

MEMORANDUM

TO: Zoning and Platting Commission Members

FROM: Sherri Sirwaitis
Planning and Zoning Department

DATE: September 25, 2018

RE: C14-2018-0092 (11900 Buckner Road) Postponement Request

The staff would like to request a postponement of the above mentioned case to October 16, 2018. The staff is asking for this postponement because the applicant recently amended their request to increase the proposed rezoning area. This case will be re-noticed before it comes back to the Commission for a public hearing.

The postponement request was made in a timely manner and meets the Zoning and Platting Commission's policy.
