Provide opportunities for lower income residents of the State of Texas to live in decent and safe housing that they can afford located in communities of which they can be proud.

The Texas Housing Foundation was created to provide a tool to create, develop, administer, manage, and provide services to affordable housing projects through related business entities and for the residents and communities in which they are located. Through 2013, over \$140MM financed to develop over 1400 units.

We envision communities in which families and individuals, senior citizens and children, independent and interdependent citizens, live and grow in homes and neighborhoods that are comfortable and valuable. We have developed and/or manage 1400+ units of affordable housing.

THF is governed by a 4-member board of directors appointed by the County Commissioners of each participating county; as well as an appointed Resident Commissioner. Currently Blanco, Burnet and Llano Counties participate within the organizational structure of the Texas Housing Foundation.

The Related Companies

In 1972, Stephen Ross founded Related Companies, known then as Related Housing Companies. Today Related is a fully integrated, highly diversified industry leader with expertise in virtually every aspect of development, acquisitions, management, finance, marketing and sales. During the 1970s, Related took the lead in financing and developing government assisted multi-family housing for long-term investment. It was a unique concept at the time and still is today. Related soon became the leading financier and developer of affordable housing in the country. The 1980s also brought about a name change in recognition of the company's new capabilities and expanded services, and the newly named Related Companies opened offices in Miami and Los Angeles to take advantage of opportunities around the country. In 2008, Related was selected to develop Hudson Yards, a new 28-acre neighborhood on the west side of New York City, and was tapped by Deutsche Bank to complete construction on the \$4 billion Cosmopolitan Development in Las Vegas. By 2010, the company had launched a fund management platform to administer equity capital on behalf of sovereign wealth funds, public pension plans, multi-managers, endowments, Taft Hartley plans and family offices. Focusing on distressed real estate opportunities, origination and acquisition of construction loans, and multi-family housing opportunities, the platform attracted \$1.5 billion in outside investment capital. Today, Related owns and operates a premier portfolio of high quality assets valued at over \$30 billion. With offices in Boston, Chicago, Los Angeles, San Francisco, South Florida, Washington, D.C., Abu Dhabi, London and Shanghai, Related manages an operating portfolio that includes luxury residential, affordable and workforce apartments, commercial, retail and mixed-use developments. Related's senior management team averages more than 20 years of experience in the industry and over 14 years with Related. The Related team's experience and the company's vast capital resources enable the firm to quickly and expertly execute on the most challenging and complex development and financing opportunities around the globe.
