---

**Additional Backup Information:**

The purpose of this RCA is to request that Council approve on third reading an ordinance granting the renewal of a franchise to American Medical Response of Texas, Inc. for non-emergency transfer services.

American Medical Response of Texas, Inc. has held a non-emergency transfer franchise with the City of Austin since 1996. The franchise will expire on June 24, 2018. American Medical Response is requesting a renewal of the franchise for a five year term.

In order for a private ambulance company to provide non-emergency medical transfer service with the limits of the City of Austin, the provider must hold a franchise from the City. Non-emergency transfers typically occur between skilled nursing facilities and hospitals and are usually prescheduled by medical personnel. Currently, two companies hold non-emergency transfer franchises in Austin. American Medical Response of Texas, Inc. (AMR) and Acadian Ambulance Services, Inc. (Acadian).

Staff analysis of AMR's franchise renewal application has been complete with satisfactory findings. The analysis included a review of the applicant's operations, and performance ratings as a current franchise provider in Austin. The Austin-Travis County Emergency Medical Services Advisory Board unanimously recommended the approval of the franchise renewal for five years; their recommendation is attached, along with a memorandum outlining staff findings.
