Additional Backup Information:

In December 2005, the City entered into a Parking Agreement with UP Schneider, L.P. ("Schneider

Parking Agreement") pursuant to a Disposition and Development Agreement between the parties that assigned the Schneider Property sublease in Block 2 to UP Schneider, L.P. ("UP

Schneider"). The Schneider Parking Agreement set out parking privileges in the City Hall garage for retail patrons

and employees connected with retail business in the historic Schneider Building, which is currently leased by Lambert's Downtown Barbecue, L.P. Subsequent City Council action in December 2010 extended the term of the Schneider Parking Agreement. These privileges expire on December 31, 2017.

This Recommendation for Council Action would authorize negotiation and execution of an amendment to the Schneider Parking Agreement with UP Schneider to continue parking privileges and offer free two-hour weekday parking validations through December 31, 2022. This does not increase the total number of parking spaces the City is currently obligated to provide for retail employees, and public parking for City Council and other official public meetings continue to take priority over retail use.
