## Additional Backup Information:

Chapter 26 of the Texas Parks and Wildlife Code provides that the use of parkland for non-park purposes may be approved upon a finding that there is no feasible and prudent alternative to

the use of this land.

The Watershed Protection Department proposes the vacation of 29,323 sq. ft. of Sunset Lane Right-of-Way (ROW), between Little Stacy Park and Blunn Creek and 922 sq. ft. of Eastside Drive ROW near its intersection with Sunset Lane. The vacation of the existing ROW will result in the construction of a 10' pedestrian and bike trail. As a result of this street vacation, the Development Services Department is requiring that 273 sq. ft. of Little Stacy Park be dedicated as ROW in order to maintain a proper width on Sunset Lane, where it intersects at Eastside Drive. No mitigation is required due to the net increase in parkland.

There is no feasible and prudent alternative to the change of use of the dedicated parkland which includes all reasonable planning to minimize harm to such lands. The dates of public hearing notification in the Austin American-Statesman are April 1st, 8th, and 15th, 2018.
