Additional Backup Information

The Delivery System Reform Incentive Payment (DSRIP), as part of the 1115 Medicaid Waiver, funds multiple projects within Austin Public Health. As part of DSRIP requirements, APH is required to complete economic evaluations in order to fulfill cost-benefit analysis and sustainability planning requirements. These economic evaluations will assist APH in sustainability planning and determining the cost-benefit impact of DSRIP projects. APH has worked with UTHEALTH to develop a plan for completion of economic evaluations for eight DSRIP projects: permanent supportive housing, diabetes, tobacco, maternal/infant outreach, Healthy Families, immunizations, Peer to Peer, and tuberculosis.
