

HISTORIC LANDMARK COMMISSION  
JUNE 25, 2018  
DEMOLITION AND RELOCATION PERMITS  
HDP-2018-0200  
911 E. 3<sup>RD</sup> STREET

## PROPOSAL

---

Demolish a ca. 1900 house.

## ARCHITECTURE

---

One-story, wing-and-gable plan frame house with board-and-batten siding, a partial-width independent porch; single original 4:4 fenestration, and replacement 1:1 fenestration, some of which appear to be of historic age.

## RESEARCH

---

The house appears to have been built around 1900; the first occupant was Thomas M. Lee, a fireman for the Austin Street Railway, who lived here until around 1906. Lee was the watchman on the bridge (presumably the Congress Avenue bridge) during construction of the new bridge, according to his 1910 obituary, which lists his address as 900 E. 7<sup>th</sup> Street.

From around 1908 until the mid-1920s, the house was a rental property with a variety of Anglo and Hispanic tenants, including a yardman for Calcasieu Lumber Company, a carpenter, and a Hispanic laborer. Around 1925, the house was rented by Rudolph Ledesma, a barber on E. 6<sup>th</sup> Street. He lived here until around 1930, when he moved to 603 Medina Street. Dovie Scott, a Tennessee-born widow, rented the house from around 1930 until her death in 1948. She had previously lived around the corner on San Marcos Street in a house that is no longer standing. She did not have an occupation listed in the city directories, but she had 2 sons living with her, both employed. One of her sons, Thomas Alexander, who worked as a mailer for the Austin American-Statesman, rented the house after Dovie's death and was the longest-term tenant, living here in the late 1940s, and then again from the 1960s through the 1980s.

## STAFF COMMENTS

---

The house was not recommended for individual designation nor as a contributing building within a local or National Register historic district, but staff believes that it would be contributing to a potential historic district along E. 3<sup>rd</sup> Street from the freeway east a couple of blocks and perhaps incorporating a portion of E. 2<sup>nd</sup> Street, and may also meet the criteria for individual designation.

Staff has evaluated this house for designation as a historic landmark and has determined that the house may meet the criteria for landmark designation as set forth in City Code:

- a. **Architecture.** The house is a ca. 1900 wing-and-gable frame house with board-and-batten siding. Although the windows have been replaced, there is one original 4:4 window remaining in the house, which could serve as a model for a restoration and rehabilitation project on this house. Early wing-and-gable houses are becoming increasingly rare in Austin, and every consideration should be given to preserving and restoring this house, especially where the form is so intact.
- b. **Historical association.** The house does not have a significant history, as it appears that it was a rental property for almost all of its existence; however, the house could have significance as an example of working-class rental properties in East Austin.

- c. **Archaeology.** The house was not evaluated for its potential to yield significant data concerning the human history or prehistory of the region.
- d. **Community value.** The house does not possess a unique location, physical characteristic, or significant feature that contributes to the character, image, or cultural identity of the city, the neighborhood, or a particular demographic group.
- e. **Landscape feature.** The property is not a significant natural or designed landscape with artistic, aesthetic, cultural, or historical value to the city.

#### **STAFF RECOMMENDATION**

---

Initiate historic zoning. If the Commission decides to release the demolition permit, then staff recommends relocation over demolition, and completion of a City of Austin Documentation Package, consisting of photographs of all elevations, a dimensioned sketch plan, and a narrative history, for archiving at the Austin History Center.
