10 BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:

11 PART 1. FINDINGS.

12 The council finds the following:

- 13 (1) The City's festivals, road races, and other special events  
14 contribute to the unique character and vitality of the City;
- 15 (2) Special events range from very small neighborhood-level  
16 events to large-scale, multi-million dollar productions;
- 17 (3) Events held in the City impact public safety and impede the  
18 flow of pedestrian and vehicular traffic;
- 19 (4) The City's public safety personnel are better able to respond to  
20 issues affecting public safety when they are alerted in advance  
21 to the timing, location, and nature of events occurring in the  
22 City;
- 23 (5) A special event permit application will allow the City to  
24 manage the competing uses of its public safety personnel and  
25 resources;
- 26 (6) The special events team will be able to assist event organizers  
27 in obtaining all necessary permits and facilitate the timely and  
28 efficient processing of permit applications;
- 29 (7) Citizens need to quickly access public space to respond to  
30 current events through spontaneous speech;

- (8) A special event permit application process will allow the City to manage the competing uses of its public spaces and ensure that members of the public are able to access public space for their events;
- (9) Many event organizers must apply for permits from multiple City departments;
- (10) An interdepartmental team acting as a “one-stop shop” for special events will provide a single point of contact for event organizers and the public;
- (11) When more than one event occurs in the same general area, the occupancy level of adjacent city streets and sidewalks increase, which may create an unsafe condition and strain the City’s resources and infrastructure;
- (12) Limiting the number of special events that may occur simultaneously in an area will allow the City to prevent people from being injured due to overcrowded streets and sidewalks and will allow the City to better manage its resources and infrastructure; and
- (13) Many special events are conducted on an annual basis and have been operating in substantially the same form for at least 20 years, and these events contribute to the City’s identity.
