25. **STOP WORK NOTICE:** The City may issue an immediate Stop Work Notice in the event the Contractor is observed performing in a manner that is in violation of Federal, State, or local guidelines, or in a manner that is determined by the City to be unsafe to either life or property. 30. DELAYS:

- A. The City may delay scheduled delivery or other due dates by written notice to the Contractor if the City deems it is in its best interest. If such delay causes an increase in the cost of the work under the Contract, the City and the Contractor shall negotiate an equitable adjustment for costs incurred by the Contractor in the Contract price and execute an amendment to the Contract. The Contractor must assert its right to an adjustment within thirty (30) calendar days from the date of receipt of the notice of delay. Failure to agree on any adjusted price shall be handled under the Dispute Resolution process specified in paragraph 48. However, nothing in this provision shall excuse the Contractor from delaying the delivery as notified.
- B. Neither party shall be liable for any default or delay in the performance of its obligations under this Contract if, while and to the extent such default or delay is caused by acts of God, fire, riots, civil commotion, labor disruptions, sabotage, sovereign conduct, or any other cause beyond the reasonable control of such Party. In the event of default or delay in contract performance due to any of the foregoing causes, then the time for completion of the services will be extended; provided, however, in such an event, a conference will be held within three (3) business days to establish a mutually agreeable period of time reasonably necessary to overcome the effect of such failure to perform.

The Contractor must also forward a Certificate of Insurance to the City whenever a previously identified policy period has expired, or an extension option or hold over period is exercised, as verification of continuing coverage.

- iii. The Contractor shall not commence work until the required insurance is obtained and until such insurance has been reviewed by the City. - xiii. The insurance coverages specified in Section 0400, Supplemental Purchase Provisions, are required minimums and are not intended to limit the responsibility or liability of the Contractor.

B. Specific Coverage Requirements: Specific insurance requirements are contained in Section 0400, Supplemental Purchase Provisions

33. **CLAIMS:** If any claim, demand, suit, or other action is asserted against the Contractor which arises under or concerns the Contract, or which could have a material adverse affect on the Contractor's ability to perform thereunder, the Contractor shall give written notice thereof to the City within ten (10) calendar days after receipt of notice by the

35. **RIGHTS TO BID, PROPOSAL AND CONTRACTUAL MATERIAL**: All material submitted by the Contractor to the City shall become property of the City upon receipt. Any portions of such material claimed by the Contractor to be proprietary must be clearly marked as such. Determination of the public nature of the material is subject to the Texas Public Information Act, Chapter 552, Texas Government Code.
36. **NO WARRANTY BY CITY AGAINST INFRINGEMENTS**: The Contractor represents and warrants to the City that: (i) the Contractor shall provide the City good and indefeasible title to the Deliverables and (ii) the Deliverables supplied by the Contractor in accordance with the specifications in the Contract will not infringe, directly or contributorily, any patent, trademark, copyright, trade secret, or any other intellectual property right of any kind of any third party; that no claims have been made by any person or entity with respect to the ownership or operation of the Deliverables and the Contractor does not know of any valid basis for any such claims. The Contractor shall, at its sole expense, defend, indemnify, and hold the City harmless from and against all liability, damages, and costs (including court costs and reasonable fees of attorneys and other professionals) arising out of or resulting from: (i) any claim that the City's exercise anywhere in the world of the rights associated with the City's ownership, and if applicable, license rights, and its use of the Deliverables infringes the intellectual property rights of any third party; or (ii) the Contractor's breach of any of Contractor's representations or warranties stated in this Contract. In the event of any such claim, the City shall have the right to monitor such claim or at its option engage its own separate counsel to act as co-counsel on the City's behalf. Further, Contractor agrees that the City's specifications regarding the Deliverables shall in no way diminish Contractor's warranties or obligations under this paragraph and the City makes no warranty that the production, development, or delivery of such Deliverables will not impact such warranties of Contractor.
37. **CONFIDENTIALITY**: In order to provide the Deliverables to the City, Contractor may require access to certain of the City's and/or its licensors' confidential information (including inventions, employee information, trade secrets, confidential know-how, confidential business information, and other information which the City or its licensors consider confidential) (collectively, "Confidential Information"). Contractor acknowledges and agrees that the Confidential Information is the valuable property of the City and/or its licensors and any unauthorized use, disclosure, dissemination, or other release of the Confidential Information will substantially injure the City and/or its licensors. The Contractor (including its employees, subcontractors, agents, or representatives) agrees that it will maintain the Confidential Information in strict confidence and shall not disclose, disseminate, copy, divulge, recreate, or otherwise use the Confidential Information without the prior written consent of the City or in a manner not expressly permitted under this Agreement, unless the Confidential Information is required to be disclosed by law or an order of any court or other governmental authority with proper jurisdiction, provided the Contractor promptly notifies the City before disclosing such information so as to permit the City reasonable time to seek an appropriate protective order. The Contractor agrees to use protective measures no less stringent than the Contractor uses within its own business to protect its own most valuable information, which protective measures shall under all circumstances be at least reasonable measures to ensure the continued confidentiality of the Confidential Information.

For breach or violation of this warranty, the City shall have the right, in addition to any other remedy available, to cancel the Contract without liability and to deduct from any amounts owed to the Contractor, or otherwise recover, the full amount of such commission, percentage, brokerage or contingent fee.
41. **GRATUITIES**: The City may, by written notice to the Contractor, cancel the Contract without liability if it is determined by the City that gratuities were offered or given by the Contractor or any agent or representative of the Contractor to any officer or employee of the City of Austin with a view toward securing the Contract or securing favorable treatment with respect to the awarding or amending or the making of any determinations with respect to the performing of such contract. In the event the Contract is canceled by the City pursuant to this provision, the City shall be entitled, in addition to any other rights and remedies, to recover or withhold the amount of the cost incurred by the Contractor in providing such gratuities.
42. **PROHIBITION AGAINST PERSONAL INTEREST IN CONTRACTS**: No officer, employee, independent consultant, or elected official of the City who is involved in the development, evaluation, or decision-making process of the performance of any solicitation shall have a financial interest, direct or indirect, in the Contract resulting from that solicitation. Any willful violation of this section shall constitute impropriety in office, and any officer or employee guilty thereof shall be subject to disciplinary action up to and including dismissal. Any violation of this provision, with the knowledge, expressed or implied, of the Contractor shall render the Contract voidable by the City.
43. **INDEPENDENT CONTRACTOR**: The Contract shall not be construed as creating an employer/employee relationship, a partnership, or a joint venture. The Contractor's services shall be those of an independent contractor. The Contractor agrees and understands that the Contract does not grant any rights or privileges established for employees of the City.

No waiver by either the Contractor or the City of any one or more events of default by the other party shall operate as, or be construed to be, a permanent waiver of any rights or obligations under the Contract, or an express or implied acceptance of any other existing or future default or defaults, whether of a similar or different character.
46. **MODIFICATIONS**: The Contract can be modified or amended only by a writing signed by both parties. No pre-printed or similar terms on any the Contractor invoice, order or other document shall have any force or effect to change the terms, covenants, and conditions of the Contract.

48. DISPUTE RESOLUTION:

- A. If a dispute arises out of or relates to the Contract, or the breach thereof, the parties agree to negotiate prior to prosecuting a suit for damages. However, this section does not prohibit the filing of a lawsuit to toll the running of a statute of limitations or to seek injunctive relief. Either party may make a written request for a meeting between representatives of each party within fourteen (14) calendar days after receipt of the request or such later period as agreed by the parties. Each party shall include, at a minimum, one (1) senior level individual with decision-making authority regarding the dispute. The purpose of this and any subsequent meeting is to attempt in good faith to negotiate a resolution of the dispute. If, within thirty (30) calendar days after such meeting, the parties have not succeeded in negotiating a resolution of the dispute, they will proceed directly to mediation as described below. Negotiation may be waived by a written agreement signed by both parties, in which event the parties may proceed directly to mediation as described below.
- B. If the efforts to resolve the dispute through negotiation fail, or the parties waive the negotiation process, the parties may select, within thirty (30) calendar days, a mediator trained in mediation skills to assist with resolution of the dispute. Should they choose this option, the City and the Contractor agree to act in good faith in the selection of the mediator and to give consideration to qualified individuals nominated to act as mediator. Nothing in the Contract prevents the parties from relying on the skills of a person who is trained in the subject matter of the dispute or a contract interpretation expert. If the parties fail to agree on a mediator within thirty (30) calendar days of initiation of the mediation process, the mediator shall be selected by the Travis County Dispute Resolution Center (DRC). The parties agree to participate in mediation in good faith for up to thirty (30) calendar days from the date of the first mediation session. The City and the Contractor will share the mediator's fees equally and the parties will bear their own costs of participation such as fees for any consultants or attorneys they may utilize to represent them or otherwise assist them in the mediation.

49. **JURISDICTION AND VENUE:** The Contract is made under and shall be governed by the laws of the State of Texas, including, when applicable, the Uniform Commercial Code as adopted in Texas, V.T.C.A., Bus. & Comm. Code, Chapter 1, excluding any rule or principle that would refer to and apply the substantive law of another state or jurisdiction. All issues arising from this Contract shall be resolved in the courts of Travis County, Texas and the parties agree to submit to the exclusive personal jurisdiction of such courts. The foregoing, however, shall not be construed or interpreted to limit or restrict the right or ability of the City to seek and secure injunctive relief from any competent authority as contemplated herein.

50. **INVALIDITY:** The invalidity, illegality, or unenforceability of any provision of the Contract shall in no way affect the validity or enforceability of any other portion or provision of the Contract. Any void provision shall be deemed severed from the Contract and the balance of the Contract shall be construed and enforced as if the Contract did not contain the particular portion or provision held to be void. The parties further agree to reform the Contract to replace any stricken provision with a valid provision that comes as close as possible to the intent of the stricken provision. PURCHASE SPECIFICATION
FOR
LIQUID EMULSION FLOCCULATING POLYMER FOR WASTEWATER
IFB GLB0066**

1.0 PURPOSE

The City of Austin (City) seeks bids in response to this solicitation to establish a contract with a qualified Vendor (Contractor) who can provide Liquid Emulsion Flocculating Polymer (Polymer) to aid wastewater settling. The Polymer will be used by the Austin Water at Walnut Creek Wastewater Treatment Plant (WC) and South Austin Regional Wastewater Treatment Plant (SAR). The City reserves the right to add or delete departments and locations as deemed necessary.

The Polymer will aid the settling of wastewater prior to filtration and will be used to treat the wastewater after final clarification. Only *Liquid Emulsion Flocculating Polymer* will be considered (dry Polymer formulations **will not** be considered).

Any services that have been omitted from this specification which are clearly necessary, shall be considered a requirement although not directly specified or called for in this scope of work.

2.0 APPLICABLE SPECIFICATIONS

2.1 The Contractor shall ensure the Polymer complies with Federal, State and Local Laws and any ordinances for this type of chemical.

2.2 The Contractor shall ensure that they comply with Occupational Safety and Health Administration (OSHA) safety requirements.

3.0 MATERIAL REQUIREMENTS

3.1 The City estimates the need to treat an average of 50 million gallons per day (MGD) at SAR for three (3) months (4,500 million gallons) and 54 MGD at WC for one year (20,000 million gallons).

3.2 Polymer shall have at least 35% active product solutions less than 35% active product will not be accepted.

3.3 **Polymer shall be bid and produced by major manufacturers (Contractor) of Polymer products.** Polymers that are repackaged, relabeled, or blended *will not be accepted*. The Contractor shall ***include in their bid submittal***, written certification from the manufacturer that they are an authorized manufacturer's representative, verify that delivery will be made by the manufacturer, and verify that no repackaging, relabeling, or blending will be made.

3.4 The Polymer shall not contain substances that are inhibitory or toxic to bacteria characteristic of the wastewater treatment process.

3.5 The Polymer blending systems at WC blend and activate Polymer with non-potable water (NPW) to form a Polymer solution ranging from 0.1% to 0.7% by volume. The neat Polymer is drawn through a short run of PVC pipe using a peristaltic pump. The Polymer then goes into a hydro-mechanical mixer that mixes the Polymer and NPW. Blended activated Polymer then goes through 40 feet of pipe before entering a diffuser that injects the Polymer into the secondary clarifiers three feet below the surface of the water.

3.6 The Polymer blending system at SAR is a temporary set up. Each dosing location consists of a tote of Polymer that is pumped with a peristaltic pump and blended with non-potable water as a carrier. It flows through a static mixer that activates the Polymer/carrier water mixture before it is dosed into the wastewater stream through PVC piping. There are a total of 4 – 5 dosing locations.

3.7 The viscosity and other physical/chemical characteristics of the Polymer shall be compatible with the existing Polymer feed equipment, metering devices, pumps and any other equipment at the plants.

**CITY OF AUSTIN
PURCHASE SPECIFICATION

- 3.8 Changes to existing City equipment/set-up will not be allowed. If damage occurs as the result of using a Polymer that is not compatible with existing equipment, the Contractor shall be responsible for any and all repairs and/or equipment replacement costs.
- 3.9 Polymer performance shall not be significantly altered due to weather or temperature conditions.
- 3.10 The Polymer shall have a shelf life of not less than 6 months and shall maintain at least 90% strength. The physical and chemical characteristics of the Polymer shall not change during the contract period.
- 3.11 The Polymer shall have good mixing characteristics and produce minimum nuisance conditions such as scum or foam. The Polymer shall be miscible with water in all dilutions and capable of being diluted to any ratio desired to meet dosage requirements.

4.0 PRODUCT PERFORMANCE

- 4.1 The Contractor shall **include with their bid submittal** a 50 ml sample of the polymer and Safety Data Sheet (SDS) for the City to use in the jar test procedure that is outlined on Attachment A. The sample shall be marked with the complete Contractor's business information and packaged in a leak-proof container. ***Failure to submit a sample product for evaluation will disqualify the Contractor from further consideration.***

- 4.2 The sample polymer will be field tested and evaluated by City personnel only. (Note: No exceptions to this condition will be granted). All sample polymers submitted will be tested equally under the same test conditions with no deviation from stated test conditions during the test period. Award will be based on the lowest extending price after calculation of the true cost of polymer. The true total cost will be calculated based on the unit cost of polymer per pound and the measured usage in pounds of polymer per million gallon treated.

Formula – Polymer Dosage (mg/l) X 8.34 X Unit Cost in \$/lb X Million Gallons Treated = \$/ year

- 4.3 The City will conduct a Pre-bid meeting and at this time will allow the Contractor to obtain up to 4 gallons of the water. This water will be from the location in the process where the polymer will be injected and will be used for their independent testing to determine the polymer which best meets the City specifications. The Contractors shall bring their own containers. **The City will only allow collection of sample water during the Pre-Bid meeting and will not ship samples to Contractors.**
- 4.4 The City will jar test all bid polymer samples in accordance with Attachment A. The control jar will be the City's current polymer, Clarifloc 6237 at the typical dose of 1.5 mg/l to 2.0 mg/l (depending on the turbidity of the water where the polymer will be dosed at the time of jar testing). The dose of the bid polymer will be adjusted up or down until the turbidity is equal or better than the City's current polymer. This is the dose that will be used for the cost per year of polymer.
