ADDRESS: 1615 WESTLAKE DR

VARIANCE REQUESTED: The applicant has requested variance(s) from Section 25-2-1176 (Site Development Regulations for Docks, Marinas, and Other Lakefront Uses) (A):

A. (2) to increase the distance a dock may extend from no more than 20 percent of a channel width as measured by a line that is perpendicular to the centerline of the channel and that extends from the shoreline where the dock is located to the opposite shoreline, or in this case 28.1 feet (required, permitted) to 30 feet (requested); and

B. (4) (a) to increase the width of a dock measured parallel to the shoreline of the lot or tract where the dock is proposed, and including all access and appurtenances, from 25.7 feet (required, permitted) to 30 feet (requested) in order to construct a new boat dock within the "LA" Lake Austin Residence zoning district.

BOARD'S DECISION: The public hearing was closed on Board Member Melissa Hawthorne motion to Postpone to November 13, 2017, Board Member Eric Goff second on an 9-2 vote (Board members Bryan King and Don Leighton-Burwell nay); POSTPONED TO NOVEMBER 13, 2017. Month August, Day 28, Year 2017, hereby apply for a hearing before the
Board of Adjustment for consideration to (select appropriate option below):

☐ Erect ☐ Attach ☐ Complete ☒ Remodel ☐ Maintain ☐ Other: _____

Type of Structure: Boat Dock

Portion of the City of Austin Land Development Code applicant is seeking a variance from:

1. LDC 25-2-1176(A)(2) -- Request to increase length of boat dock from 28.1' to 30.0'
2. LDC 25-2-1176(A)(4) -- Request to increase width of boat dock from 25.7' to 30.0'

Section 2: Variance Findings

The Board must determine the existence of, sufficiency of, and weight of evidence supporting the findings described below. Therefore, you must complete each of the applicable Findings Statements as part of your application. Failure to do so may result in your application being rejected as incomplete. Please attach any additional supporting documents.

NOTE: The Board cannot grant a variance that would provide the applicant with a special privilege not enjoyed by others similarly situated or potentially similarly situated.

I contend that my entitlement to the requested variance is based on the following findings:

Reasonable Use

The zoning regulations applicable to the property do not allow for a reasonable use because:

The owner's modern-day watercraft are too large to be safely docked within the structural dimension limitations afforded by the zoning rules. Other similarly situated boat docks already developed in Bee Creek have been granted approved site plans and site plan exemptions with variances to LDC 25-2-1176(A)(2) and 25-2-1176(A)(4). Any denial of the requested variance would effectively invoke a reasonable use hardship unique to the property.

Hardship

a) The hardship for which the variance is requested is unique to the property in that:

Other similarly situated boat docks already developed in Bee Creek have been granted approved site plans and site plan exemptions from COA with variances to LDC 25-2-1176(A)(2) and 25-2-1176(A)(4) regarding dock widths and lengths.

b) The hardship is not general to the area in which the property is located because:

The residential property is located within the City of West Lake Hills and the COA jurisdiction is limited only to the shoreline (492.8 msl and lower). COA has issued approved site plans and site plan exemptions with variances to LDC 25-2-1176(A)(2) and 25-2-1176(A)(4) to other property owners not located in the Bee Creek area.

Area Character

The variance will not alter the character of the area adjacent to the property, will not impair the use of adjacent conforming property, and will not impair the purpose of the regulations of the zoning district in which the property is located because:

Boat docks have been developed in the Bee Creek area for more than sixty (60) years. Several of the existing boat docks in the Bee Creek area have been allowed to vary from the width and length rule restrictions. This proposal is only requesting 1.9' additional length of dock into the channel and 4.3' width increase of the dock on the shoreline to accomodate for safe docking of the Owner's two (2) large watercraft. The proposed improvements would in no way impair the use of adjacent conforming properties.

Parking (additional criteria for parking variances only)

Request for a parking variance requires the Board to make additional findings. The Board may grant a variance to a regulation prescribed in the City of Austin Land Development Code Chapter 25-6, Appendix A with respect to the number of off-street parking spaces or loading facilities required if it makes findings of fact that the following additional circumstances also apply:

1. Neither present nor anticipated future traffic volumes generated by the use of the site or the uses of sites in the vicinity reasonably require strict or literal interpretation and enforcement of the specific regulation because:

No parking variance is being sought with the boat dock remodel site plan application and the Owner's Residence is near the boat dock.

2. The granting of this variance will not result in the parking or loading of vehicles on public streets in such a manner as to interfere with the free flow of traffic of the streets because:

N/A -- Boat Dock

3. The granting of this variance will not create a safety hazard or any other condition inconsistent with the objectives of this Ordinance because:

The boat dock remodel would be sited in a consistent and congruent fashion similar to the other boat docks in Bee Creek.

4. The variance will run with the use or uses to which it pertains and shall not run with the site because:

The site (single family residence) is located within the City of West Lake Hills full jurisdiction and any approved variance would apply to the boat dock use only.

Re: Request for Approved Variance LDC 25-2-1176(A)(2) and LDC 25-2-1176(A)(4) Regarding Boat Dock Length and Width Conditions, Boat Dock Remodel, SP-2017-0228DS, 1615 Westlake Drive on Lake Austin, TX

Dear Board Members:

On behalf of the Owner of the referenced property I am requesting approval to allow for the proposed boat dock remodel improvements to include the slight length and width adjustments.

The original boat dock on the property was designed and built more than sixty (60) years ago and is very small in relation to boat dock designs made now to safely accommodate much larger modern-day watercraft sizes and configurations.

The Owner is requesting Board approval to increase the width of the boat dock by 4.3 feet, and to increase the length by 1.9 feet. This would be the minimum safe design footprint arrangement necessary to accommodate the Owner's two large watercraft, and would be a commensurate footprint size of 30' X 30' commonly approved by COA.

The existing residential lot/property has been fully developed with a single-family residence and accessory boat dock for several decades. While the residential property is in the city limits of West Lake Hills, the proposed plans and specifications comply with City Code 25-7-62 along with all other parts of City Ordinance No. 20140626-113 *Relating to the Lake Austin Zoning District and the Regulation of Boat Docks, Bulkheads, and Shoreline Access.*

We would present the following examples of COA approved boat docks in the Bee Creek area with similar size variance conditions for your consideration (details found in Exhibit B):

1. 1855 Westlake Drive 30' X 30'
2. 1 Hidden Cove 30' X 40'
3. 1887 Westlake Drive 30' X 35.5'
4. 1847 Westlake Drive 30' X 30'
5. 1611 Westlake Drive 30' into channel

Request for Approved Variance LDC 25-2-1176(A)(2) and LDC 25-2-1176(A)(4)

August 28, 2017

Page 2

It should be noted that the property Owner is seeking no special privilege to remodel the boat dock and other necessary appurtenances not already given to owners of other similarly situated property with approximately contemporaneous development, and as provided. The proposal would result in promoting ecological function and maintaining the natural character of the lakeshore. Any denial of the requested application for variance would be construed as deprivation of a privilege given to other property owners and would effectively deny the property Owner a reasonable use.

Please let me know if you should have any questions or require any additional information and we look forward to receiving your favorable reply of acceptance.

Very truly yours,

Ricky "Rick" Rasberry, CESSWI
