PROJECT NAME: Stateside Theatre Exterior North Wall Stucco Rehabilitation Project
DESCRIPTION OF PROJECT – PLEASE SUMMARIZE THE PROPOSED PROJECT. (IF DESIRED,

APPLICANT MAY ALSO ATTACH AN ADDITIONAL SHEET MORE FULLY EXPLAINING THE PROJECT AND THE REASON FOR THE GRANT REQUEST.)

Constructed on the site of the old Avenue Hotel, the Stateside Theatre is a classic Art Deco building. The first venue dedicated entirely to showing motion pictures in Austin, the theatre opened on Christmas Day 1935 with

venue dedicated entirely to showing motion pictures in Austin, the theatre opened on Christmas Day 1935 with a screening of *The Bride Comes Home*, starring Claudette Colbert and Fred MacMurray. Since then, the Stateside has undergone a series of major restorations, most recently after a city water main burst and ruined the theatre's basement and stage. Since reopening the theatre's doors to the public in 2015, the Austin Theatre Alliance – with generous support from Visit Austin and our other preservation partners – has continued to invest in major preservation projects to the building's exterior. Together, we replaced the theatre's roof, restored its magnificent neon blade, rehabilitated its marquee, restored its stucco and tile façade, and restored the original black and white glass tile at the ground level. Finally, in a major historic preservation gift recently

secured by the ATA, we have received gap funding to complete the major project surrounding the doors and windows that make up the Stateside Theatre's Congress Avenue face for which we applied to Visit Austin in the spring of 2017.

This spring, we turn our attention to one of the final elements that will ensure the long-term aesthetic quality and structural integrity of the exterior of the Stateside Theatre – the stucco on the theatre's north wall. Following is the full scope of work.

#### Stucco Removal & Investigation:

The selected contractor will conduct comprehensive testing and removal of all loose, hollow, blistering and flaking stucco with special care taken to preserve the original masonry substrate. All repair and replacement will include and limit any non-visible existing conditions. Thorough cleaning of all surfaces is included in the scope to prepare surfaces for new stucco adhesion. An exhaustive evaluation at this stage of work will be carried out by the selected contractor and areas needing more attention will be noted and attended to.

#### Stucco:

Holes, cracks and hollows will be primed and filled with cementitious stucco to create a sound and level surface throughout. In areas where larger than hairline cracks exist, a fiberglass mesh will be completely embedded in a primer/adhesive base coat. This step will not be done in areas that are originally found to be sound and with only superficial hairline cracking. A stucco acrylic stock color finish coat will provide a final water-resistant surface to all surfaces listed in the scope of work. The proprietary stucco finish material will be "Sto # 306" with the stock color to be selected by Austin Theatre Alliance and carefully matched to the original historic color.

#### Scaffolding & Setup:

Scaffolding will be erected and deck protection will be installed where necessary for the work described above. Scaffolding and deck protection will be removed upon completion of project.

#### Debris Disposal:

There will be a daily cleanup of debris and a clean workplace will be maintained throughout the duration of the project. Contractor will dispose of all debris.

#### Permits:

All methods will be compliant with OSHA and the City of Austin. All permits will be obtained by the contractor.

PLEASE LIST HISTORIC DESIGNATIONS OF THE PROPERTY, AND IF LOCATED WITHIN A NATIONAL REGISTER OR LOCAL HISTORIC DISTRICT (PLEASE SPECIFY WHICH DISTRICT), AND IF THE PROPERTY IS CONTRIBUTING:

The Stateside Theatre is a contributing structure to the Congress Avenue National Historic District.

AMOUNT OF FUNDING REQUESTED: \_\_\_\_\$59,000\_\_\_\_\_\_\_

AMOUNT OF MATCH OR VALUE OF IN-KIND MATCH: \_\_\_\_\$134,000\_\_\_\_\_\_

DO LIENS EXIST AGAINST THE HISTORIC PROPERTY? ( ) YES (x) NO

IF YES, DESCRIBE THE LIENS AND AMOUNTS: \_\_\_\_\_\_

(OWNER OR AUTHORIZED AGENT, AND TENANT IF APPLICABLE)

#### **REQUIRED ATTACHMENTS:**

- 1) <u>TOURISM JUSTIFICATION</u>: Include substantiation of contribution to the tourism industry in Austin (i.e., annual summary of out of town visitation, copies of promotional material, list of promotional activities, hours of operations, tours provided, etc.).
- 2) <u>HISTORIC DOCUMENTATION</u>: Historic photograph(s) or other documentation (especially those showing the elevation(s) of the historic property where restoration, alterations, changes, and/or improvements are planned).
- 3) CERTIFICATE OF APPROPRIATENESS FOR CITY DESIGNATED LANDMARKS AND LETTER OF APPROVAL FOR STATE DESIGNATED LANDMARKS: Proof of approval for historic property alterations, if required. NOTE: If an approval is required, the Preservation Agreement with ACVB will not be executed until such documentation has been issued and provided to ACVB.
- 4) <u>PROJECT BUDGET</u>: Applicant must include a budget, specifying the major components of the restoration/preservation project with associated costs. Also <u>include evidence</u> of other sources of funding, i.e. your own or others' match, and the corresponding work to be performed with these funds.
- 5) <u>THREE COMPETITIVE BIDS</u> for the proposed work (in excess of \$5,000) must accompany the application.
- 6) <u>PROJECT SCHEDULE</u>: Phasing schedule and amount of funding required for each phase, if applicable.
- 7) PROOF OF OWNERSHIP/LEASE/AUTHORIZATION: Copy of the Deed or Will (if applicant is the owner) or documentation showing authorization from owner and any existing lease between owner and applicant.
- 8) <u>INSURANCE</u>: Proof of casualty, fire and federal flood insurance, if applicable.
- 9) PLANS AND SPECIFICATIONS OF PROPOSED WORK.
- 10) INCOMPLETE APPLICATIONS WILL NOT BE ACCEPTED.

#### ATTACHMENTS - STATESIDE EXTERIOR NORTH WALL STUCCO REHABILITATION PROJECT

#### 1. Tourism Justification

Each year, more than 200,000 people pass through the doors of the Paramount & Stateside Theatres to take in a live performing arts event or film. Approximately 20% of our patrons come from outside the City of Austin, including patrons of our own Moontower Comedy Festival, 30% of whom travel to Austin for the festival. The Paramount & Stateside Theatres are also principal venues for the SXSW Film Festival, which attracts visitors from every corner of the globe. The theatres are open to the public for approximately 300 events on more than 200 nights per year, making it easy for out-of-town visitors to plan a trip around taking in a show or film.

To promote our events, we market to broad constituencies through local, state, and national media outlets. Locally, we market shows in the Austin-American Statesman and the Austin Chronicle, on KUT & KUTX, and in local publications in Bastrop, Cedar Park, Lake Travis, Leander, Pflugerville, Round Rock, and West Texas. At the state and national level, press highlights for Moontower include The New York Times, USA Today, The Huffington Post, Esquire, Comedy Central, SiriusXM, The Houston Press, The Dallas Morning News, and more. For specific events, we outreach to the Latino-Hispanic, African American and to the LGBT communities via other media outlets. We maintain partnerships with downtown businesses and restaurants via our Paramount Club, providing marketing for our partners through special offers in conjunction with shows at the theatre.

The Moontower Comedy Festival embarks on its seventh year in April. Esquire Magazine states, "As the Art Form Surges, Moontower Could Become the Country's Biggest Comedy Fest." With national recognition of Moontower coming from print, electronic and digital media outlets, this event is increasingly attracting an audience from all over the nation. During the 2017 festival, we had attendees from 22+ states and several foreign countries including Canada, France, and the UK. We sold more tickets, used more hotel rooms, and had greater economic impact on Downtown Austin than ever before; we are on track to do the same next month with Moontower 2018.

As cornerstones in Austin's arts community, we are economic drivers for the downtown area. In addition to ticket revenue, we estimate that our patrons (particularly those from outside of Austin) spend \$2 at other downtown establishments for every dollar they spend at our theatres. For Moontower Festival, 30% of attendees are from out of Austin, and our annual Austin Marathon 5k and film festivals also bring in attendees from around the region, state and world.

We are able to make arrangements for tours of the Paramount & Stateside Theatres, where guests and donors have the opportunity to hear about the role these two Austin landmarks have played in the history of our great city. The Stateside Theatre is located in the Congress Avenue National Register District and was the first theatre in Austin designed specifically to show motion pictures, with tours capturing more than 80 years of rich history for visitors.

#### 2. HISTORIC DOCUMENTATION

Stateside Theatre north wall stucco seen from across the street

Stateside Theatre façade at night

Significant flaking, blistering, and general deterioration of stucco. All problem areas to be fully removed and replaced with an approved and much more durable stucco.

All of these areas are clearly visible from the street and their repair will dramatically enhance the aesthetic integrity of the Stateside's exterior. Repair will also improve building waterproofing and reduce energy consumption.

#### 3. CERTIFICATE OF APPROPRIATENESS

NA – Because the Stateside Theatre is not listed on the National Register of Historic Places and is not a City of Austin or State Historic Landmark, it does not require a Certificate of Appropriateness from the Historic Landmark Commission. However, we will ensure that all restoration and rehabilitation is historically accurate/appropriate.

#### 4. PROJECT BUDGET

#### **Stateside Rehabilitation Project - 2018**

#### **REVENUE**

Total	\$ 193,000.00
Other Grants	\$ 84,000.00
Individual Donations	\$ 50,000.00
Visit Austin (Pending this request)	\$ 59,000.00

#### **EXPENSES**

Scope of work - all materials and labor Stucco removal and investigation Stucco Debris disposal Scaffolding Permits

Turnkey Price for Entire Project \$ 193,000.00

#### 5. THREE COMPETITIVE BIDS

We have attached two competitive bids obtained from contractors. The reason we have only solicited two instead of the usual three is that these are contractors with whom we have worked closely for a number of years and who have continually delivered excellent results on time and usually under projected cost. With the highly specialized, delicate work being performed on our historic building, we need to fully trust the contractors and subcontractors we employ.

#### 6. PROJECT SCHEDULE

All elements of the project will take place beginning in June 2019 and will be completed in August 2019.

Payment schedule – to be determined with selected contractor prior to start of work under these guidelines:

Scheduled payments are due in full within ten (10) working days of the presentation of the draw requests. Payments made after the ten (10) working day period will be considered a late payment and

will be assessed a six (6%) late fee. Any payments not made within thirty (30) days of their presentation will be assessed the ten (10%) late fee.

#### 7. Proof of Ownership

Please reference lease document on file at Visit Austin. If you would like a new copy of the lease, let us know and we will forward one to the Visit Austin office.

#### 8. PROOF OF INSURANCE

See the attached proof of insurance at the end of this application.

#### 9. PLANS AND SPECIFICATIONS OF PROPOSED WORK

NA – Because the <u>Stateside Exterior North Wall Stucco</u> is a repair job, it does not require formal architectural or engineering plans.

#### **RADNEY FOSTER** SYCAMORE CREEK ALBUM & BOOK RELEASE

THURSDAY, SEPTEMBER 28, 8:OOPM

The position that Radney Foster enjoys in the country music landscape is remarkable. Mainstream country music and independent Americana tend to occupy separate orbits. Yet for 30 years Foster has thrived in both as a songwriter, recording artist, live performer and producer. His songs-solo, with Foster and Lloyd and recorded by other artists—have topped the country, Americana, and AAA charts alike. At the same time, he's earned the espect of his peers and a devoted audience as intent on listening as they are eager to dance. He premieres a new CD and book at this very special show.

#### LILA DOWNS

WEDNESDAY, OCTOBER 4, 8:OOPM

One of the world's most singular voices, Lila Downs' poignant storytelling transcends all language barriers. Raised in Minnesota and Oaxaca, this global superstar's exquisite artistry bridges traditions from across the Americas, with influences ranging from the folk and ranchera music of Mexico and South America to North American folk, jazz, blues, and hip-hop. As a passionate human-rights activist, Lila's lyrics often highlight issues relating to social justice, sharing stories that too often go untold. Lila has graced the stages of many of the world's most prestigious venues including the Lincoln Center, Carnegie Hall, the Hollywood Bowl, and even the White House.

## DEL MCCOURY BAND FRIDAY, OCTOBER 20, 8:00PM

For more than fifty years, Del McCoury's music has defined authenticity for hardcore bluegrass fans as well as a growing number of fans only vaguely familiar with the genre. McCoury is something special, a living link to the days when bluegrass was made only in hillbilly honky tonks, schoolhouse shows, and the Grand Ole Opry. He got his first taste of the limelight when he joined Bill Monroe's Blue Grass Boys in early 1963; the Father of Bluegrass moved McCoury from the banjo to guitar, made him his lead singer, and gave him a lifetime's worth of bluegrass tutelage direct from the source. Del might be 76, but he's singing better than ever and shows no signs of slowing down.

#### Participate in the conversation!

Email your questions for our panelists to: info@austintheatre.org

The Paramount Theatre and Preservation Austin present a screening of the awardwinning documentary Citizen Jane: Battle for the City followed by a panel discussion featuring experts from the fields of historic preservation, and urban planning. Some say that Jane Jacobs, subject of the documentary, single-handedly saved the soul of New York City in the 1960s. Jane Jacob's influential book The Death and Life of Great American Cities shook the foundation of 1950s and 60s modernist architecture and planning, and her activism in Greenwich Village, SoHo, and Little Italy protected some of New York City's most iconic neighborhoods from destruction. After the film, we'll discuss Austin's present-day growth and redevelopment within the context of Jacobs' work, as our community strives to reach a consensus over what the city should look like - and how it should function - going forward.

And after you see the film, join Preservation Austin and the Congress for the New Urbanism Central Texas Chapter for a special Congress Avenue Jane's Walk on Sunday January 28th! Led by CNU-CTX Board Member Greg Kloh, Redevelopment Project Manager for the City of Austin, we'll explore the Main Street of Texas through the lens of the life and work of Jane Jacobs, icon to preservationists and urbanists alike. Space is limited. Learn more about the event and RSVP to Lindsey Derrington at programs@noservationnsists, or

# SCHAUBHUT CONSTRUCTION

1419 Tuffit Austin, TX 78753

# **PROPOSAL**

Submitted to:
Austin Theatre Alliance
PO Box 1566
Austin, TX 78767

Location:

STATE THEATRE 719 Congress Avenue Austin, TX 78701

Attention:

Jonathan Humphrey Facilities Director

**Project:** 

**Exterior North Wall Stucco** 

Date:

March 15, 2018

#### SCOPE:

#### Stucco Removal & Investigation:

Comprehensive testing and removal of all loose, hollow, blistering and flaking stucco with special care taken to preserve the original masonry substrate. All repair and replacement to include and limit any non-visible exiting conditions. Thorough cleaning of all surfaces is included in the scope to prepare surfaces for new stucco adhesion. An exhaustive evaluation of this stage of work will be carried out by Schaubhut Construction and areas needing more attention will be noted and attended to.

#### Stucco:

Holes, cracks and hollows to be primed and filled with cementitious stucco to create a sound and level surface throughout. In areas where larger than hairline cracks exist, a fiberglass mesh will be completely embedded in a primer/adhesive base coat. This step will not be done in areas that are originally found to be sound and with only superficial hairline cracking. A stucco acrylic stock color finish coat will provide a final water-resistant surface to all surfaces listed in the scope of work. The proprietary stucco finish material to be "Sto # 306 with the stock color to be selected by Austin Theatre Alliance."

#### Scaffolding & Setup:

Scaffolding will be erected and deck protection will be installed where necessary for the work described above. Scaffolding and deck protection will be removed upon completion of project.

#### Debris Disposal:

There will be a daily cleanup of debris and a clean workplace will be maintained throughout the duration of the project. Contractor will dispose of all debris.

#### Permits:

All methods will be compliant with OSHA and the City of Austin. All permits will be obtained by the contractor.

Any deficiencies or corrections will be noted by the Client's Representative and provided to the Contractor in writing. A second walk through inspection will be requested to inspect the corrections previously noted. The work of the agreement will be considered complete at the time the corrections of the initial walk through inspection are completed to the reasonable satisfaction of the Client's Representative.

Scheduled payments are due in full within ten (10) working days of the presentation of the draw requests.

All work to be of a standard of quality equal to or better than industry standards.

Alterations or deviations from the above scope of work and specifications may be accomplished after execution of a Change Order addendum to the CONTRACT without invalidating the CONTRACT. Change Orders will be executed only upon a mutually agreed written signed agreement. Additional requirements, historical review and or approval processes will constitute a change to the Scope of The Work and would require a Change Order Agreement.

This proposal may be withdrawn by Schaubhut Construction if not accepted within thirty (30) days of the date of this proposal.

Proposal Estimate: Two Hundred and Two Thousand Dollars. (\$202,000.00)

March 18, 2018 Proposal

#### **Submitted to:**

Austin Theatre Alliance Jonathan B. Humphrey, Facilities Director 713 Congress Avenue Austin, Texas 78701

#### **Project**:

State Theater Exterior North Wall Stucco. Remove deteriorating stucco, re-stucco and seal north exterior wall at the State Theatre 719 N. Congress Ave. Austin TX 78701. Repair and restore areas to be identified and confirmed by ATA.

#### **Location**:

STATE THEATER 719 Congress Avenue Austin, Texas 78701

#### **Estimate Proposal:**

SDC Project Management and Consulting LLC, will deliver and install, supervise, provide material and labor to repair and re-stucco the State Theatre exterior north wall masonry façade. Proposal Estimate: \$193,00.00

#### Scope:

#### Stucco Removal & Investigation:

Comprehensive testing and removal of all loose, hollow, blistering and flaking stucco with special care taken to preserve the original masonry substrate. All repair and replacement to include and limit any non-visible exiting conditions. Thorough cleaning of all surfaces is included in the scope to prepare surfaces for new stucco adhesion. An exhaustive evaluation of this stage of work will be carried out by SDC PM & Consulting and areas needing more attention will be noted and attended to.

#### Stucco:

Holes, cracks and hollows to be primed and filled with cementitious stucco to create a sound and level surface throughout. In areas where larger than hairline cracks exist, a fiberglass mesh will be completely embedded in a primer/adhesive base coat. This step will not be done in areas that are originally found to be sound and with only superficial hairline cracking. A stucco acrylic stock color finish coat will provide a final water-resistant surface to all surfaces listed in the scope of work. The proprietary stucco finish material to be "Sto # 306 with the stock color to be selected by Austin Theatre Alliance.

#### Scaffolding & Setup:

Scaffolding will be erected and deck protection will be installed where necessary for the work described above. Scaffolding and deck protection will be removed upon completion of project.

#### Debris Disposal:

There will be a daily cleanup of debris and a clean workplace will be maintained throughout the duration of the project. Contractor will dispose of all debris.

#### Permits:

All methods will be compliant with OSHA and the City of Austin. All permits will be obtained by the contractor.

Upon written request by the Contractor at the time the contractor represents that all work has been completed the client will perform a walk through inspection of the work. Any deficiencies or corrections will be noted at this time by the client representative and provided to the contractor in writing. A second walk through inspection will be requested to inspect the corrections previously noted. The work of the agreement will be considered complete at the time the corrections of the initial walk through inspection are completed to the reasonable satisfaction of the client representative.

Scheduled payments are due in full within ten (10) working days of the presentation of the draw requests. Payments made after the ten (10) working day period will be considered a late payment and will be assessed a six (6%) late fee. Any payments not made within thirty (30) days of their presentation will be assessed the ten (10%) late fee Alterations or deviations from the above scope of work and specifications may be accomplished after execution of a Change Order addendum to the CONTRACT without invalidating the CONTRACT. Change Orders will be executed only upon a mutually agreed written signed agreement. Additional requirements, substrate repairs, historical review and or approval processes will constitute a change to the Scope of the Work and would require a Change Order Agreement. This proposal may be withdrawn by SDC-Project Management and Consulting LLC, if not accepted within thirty (30) days of the date of this proposal.
