

A Petition to the Historic Landmark Commission to Approve the Demolition of the Home at 1408 E 2nd St.

We, the undersigned homeowners and residents near 1408 E 2nd St., support the proposal to demolish the existing home in order to develop this property. We understand the historic nature of this home, but it has fallen into an irreparable state of disrepair after years of neglect. We are concerned that the structural integrity of the building has been compromised, and it represents a public safety risk (including for trespassers.) There has been a long history of squatting in this house which has been a major concern to our community, and has led to numerous 911 calls and all of the windows and doors being boarded up for the past several months.

We believe that this has been a public nuisance and blight in our community for far too long. We would all like to see this proposal approved so that the owner can improve our neighborhood by developing this property in a timely fashion.
