The applicant must submit to TDHCA a resolution of no objection from the applicable governing body in which the proposed development is located. The property is located in District 3.

Proposed Project

The proposed project at the Rebekah Baines Johnson Center (RBJ Center) will take place in stages. First, the infrastructure will be installed that will support 277 units of new housing to be developed. Next, the new housing will be constructed around the Tower, and residents will be relocated to the new housing while the Tower is being rehabilitated. Tower residents will have the option to remain in the new housing or return to the Tower once the rehabilitation work is complete. When completed, the RBJ Center will have a total of 502 units, 478 of which will be income-restricted and all reserved for persons aged 55 and older.

Financing for the development is proposed to come from non-competitive 4% Low Income Housing Tax Credits, the Private Activity Bonds issued by AHFC, Rental Housing Development Assistance (RHDA) funding from AHFC, private lender loans, and by the sale of certain sections of the property for market-rate housing and commercial purposes.
