# MEMORANDUM

**TO:** Emily Smith, Urban Transportation Commission Coordinator

Austin Transportation Department

**FROM:** Kim Vasquez, Property Agent Senior

**DATE:** August 2, 2017

SUBJECT: F#9835-1705 Right of Way Vacation – Alley of E. 7<sup>th</sup> St.

Attached are the departmental comments and other information pertinent to the referenced alley right of way vacation. The area being requested for vacation will be used for future development. All affected departments and private utility franchise holders have reviewed this request and recommend approval, subject to the following conditions:

 (i) A Restrictive Covenant establishing that all loading and unloading of trash and recycling collection service shall take place on site and not within the public right of way; and

(ii) Property owner to be responsible for fees and costs of any required utility relocation.

The applicant has requested that this item be submitted for placement on the **August 8, 2017 Urban Transportation Commission Agenda** 

Staff contact: Kim Vasquez 512-974-9241, kim.vasquez@austintexas.gov

Applicant: Leah Bojo, Senior Land Use & Policy Manager

Drenner Group, PC

Property Owner: The Domestic & Foreign Missionary Society

of The Protestant Episcopal Church in the USA

The applicant and/or the property owner's representative will be present at the meeting to answer any questions regarding the development project and vacation request.

Kim Vasquez, Property Agent Senior Land Management OFFICE OF REAL ESTATE SERVICES

# SUMMARY OF REVIEW COMMENTS REPORT

F#9835-1705 ALLEY RIGHT OF WAY VACATION [DOWNTOWN ALLEY OF E. 7TH STREET]

## **CONDITIONAL APPROVAL COMMENTS**

#### **AT&T**

ASSESSMENT: "AT&T requires relocating existing utilities in order to vacate at owner's expense." – *Chris Cowen,* **AT&T** 

#### **AUSTIN ENERGY**

ASSESSMENT: "Approved subject to AE streetlight feed is located within the alley. AE will need to have access to the infrastructure to do maintenance work or applicant must pay to relocate the feed." – *Christine Esparza, Austin Energy* 

 Applicant accepts AE conditional approval that street light infrastructure would be relocated at owner's expense as a part of the development.

#### **DEVELOPMENT SERVICES – LAND USE REVIEW ENGINEERING**

ASSESSMENT: "Based on the letter provided and the Existing Site and Demolition Plan submitted under SP-2017-0137C, there is no existing drainage infrastructure within this alley. Therefore form a DSD LUR Engineering perspective, the vacation of the alley is approved; however, if it is discovered that any drainage infrastructure is within this alley vacation request must be re-coordinated through DSD LUR Engineering." – *David Gomez, DSD Land Use Review Engineering* 

#### **DEVELOPMENT SERVICES – LAND USE REVIEW TRANSPORTATION**

ASSESSMENT: "Approved with Conditions: All loading and unloading including trash as required by the site plan shall happen on site. No maneuvering shall take place in the public right of way. This should be done as a restrictive covenant." – **Sangeeta Jain, DSD Land Use Review Transportation** 

#### **CHARTER COMMUNICATIONS**

ASSESSMENT: "Please use caution around aerial facilities. Please coordinate relocation or removal with Charter/Spectrum." – *Doug Dixon, Charter Communications*

### **VIA HAND DELIVERY**

Ms. Lauraine Rizer Real Estate Services Department City of Austin 505 Barton Springs Road Austin, TX 78704

Re: Episcopal Archives Right of Way Vacation - for a 5,519 square foot public right-of-way located at 711 Trinity Street between 7<sup>th</sup> and 8<sup>th</sup> street (the "Property").

Dear Ms. Rizer:

As representative of the owner of the above stated Property, we respectfully submit the enclosed right of way vacation application package for the Domestic & Foreign Missionary Society of the Protestant Episcopal Church of the USA. The requested vacation is for 0.1267 acres, or 5,519 square feet, being a portion of Block 87, Original City of Austin Subdivision. The alley was dedicated per the plat and was not purchased by the City of Austin. The area to be vacated is in the same subdivision as the plat.

The right of way is a constructed alley currently serving the surface parking lot located on this block. The only known utility in the alley is an Austin Energy overhead line serving the parking kiosk for the surface parking lot. Additionally, there are utilities including Texas Gas Service, Austin Energy, Time Warner Cable, and Austin Water on and adjacent to the site that will be relocated, as needed, as part of this project.

The Episcopal Archives Project is a mixed use project consisting of residential, office, and hotel uses over a ground floor, pedestrian-oriented market use and a pedestrian-oriented archive showcasing the International Episcopal Church's archive collection. The development will encompass the entire block. The block is encumbered with a Capitol View Corridor which covers all but the southwest corner of the block. As a result of this Capitol View Corridor, the majority of the building will be around 70 feet in height, with a tower on the southwest corner. The

pedestrian-oriented market is planned to span the alley, creating a vibrant and permeable ground floor that interacts with the streetscape outside, while also creating a sense of place inside, through the variety of market uses. Site plan SP-2017-0137C has been submitted for this project. Because this block is subdivided into thirteen individual parcels, it will be developed with a unified development agreement. It is not a SMART housing project. Construction is expected to begin in the summer of 2018.

The current zoning of the subject-parcels is Central Business District (CBD). The adjacent parcels are zoned CBD, Central Business District – Historic (CBD-H), and Downtown Mixed Use (DMU) and are developed with a variety of uses including cocktail lounges, St. David's Episcopal Church, a surface parking lot, the Salvation Army Center, and the Austin Resource Center for the Homeless (ARCH). The current surface parking lot will be entirely replaced by the development, which will include parking for its own uses that will also be made available to the public. The parking for this project will be handled entirely on-site. No agreements or easements have been executed with the adjacent landowners.

The area to be vacated lies within the Downtown Austin Plan area and complies with the Plan's criteria for vacation laid out in Transportation Priority 1.3. This is a full-block development and will not result in a need for on-street servicing or loading. All of the service facilities will be provided on the site in the first subterranean floor of the parking garage. The entrance to this facility will be off of Neches Street and will be code-compliant.

The request also complies with Imagine Austin in that the vacation enables the market which will contribute to "a safe, vibrant, day- and night-time urban lifestyle for residents, workers, and visitors." This project is supported by:

- LUT P7, Encourage infill and redevelopment opportunities that place residential, work, and retail land uses in proximity to each other to maximize walking, bicycling, and transit opportunities.
- LUT P29, Develop accessible community gathering places such as plazas, parks, farmers'
  markets, sidewalks, and streets in all parts of Austin, especially within activity centers and
  along activity corridors including Downtown, future Transit Oriented Developments, in
  denser, mixed use communities, and other redevelopment areas, that encourage
  interaction and provide places for people of all ages to visit and relax.
- LUT P30, Protect and enhance the unique qualities of Austin's treasured public spaces and places such as parks, plazas, and streetscapes; and, where needed, enrich those areas lacking distinctive visual character or where the character has faded.

These Land Use and Transportation Policies contribute to the Priority Principle of investing in a compact and connected Austin. The Imagine Austin Plan states that compact places are gentler on the environment and create sociable "activity centers" that contribute to our quality of life. The Plan also states that as Austin becomes more compact, creating special urban places where people love to gather can keep our city livable.

Please see the included attachment "A" for the vacation detail as required per the application material.

Please let me know if you or your team members require additional information or have any questions. Thank you for your time and attention to this project.

Sincerely,

eah M. Boid
