, State, or City of Austin Contracts. By accepting a Contract with the City, the Vendor certifies that its firm and its principals are not currently suspended or debarred from doing business with the Federal Government, as indicated by the General Services Administration List of Parties Excluded from Federal Procurement and Non-Procurement Programs, the State of Texas, or the City of Austin.

8. **Inspection and Certification** A commitment of the multi-year service plans will not require pre-inspection to renew. If a service plan isn't renewed according to the renewal expiration date and it is determined that a new service place is required, pre-inspection may be required prior to Contractor accepting Equipment for coverage under the new Service Plans. Contractor may, at its option, inspect and certify that the Equipment is functioning properly. Equipment and software must meet current performance standards and must be operated in an environment and system configuration acceptable to Contractor. Service including parts, labor or travel required to bring the Equipment to performance standards acceptable to Contractor is not covered by the Plans. This service must be authorized by the City, completed and paid for prior to initiating Plan coverage. The cost for such service provided to the City will be invoiced at the rates in effect at the time the service is provided. Equipment covered by the product warranty issued at the time of purchase by the City may be converted to Plan coverage without a pre-plan inspection by Contractor.

9. **Service and Repair** Service and repair of the Equipment will be provided by an authorized Contractor Service Representative. Contractor may use one or more of the following service options to replace or repair Equipment:

- (a) dispatch a Contractor service representative to the City's facility; or
- (b) provide for repair or replacement of the Equipment at a Contractor repair facility; or
- (c) provide delivery of replacement components to the City, with instructions for installation of the components by the City.

In providing service under the Plans, Contractor may, at its option, use components that are "reconditioned," i.e., assemblies and parts which have been re-manufactured by Contractor to meet current hardware and firmware revisions as well as the product quality and performance testing requirements for new products. Contractor may, while performing service on the Equipment, replace outdated hardware, firmware and software with current revisions. Contractor cannot guarantee the continued availability of outdated assemblies.

10. **Return of Equipment** Contractor will accept the return of Equipment (or component parts of such Equipment) only when accompanied by a Return Authorization Number ("RAI#") issued by a Contractor City Service representative prior to shipment of the Equipment by the City.

11. **Limited Service and Product Warranty** Contractor warrants that the service performed and the products and parts supplied to repair or replace the Equipment conform to average standards of workmanship and materials then prevailing in the trade. Contractor' obligations for software consulting, training and documentation services shall be limited to providing the selected services on a best efforts basis. CONTRACTOR MAKES NO OTHER WARRANTY, EXPRESS OR IMPLIED, INCLUDING THE WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. The sole obligation of Contractor shall be to repair or replace any Contractor non-conforming product or part during the term specified in the Plans. This warranty shall not be deemed to have failed of its essential purpose as long as Contractor is willing and able to repair or replace any Contractor non-conforming product or part covered by the plan selected by the City. In the event that an instrument covered by a service plan cannot be repaired, Contractor reserves the right to provide to the City: (a) Prorated refund or credit of the purchase price, or (b) Prorated credit towards the purchase of a replacement instrument.

## **12. Exclusions**

The Plans cover Equipment repairs and maintenance which results from normal use and operation of the Equipment. Contractor will not be obligated to perform service on Equipment which, in its sole reasonable judgment:

- (a) has been improperly installed, altered or damaged;
- (b) has been repaired by other than an authorized Contractor Service Representative;
- (c) has been altered or damaged as a result of additions or changes made to the Equipment by the City or others;
- (d) has been damaged due to decomposition resulting from chemical action, environmental or operating conditions;
- (e) has been damaged due to operator failure to perform standard operating procedures and routine maintenance, including the replacement of common replacement parts (using Contractor-approved parts and supplies), as set forth in Contractor published literature and manuals;
- (f) has been damaged due to transfer of the Equipment by the City from the location specified in the Plans without supervision by Contractor;
- (g) has been damaged due to the use of operating supplies and maintenance parts which do not conform to Contractor' specifications.

Repair of damage(s) caused by the use of such supplies or parts is not covered under the terms of the Plan. Service (parts, labor and travel) required to repair such damage(s) will be invoiced at the rates in effect at the time the service is rendered.

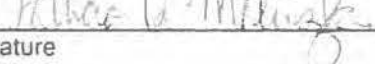

## **13. Relocation of Products.**

- (a) The City shall give Contractor thirty (30) days written notice prior to any relocation of products covered by on-site support services being provided under this Agreement.
- (b) Products moved to a location within the contiguous United States shall continue to be serviced under this Agreement. The response time and charges will be adjusted to reflect the new location.
- (c) Products moved outside the contiguous United States may continue to be serviced under this Agreement, at the option of Contractor. The services to be provided and charges for such services shall be subject to mutual agreement.
- (d) For installed products which will continue to be serviced, Contractor, at its option, may supervise the dismantling and packing of the products and may inspect and reinstall products at the new location. These services, if provided, shall be at additional charge based on Contractor standard service rates in effect at the time. The City shall furnish full labor and materials for the dismantling, packing and placement of the products in the new location.
- (e) The City shall be responsible for any loss or damage to the products during relocation.

**14. Agents, etc.** No agent, employee or other representative has the right to modify or expand Water's standard warranty applicable to the Plans or to make any representations other than those set forth in Contractor' literature and any such affirmation, representation or warranty, if made, should not be relied upon by City and shall not form a part of this quotation.
