Additional Backup Information:

In 2008, the City entered into an interlocal agreement with the Texas Department of Transportation to participate in a “Scofflaw” program that involves withholding vehicle registration renewals on eligible delinquent cases in an effort to gain compliance with court orders. The current agreement was entered into in 2013. Eligible cases include delinquent traffic and red light camera cases. A file of eligible records is created from the Municipal Court’s

case management system (CMS) and sent to the Texas Department of Motor Vehicles (TxDMV). The cases are flagged in TxDMV's system to withhold renewal and then the hold is released when the case is resolved. Last year, 1,418 cases were flagged and 460 holds were released at a cost of about \$6,000. The Municipal Court estimates that \$88,716 in additional revenue was collected by the City as a result of this program.

The TxDMV, took over the responsibility of regulating vehicle ownership and registration from the Department of Transportation in November 2009. The TxDMV has requested a new interlocal agreement with the City to continue the City's participation in the program.
