ZONING STAFF REPORT

CASE: C14-85-288.22  
ADDRESS: 7919 W. SH 71  
OWNER: Ridglea Properties (Stan Caskey)  
APPLICANT: Metcalfe Wolff Stuart & Williams (Michele R. Lynch)  
AREA: 7.65 acres

REQUEST: Amend Public Restrictive Covenant to Delete Terms, Amend Terms, and/or Add new Terms

SUMMARY STAFF RECOMMENDATION
To amend the Existing Public Restrictive Covenant as follows:
1. Maximum impervious cover of the Property shall be 24 percent gross site area (from 65%).
2. The Property shall be limited to a maximum of .40 to 1 floor to area ratio (from .25 to 1).
3. Keep provisions that allow the following in the Critical Water Quality Zone (CWQZ): Driveway to cross the CWQZ Detention Ponds in the CWQZ Construction in the CWQZ Flood Plain modifications in the CWQZ Utilities to cross the CWQZ
4. Allow development in the Water Quality Transition Zone (WQTZ).
5. Allow access to State Highway 71.
6. One time use of the impervious cover, subsequent redevelopment will be subject to current code.

PLANNING COMMISSION RECOMMENDATION:
MARCH 28, 2017 – APPROVED ON CONSENT, VOTE 12-0 [K. MCGRAW 1ST, P. SEEGER 2ND, T. WHITE ABSENT].

CITY COUNCIL ACTION:
APRIL 20, 2017 - POSTPONED AT THE REQUEST OF THE APPLICANT ON CONSENT, VOTE 11-0 [CM POOL 1ST, CM CASAR 2ND].

DEPARTMENTAL COMMENTS:
The subject property is a 7.65-acre tract located at 7919 W. State Highway 71 in the West Oak Hill Neighborhood (Oak Hill Combined NPA) (see Exhibit A). It is one of 4 tracts that Restrictive Covenant C14-85-288.22 (Exhibit B) regulates. This property is referred to as “Tract 4” in the document.

The Oak Hill Area Study was completed in 1985 and provided a guide for zoning of recently annexed properties within the study area. Similar to neighborhood plans, there were
neighborhood, property owner and staff recommendations for properties and the resulting restrictive covenants were used to complete the zoning negotiation.

During that process this property was zoned from rural residential (I-RR) to commercial services (CS). The 3 other tracts associated with the restrictive covenant and zoning case were given residential categories decreasing in intensity from SH 71 (SF-6, SF-2, SF-1, respectively).

The provisions in the restrictive covenant give significant entitlements beyond current code. Exhibit C provides a comparison of the restrictive covenant provisions and current code. It also includes the provisions the applicant is proposing to amend and keep intact. City of Austin Environmental and Development Review staff has reviewed the case and are supportive of the proposed amendments. The significant reduction in impervious cover and providing current code water quality standards represents as significant increase in environmental protection.

**BASIS FOR RECOMMENDATION:**

1) **Reduce the existing maximum allowable impervious cover from 65% to 24%**.

The RC regulating this property, like those 34 restrictive covenants encumbering all the other 800-plus acres zoned as a result of the Oak Hill Study Area, was adopted after the Barton Creek Watershed ordinances of the early 1980s, but before the adoption of the Save Our Springs ordinances in the 1990s. In comparison with current City regulations of the Barton Springs Zone, the maximums adopted in these RCs are considered generous.

2. **Property shall be limited to a maximum of .40 to 1 floor to area ratio from .25 to 1.**

Staff supports the increase in floor to area ratio in return for the reduction in overall impervious cover.

3. **Keep provisions that allow certain development within the Critical Water Quality Zone (CWQZ).**

Staff supports allowing selective provisions remain within the restrictive covenant in return for the reduction of impervious cover and compliance with current water quality and detention code provisions.

4. **Allow development in the Water Quality Transition Zone (WQTZ).**

Staff supports allowing selective provisions remain within the restrictive covenant in return for the reduction of impervious cover and compliance with current water quality and detention code provisions

5. **Allow access to State Highway 71.**

The restrictive covenant prescribes a “loop road” which Tract 4 would use its vehicle access. A loop road would provide limited connectivity to the surrounding area. The residential tracts to the south of Tract 4 can take access into the adjacent single family development to the west.
6. **One time use of the impervious cover, subsequent redevelopment will be subject to current code.**

Staff is including this language to ensure restrictive covenants which allow significant entitlements beyond current code are no longer applicable after initial development is completed.

OWNER: Austin Lacquer Company, a Texas corporation

ADDRESS: 1400 East 5th Street, Austin, Texas, 78702

CONSIDERATION: One and No/100 Dollars ($1.00) and other good and valuable consideration paid by the City of Austin to the Owner, the receipt and sufficiency of which is acknowledged.

PROPERTY: TRACT 1: All that certain 2.01 acre tract of land out of the A. J. Bond Survey No. 91, lying and being situated in the County of Travis, State of Texas, said 2.01 acre tract being more particularly by metes and bounds in "Exhibit A" attached and incorporated herein for all purposes; and,

TRACT 2: All that certain 2.54 acre tract of land out of the A. J. Bond Survey No. 91, lying and being situated in the County of Travis, State of Texas, said 2.54 acre tract being more particularly by metes and bounds in "Exhibit B" attached and incorporated herein for all purposes; and,

TRACT 3: All that certain 1.94 acre tract of land out of the A. J. Bond Survey No. 91, lying and being situated in the County of Travis, State of Texas, said 1.94 acre tract being more particularly by metes and bounds in "Exhibit C" attached and incorporated herein for all purposes; and,

TRACT 4: All that certain 7.65 acre tract of land out of the A. J. Bond Survey No. 91, lying and being situated in the County of Travis, State of Texas, said 7.65 acre tract being more particularly by metes and bounds in "Exhibit D" attached and incorporated herein for all purposes.

Owner of the Property, for the consideration, impresses the Property with these covenants and restrictions running with the land:

1. The following condition shall apply only to Tract 1:

The number of "SF-1" Single Family Residence District (Large Lot) dwelling units located on the Property shall be restricted to five units.

2. The following condition shall apply only to Tract 2:
The number of "SF-2" Single Family Residence District (Standard Lot) dwelling units located on the Property shall be restricted to eleven units.

3. The following conditions shall apply only to Tract 3:
   a. Maximum impervious coverage of the Property shall be 50 percent.
   b. The number of "SF-6" Townhouse and Condominium Residence District dwelling units located on the Property shall be restricted to fifteen units.
   c. Development of the Property shall be in compliance with Sections 9-10-171 through 9-10-230 and Sections 13-3-401 through 13-3-475 of the Austin City Code of 1981 except for the following sections:

      The part of Section 9-10-191 which reads "or to a development within a recorded subdivision which was finally approved or finally disapproved by the Planning Commission prior to December 18, 1980."
      Section 9-10-208, subsections (c), (d), and (e).
      Section 13-3-408(a).
      Section 13-3-433, subsections (c), (d), and (e).

4. The following conditions shall apply only to Tract 4:
   a. Maximum impervious coverage of the Property shall be 65 percent.
   b. The Property shall be limited to a maximum of .25 to 1 floor to area ratio as defined by Section 1212 of Chapter 13-2A of the Austin City Code.
   c. Development of the Property shall be in compliance with Sections 9-10-171 through 9-10-230 and Sections 13-3-401 through 13-3-475 of the Austin City Code of 1981 except for the following sections:

      The part of Section 9-10-191 which reads "or to a development within a recorded subdivision which was finally approved or finally disapproved by the Planning Commission prior to December 18, 1980."
      Section 9-10-208, subsections (c), (d), and (e).
      Section 13-3-408(a).
      Section 13-3-433, subsections (c), (d), and (e).

5. Owner shall participate fiscally in the construction of a commercial loop, consistent with the subdivision process requirements in Chapter 13-3 of the Austin City Code. This commercial loop shall be constructed with 70 feet of right of way, 44 feet pavement width, and shall pass through the Property. All access to Tract 4 shall be via this roadway. This roadway shall further be subject to city-approved design and signalization requirements.
6. If any person or entity shall violate or attempt to violate this agreement and covenant, it shall be lawful for the City of Austin, a municipal corporation, its successors and assigns, to prosecute proceedings at law or in equity, against such person or entity violating or attempting to violate such agreement or covenant, to prevent the person or entity from such actions, and to collect damages for such actions.

7. If any part of this agreement or covenant shall be declared invalid, by judgment or court order, the same shall in no way affect any of the other provisions of this agreement, and such remaining portion of this agreement shall remain in full effect.

8. If at any time the City of Austin, its successors or assigns, fails to enforce this agreement, whether or not any violations of it are known, such failure shall not constitute a waiver or estoppel of the right to enforce it.

9. This agreement may be modified, amended, or terminated only by joint action of both (a) a majority of the members of the City Council of the City of Austin, or such other governing body as may succeed the City Council of the City of Austin, and (b) by the owner(s) of the Property at the time of such modification, amendment or termination.

All citations to the Austin City Code shall refer to the Austin City Code of 1981, as amended from time to time, unless otherwise specified.

When the context requires, singular nouns and pronouns include the plural.

EXECUTED this the 3rd day of Nov., 1988.

Re: Restrictive Covenant Amendment – Case Number C14-85-288.22 (RCA) for 7919 West Highway 71

Dear Mr. Moore:

I am the owner of properties located at 7928 and 8423 West Highway 71, within the notification boundaries of the proposed project. I have talked with the project representatives to discuss the proposed application and project. Based upon these discussions I am in support of the application as the project will reduce impervious cover, provide for current water quality standards and provide a quality, low impact development that will benefit the surrounding area.

Thank you,
John Borek

Re: Restrictive Covenant Amendment – Case Number C14-85-288.22 (RCA)
for 7919 West Highway 71

Dear Mr. Moore,

I am the owner of property at 6931 Chinook Dr, my property is directly behind the notification boundaries of the proposed project. When we originally received notification that there was a proposal to build a storage structure in our neighborhood we reached out to Michele Rogerson Lynch for additional information. She graciously agreed to meet with a few of the neighbors who also had questions. We meet with the project representatives to discuss the proposed application and project. They graciously showed us a presentation with the building location plotted on the land. Additionally we viewed actual photos of the proposed building and their vision for the surrounding area. Based upon these discussions I am in support of the application as the project will reduce impervious cover, provide for current water quality standards, remove existing unsightly uses and provide a low impact development that will not disturb the surrounding neighborhood.

Actually this project is so much more to myself and many of my neighbors I have spoken with. The project team has taken great care to be sure to protect and respect the landscape and our beautiful environment, we are very grateful for that. Additionally what this incredible project is bringing to Oak Hill is beautification. Quite frankly, Oak Hill is in desperate need of beautification. We currently have a retro HEB and a Goodwill as anchor stores in our area, no street lights or side walks, this proposed addition to our community and neighborhood will be a blessing! This building and landscape proposal is beautiful and we could not be more thankful.

Thank you,
Sincerely yours,

Frani LaQuitara

Re: Restrictive Covenant Amendment – Case Number C14-85-288.22 (RCA) for 7919 West Highway 71

Dear Mr. Moore:

I am the owner of property at 7800 Hwy 71 West, within the notification boundaries of the proposed project. I have met with the project representatives to discuss the proposed application and project. Based upon these discussions I am in support of the application as the project will reduce impervious cover, provide for current water quality standards, remove existing unsightly uses and provide a low impact development that will not disturb the surrounding neighborhood.

Thank you,

Re: Restrictive Covenant Amendment – Case Number C14-85-288.22 (RCA) for 7919 West Highway 71

Dear Mr. Moore:

I am the owner of the property at 6947 Chinook Dr, within the notification boundaries of the proposed project.

My Agent has met with the project representatives to discuss the proposed application and project and relayed the information to my husband and myself. Due to what we’ve been told, we are in support of the project and know it will reduce impervious cover, provide for current water quality standards, remove existing unsightly uses and provide a low impact development that will not disturb the surrounding neighborhood.

Thank You!

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application’s hearing to a later date, or may evaluate the City staff’s recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

For additional information on the City of Austin’s land development process, visit our website: www.austintexas.gov/planning.

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before or at a public hearing. Your comments should include the board or commission’s name, the scheduled date of the public hearing, and the Case Number and the contact person listed on the notice.

Comments: As the property owner most affected by this proposed land change (the current
owner is located directly behind my
home) and after reviewing the proposed
protection plan, I am in favor and request
the zoning request be granted. I would also
request that a wall is erected between our properties.

Comments: We already have noise and light pollution from Hwy 71. This will add much more. Even after the addition of a center left turn lane on Hwy 71, there are continuous to be hard hitting accidents on the stretch of Hwy 71, where more autos will be stopping next to 55 miles per hour traffic. All these and many more reasons should compel the decision makers to forge making this stretch of Hwy 71 even more dangerous.
