

The City of Austin sign ordinance (§ 25-10-103) includes campaign signs.

As a courtesy, if a complaint is received, the Austin Code Department will contact the candidate **one time** reminding them of the sign ordinance. Candidates will have **24 hours to remove the sign**. If additional complaints are received, notification will not be given.

Campaign signs **cannot** be placed in the median, at intersection corners, on traffic islands, attached to utility poles, traffic sign poles, or on Public property.

Austin Code will **collect** and **dispose** of all signs that are not removed **within 24 hours**.
