

Permanent use of Parkland related to the 183 South Project Waste Water Improvements project (3212.136)

Parks and Recreation Board Presentation – February 27, 2018
By: Eric Bailey, P.E.

Project location:

- The project is located in east Austin, along US 183 (Ed Bluestein Boulevard) between 51st Street and Loyola. The wastewater line is a new 72" line crossing the highway, which will tie into existing wastewater mains at Little Walnut Creek Greenbelt located at 5100 E 51st Street, Austin, Texas 78723.

Project Need: This project is part of a larger utilities relocation project related to the 183 South Project in East Austin. Part of the relocations includes installing a new 72" wastewater line to replace two existing wastewater lines crossing under US 183 south of Little Walnut Creek. The majority of the work will be completed within State Right-of-Way, however additional easement is needed to tie the new 72" line into the existing wastewater lines.

Project Description:

- a) Install +/- 575 lf of 72-inch line; approximately 55 lf will be on Parkland

Project Schedule –

- a) Estimated start date – April 2018
- b) Duration - 450 Calendar days

Easement request

- a) Temporary Use (Staging) : None Required – Staging will be on TxDOT Right-of-Way
- b) Permanent Use: 514 sq. ft.
