Additional Backup Information

This resolution would direct the City Manager to initiate amendments to City Code Title 25-2 that would create a new Rosewood Park Capitol View Corridor. The City Council approved Resolution No. 20170216-032 that directed the City Manager to consider Rosewood Park Corridor at 900 Thompson Street as described in the 2015 Bowman Consulting report entitled "Proposed East Austin Capitol View Corridors." After reviewing the report, Staff does not recommend the Rosewood Park Corridor due to potential development conflicts with the Central Health property as described in their Central Health Brackenridge Campus Master Plan (2016).

In lieu of the Rosewood Park Corridor outlined in the Bowman Consulting report, Staff recommends an alternate view corridor that is located at a view point located in the 2400 block of Rosewood Avenue, east of Thompson Street. This view corridor would have less of an impact on the Central Health property as described in their master plan. The alternate corridor would impact an undeveloped portion of the CAN Academy property at 2406 Rosewood, possible expansions of the City of Austin Millennium Youth Center and State of Texas property adjacent to the Capitol if it was conveyed to a private party.
