MEET ALBERT

Albert lost his health insurance when he lost his job. He needed surgery on his knees, so tried to enroll in a plan through the Marketplace. Unfortunately, his application was done incorrectly and left him without financial assistance. Then his plan was erroneously cancelled. That's when he came to Foundation Communities.

HOW WE HELPED

ENROLLED Albert in a plan
with tax credits that reduced
his monthly premium to
\$73.66/month.

EDUCATED Albert on his
insurance network and how
the subsidized plan he
selected would make his
surgery affordable.

ADVOCATED to restore Albert's
coverage with the right amount of
tax credits. Armed Albert with
questions to ask before his surgery
to avoid unexpected costs.

ALBERT SAYS

"This year I was very blessed and the service I received was outstanding. My questions were thoroughly answered. I am confident that with the help of Foundation Communities, my tax credits will be applied to my monthly premiums correctly and I will have the medical care I need."
