Explanation of research into relatives of Will Holland (in lieu of **Letter of Agreement**)
As per email from Michael Gaudini, Policy Advisor for Council Member Pool, 4/5/18

I searched through as many official records as I could find for information on William Holland. It appears that he and his wife Eliza had two daughters, Byrd J. Machida and Willie H. Johnson. The last reference I've been able to find of them is one from 1935 that indicated that Machida lived at that time in San Antonio, TX and Willie H. Johnson lived in Los Angeles, CA. I have been unable to locate any further or more recent documents or records on these two women.
