☐ I object with this street name change

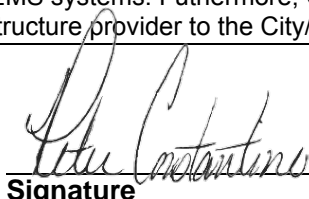

**COMMENTS:**

AFD Communications does not object to the changing of the street name. However, it needs to be noted, changing the name will create breaks in historical data regarding referencing information from the AFD Computer Aided Dispatch system. This will also affect APD, TCSO, and EMS systems. Furthermore, CAPCOG (911) should be included in the approval process as the primary 911 infrastructure provider to the City/County.
